NATIONAL STOCK YARDS LIVESTOCK MARKET-FRIDAY-MAY 31, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:00 P.M)

CATTLE: TODAY'S ESTIMATED CATTLE RECEIPTS WERE 2,200 AS COMPARED WITH 753 LAST FRIDAY AND 612 THIS DAY LAST YEAR. THE CURRENT RUN, WHILE SEEMINGLY LARGE, REPRESENTED THE ACCUMULATION OF TWO DAY'S LOADINGS AND, MOREOVER, INCLUDED A GENEROUS NUMBER ON THROUGH BILLING AS WELL AS DIRECTS TO LOCAL KILLERS.

WITH THE EXCEPTION OF GOOD AND CHOICE VEALERS SLUMPING 25¢, THE GENERAL TRADE LOOKED LIKE A STEADY DEAL, ALTHOUGH COWS, WHICH MOVED ACTIVELY, WERE CALLED STRONG IN SPOTS. THERE WERE NOT ENOUGH STEERS TO MAKE A MARKET, ONE LOAD OF 828-LB. YEARLINGS AT $13.90 BEING THE ONLY ITEM ON THE LIST WORTHY OF MENTION. THE PRINCIPAL DEALS IN THE MIXED YEARLING AND HEIFER CLASS WERE ONE SMALL LOT OF 644-LB. HEIFERS WHICH LANDED THE DAY'S TOP, $13.90, A LOAD OF 725-LB. HEIFERS AT $13.85 AND TWO LOADS OF MIXED STEERS AND HEIFERS AT $13.75 AND $13.80. MEDIUM FLESHED KINDS, ALL IN SMALL LOTS, BROUGHT $12.00 TO $13.00. FEW, IF ANY, COWS WERE SUFFICIENTLY FAT TO GO BETTER THAN $11.00, WHILE BULK OF MATRONS SCORED $8.75 TO $10.75, WITH LOW CUTTERS LARGELY $6.00 TO $6.75. MEDIUM BULLS CONTINUED IN GOOD REQUEST, THE BEST ON HAND COMMANDING $9.75. GOOD AND CHOICE VEALERS WERE SPLIT BETWEEN SHIPPER AND LOCAL KILLER ACCOUNTS, THE RUN OF THE YARDS MAKING $13.50, WHICH IS 25¢ UNDER LAST WEDNESDAY AND STEADY WITH A WEEK AGO.

HOGS: THE POST-HOLIDAY TRADE IN THE HOG DIVISION WAS A FAIRLY ACTIVE AFFAIR ON EARLY ROUNDS AT PRICES MOSTLY 10¢ ABOVE WEDNESDAY'S AVERAGE, WITH SPOTS UP MORE ON WEIGHT AVERAGES ABOVE 220-LBS. A SUBSEQUENT LULL FOLLOWED, HOWEVER, AFTER MOST OF THE OUTSIDE AND LOCAL BUTCHER ORDERS HAD BEEN FILLED AND WHEN TRADING WAS AGAIN RESUMED THE GENERAL GOING WAS ON A BASIS WITH A PART OF THE EARLY ADVANCE LOST. A FEW LOADS OF LATE ARRIVALS FOUND A STILL NARROWER DEMAND; THESE CLOSING ABOUT IN LINE WITH THE AVERAGE TRADE OF WEDNESDAY. THERE WAS A GOOD ACTIVE TRADE ON PIGS AND LIGHT LIGHTS WHICH CONTINUED AS LONG AS THE SUPPLY LASTED AT STRONG TO 25¢ HIGHER TERMS, WHILE PACKING SOWS WERE STEADY TO 10¢ HIGHER THAN WEDNESDAY. RECEIPTS WERE ESTIMATED AT 16,500, INCLUDING 3,500 BILLED THROUGH AND DIRECT, COMPARED WITH 10,769 LAST FRIDAY, AND A TOTAL OF 15,759 THE SAME DAY A YEAR AGO.

THE EARLY BULK OF 160 TO 225-LB. AVERAGES WAS $10.90 TO $11.00, WITH THE EARLY TOP $11.05 PAID FOR A LOAD OF CHOICE 190-LB. WEIGHTS. ON LATER ROUNDS MOST OF THESE WEIGHTS WERE FOUND AT $10.90 TO $10.95, SOME AT THE EXTREME CLOSE DOWN TO $10.85. WEIGHTIER MATERIAL AVERAGING 230 TO 270-LBS. TURNED LARGELY AT $10.75 TO $10.85, WITH HEAVIER DESCRIPTIONS ALMOST ENTIRELY ABSENT. LIGHT LIGHTS AVERAGING 130 TO 150-LBS. WENT CHIEFLY AT $10.50 TO $10.75, WHILE 90 TO 130-LB. PIGS CLEARED AT $9.75 TO $10.50. THE BULK OF THE PACKING SOWS TURNED AT $9.40 TO $9.50, MOSTLY $9.50, WITH A FEW SORTED INDIVIDUALS UPWARD TO $9.60.

SHEEP: SHEEP WERE ESTIMATED AT 1,500 TODAY, COMPARED WITH ACTUAL RECEIPTS OF 672 LAST FRIDAY, AND 1,387 THE CORRESPONDING DAY LAST YEAR.

THERE WAS SOME UNEVENNESS TO THE TRADE IN THE SHEEP HOUSE, PRICES ON SPRING LAMBS RULING STEADY TO WEAK, WHILE MORE MATURED OFFERINGS WERE ANYWHERE FROM STEADY TO 25¢ LOWER. CULL LAMBS AND SHEEP REGISTERED NO NOTICEABLE CHANGES.

MOST OF THE GOOD SPRING LAMBS SOLD TO PACKERS AT $15.00, SOME A LITTLE LACKING IN FINISH AT $14.75. A FEW SMALL LOTS OF CHOICE SORTED LAMBS CASHED AT $15.50, AND ONE LOT, COMPRISING 41 HEAD OF SPECIALTIES, AVERAGING 75-LBS. MOVED AT $16.25. CULL SPRINGERS WENT LARGELY AT $11.00. TWO DECKS OF GOOD TO CHOICE SHORN LAMBS WENT TO PACKERS AT $12.25, A DECK OF MEDIUM MATERIAL AT $11.25, WITH CULLS AROUND $8.00 TO $9.00. FAT EWES TURNED AT $5.00 TO $6.00 IN LIMITED NUMBERS, WITH CULLS DOWNWARD TO $2.50 OR BELOW.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JUNE 1, 1929.

(Based on Market Conditions and Sales Reported up to 10:30 A.M.)

CATTLE: Cattle receipts for the week concluded June 1 approximated 9,200, as against 12,175 last week and 13,518 for the corresponding time in 1928.

Light receipts for the last week in May forced a higher level on all killing classes, vealers being the lone exception. Steers, mixed yearlings, heifers and better grade cows ruled 25 to 40¢ higher than the close of last week, while other cows, all cutters and bulls advanced 25¢. Vealers held steady. Stocker and feeder steers were discounted 25¢, while feeding cows and heifers registered no essential change.

Tops for week: 964-lb. yearlings $14.60; 1425-lb. matured steers $14.40; 600-lb. heifers $14.35; 722-lb. mixed yearlings $14.10. Bulks for week: Steers $12.50 to $14.20; fat mixed yearlings and heifers $13.00 to $14.00; medium fleshed descriptions $12.00 to $12.75; cows $8.75 to $10.75; low cutters $6.00 to $6.75.

Top medium bulls registered $9.75 daily, while the closing vealers price of $13.50 was identical with that of the close of one week ago.

HOGS: Under a good demand from all interests the hog market today got away to an early start and ruled fairly active at generally steady prices compared with Wednesday's average. Some exception to this was in the case of pigs and light lights which were scarce, but the demand was narrow and this end of the trade ruled unevenly steady to 25¢ lower. No particular change was registered on packing sows. Compared with the close of last week, the market is mostly 25 to 35¢ lower, with/ pigs on about a steady basis.

Estimated receipts were 5000 today, including 1500 through and direct, compared with actual receipts of 3242 last Saturday and 3733 the same day last year. For the week, receipts approximate 66,000 compared with 78,996 for the previous week and 79,171 same period a year ago.

Most of the 160 to 225-lb. averages went at $10.90 to $10.95, while the top on light hogs was $11.00, several loads at the price. A narrow spread of $10.75 to $10.85 took in the majority of the 230 to 270-lb. weights with one load of 329-lb. butchers at $10.55. On 130 to 150-lb. kinds the $10.25 to $10.50 terms were popular, some up to $10.75, while pigs below 130 pounds went at $9.75 to $10.50. Bulk of the packing sows cleared at $9.40 to $9.50.

SHEEP: Receipts of sheep and lambs this week totaled approximately 11,000 compared with actual receipts of 9643 last week and 13,841 same week a year ago.

Trends were uneven in sheep house trade this week but in general all prices except those of fat ewes were reduced substantially. The only feature of the week's trade was the arrival of several sizable lots of spring lambs that had been closely sorted and graded in the country and sold at specialty prices. Compared with the close of last week, spring lambs are closing 50 to 75¢ lower, clipped lambs 50¢ to $1.00, mostly 75¢ lower; sheep being unchanged. Not enough yearlings were offered to quote but prices were reduced in line with those of old-crop lambs.

Practical top on spring lambs this week was $16.00 though a few lots of specialties sold up to $16.25, 41 head selling at this price on Friday. Bulk of good lambs sold at the close around $15.00 with less finished material at $14.75. A few choice sorted lambs earned $15.50. Culls were removed mostly at $11.00. Best clipped lambs realized $12.75 early in the week, a few decks of good to choice grade selling at the close at $12.25, a deck of medium grade at $11.25 and culls $8.00 to $9.00. Most of the week's supplies of shorn ewes cleared at $5.00 to $6.00, culls being quotable down to $2.50 and below.

NATIONAL STOCK YARDS LIVESTOCK MARKET-MONDAY-JUNE 3, 1929.

(Based on Market Conditions and Sales Reported up to 1:00 pm.)

CATTLE: Current cattle receipts were estimated at 2,300 as compared with actual arrivals of 2,684 last Monday and 3,821 this day last year. The run was less than would ordinarily have been expected and was due, so it was claimed, to floods in surrounding territory. Active trading featured practically all classes and was particularly noticeable in the steer class which sold as a rule on a strong basis. Good and choice vealers took a decided upward turn, advancing 50¢. Other killing classes held close to steady.

Weighty steers were represented by two loads at $14.35, the top for the day, these averaging 1360-lbs., and two at $13.75 and $14.25, scaling 1254 and 1116-lbs., respectively. Lightweight steers, many of which were low in flesh, cashed from $11.00 to $13.75, with one consignment at $14.00, while bulk of all weights brought $12.25 to $14.00. There was nothing particularly attractive in the steer line here today. Fat mixed yearlings and heifers were very scarce, this kind going largely at $13.00 to $14.00, the latter figure paid for 642-lb. heifers. Medium fleshed descriptions cashed at $12.00 to $12.75. Bulk of cows went at $8.75 to $10.50, none being noted better than $11.00. Low cutters found outlet principally at $6.00 to $6.75, a few upward to $7.00. There was little competition for medium bulls for the reason that the kinds usually meeting the best competition were not available. It was the general opinion, however, that desirable heavy sausage bulls would have reached $9.75 had they been available.

Good and choice vealers went mostly on shipper account, $14.00 being the considerations.

HOGS: Curtailed receipts in the aggregate at eleven markets compared with a week and a year ago, were no doubt responsible for increased values locally and at most of the outside points. The local market opened fairly active at mostly 10 to 15¢ higher prices compared with Saturday's general trade, while pigs and light lights ruled strong with Friday's average or strong to 25¢ higher than Saturday. All interests were ready purchasers throughout and the market closed active and strong with early.

Estimated receipts were 15,500, including 2,500 through and direct, as compared with actual receipts of 14,850 last Monday, and 12,058 the corresponding day last year.

Most of the 160 to 240-lb. averages cashed at $11.00 to $11.10, with the top $11.10, this price being paid quite freely for 160 to 215-lb. averages. Heavier material averaging 240 to 280-lbs. turned largely at $10.90 to $11.00. A load of medium grade around 230-lb. averages cashed at $10.80 and a few small lots of heavier weights sold somewhat below. In the light light group 130 to 150-lb. averages cleared at $10.50 to $10.90, with pigs 130-lbs. and down at $9.75 to $10.50 according to weight and condition. Packing sows went chiefly at $9.50 to $9.60.

SHEEP: There were 2,000 sheep estimated for today, compared with actual receipts of 2,583 last Monday, and 3,727 the same day a year ago.

The quality of the fat lamb offerings in the sheep house did not quite measure up to the average and taking this into consideration the market on these was steady to 25¢ higher. Yearlings were too scarce to furnish much of a basis on which to quote the market, while culls and sheep held to a steady deal.. A few lots of good to choice lambs earned $15.25, with a short deck of near choice experimentally fed lambs from Arkansas going to a packer at $15.50, these averaging around 65-lbs. City butchers also paid $15.50 for a few sizable lots. The majority of the good lambs sold at $15.00, with some on medium order at $14.50 to $14.75, and culls largely around $11.00. Small packages of yearlings went at $12.00, while most of the fat, shorn ewes were found between $5.00 and $6.00.

OMAHA MARKET-11:00 A.M.

CATTLE: Slaughter steers and she stock active, strong to 25¢ higher; bulls and veals fully steady; stockers and feeders scarce, steady to strong; fed steers and yearlings mostly $12.75 to $14.00; weighty steers 1539-lb. $14.25; light steers 1076-lb., $14.75; heifers $12.00 to $13.85; bulk beef cows $9.00 to $11.00; bulk all cutters $6.75 to $8.25; medium bulls $8.75 to $9.75; practical top veals $13.50; few to independents $14.00 to $14.50; heavy calves strong, mostly $11.50 to $13.00; few $13.50; stockers and feeders $11.50 to $13.00.

HOGS: Active, mostly 15-20¢ higher; top $10.70 on 215-lb. butchers; bulk 190 to 240-lb. weights $10.50 to $10.65; bulk 240 to 280-lb. butchers $10.35 to $10.60; bulk 280 to 350-lb. weights $10.15 to $10.40; odd lots 140 to 190-lb. selections $9.75 to $10.60; packing sows $9.25 to $9.50; stags up to $9.75.

National Stock Yards Livestock Market-Tuesday-June 4, 1929.

(Based on Market Conditions and Sales Reported up to 1:00 p.m.)

CATTLE: Local cattle receipts to-day were estimated at 3,000 as compared with 2,436 last Tuesday and 4,453 one year ago. During the first rounds trading in steers and heifers ruled active, with just a trifle of the early vigor lacking at and near the close. Light steer supplies Monday and a moderate offering today enabled sellers to conduct the rank and file of deals on a steady to strong basis. Other classes looked steady. Mediumweight steers were more in evidence than lightweights, this being the opposite of yesterday's situation. Two loads of 1139-lb. steers when scoring $14.85 registered the highest price paid for such weights to date this year. Most, or at least a good many, of these steers were sufficiently conditioned to grade choice. Moreover, it was claimed they were the best seen locally in a long time. Several loads of steers, averaging 1202 and 1291-lbs., brought $13.25 and $14.35, while numerous consignments scaling in the 1100-lb. column claimed $13.10 to $14.35. Among the lightweight steers, which were relatively scarce, were 1064-pounders at $14.50, a short load of 992-lb. yearlings at $14.35 and a few at $12.00, $13.10 and $13.90.

Fat mixed yearlings and heifers sold all the way from $13.00 to $14.50, the latter figure settled on a lot of 40 Hereford heifers averaging 670-lbs. Medium fleshed descriptions scored $12.00 to $12.75 for the most part. Most of the cows went at $8.75 to $10.50, few above $11.00, while low cutters brought $6.00 to $6.75 in most instances. Medium bulls, most of which were claimed by St. Louis butchers for sausage purposes, sold at $9.75 and down, although there were only a meager number with sufficient weight to make the top figure.

Good and choice vealers duplicated Monday's price which was $14.00, bulk, as was the case yesterday, going on shipper account.

HOGS: Increased supplies of hogs in the aggregate at eleven markets, afforded buyers a leverage with which to bear down on market prices locally, and at practically all outside points. All interests on the buying side were offering lower bids early, but salesmen held back and tried to ward off a part of the decline with the result that only a few loads and part loads of butcher hogs sold early at mostly 25¢ lower terms compared with Monday's average. Pigs and light lights shared in the decline. On later rounds when the selling side had been reconciled to the decline the general market closed rather active at mostly 25 to 30¢ lower terms, and hitting the low point of the season, with packing sows 10 to 15¢ lower.

Receipts of hogs were estimated at 18,500, compared with actual receipts of 15,427 last Tuesday, and 19,450 the same day last year.

When trading got under way in earnest the bulk of the 160 to 250-lb. averages cashed at $10.75 to $10.80, with a liberal sprinkling of light and medium weight hogs on early rounds at $10.85, which was sufficient for the day's top. Weightier kinds averaging from 250 to 310-lbs. sold at $10.65 to $10.75, the former price taking one straight load of butchers averaging 310-lbs. One load of medium to good 275-lb. averages earned $10.60. Kinds averaging 130 to 150-lbs. went largely at $10.25 to $10.50; a few 150-lb. early up to $10.75, while pigs averaging 130-lbs. down were found at $9.50 to $10.25. Packing sows were confined to a spread of $9.35 to $9.50, with $9.40 the most popular price.

SHEEP:- Declining receipts of sheep and lambs assisted selling interests in gaining control of the market and general price trends were strong. Lambs made up the bulk of supplies and opened strong to 25¢ higher with late sales mostly 25¢ up. Yearling receipts comprised two decks which sold strong. Sheep were present only in odd lots and ruled fully steady. Trade was quite active throughout and a good clearance was effected. Receipts here were estimated at 2,500, compared with actual marketings of 3,905 last Tuesday and 5,941 a year ago.

Bulk of the good lambs sold to packers at $15.25, with one deck going to these interests at $15.50. City butcher also paid the latter price for several bunches, one small lot also going to a butcher at $16.00. A few lots of specialty show lambs turned at $16.25 to packers, another going to a butcher at $16.50. The second sort of the show lambs earned $15.75. Culls were weighed at $11.00 mostly. Two decks of yearlings averaging 75 and 80 pounds earned $12.25 and $12.00 respectively. Most of the shorn ewes realized $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-WEDNESDAY-JUNE 5, 1929.

(Based on Market Conditions and Sales Reported up to 1:00 p.m.)

CATTLE: Cattle receipts were estimated at 2,500 today, compared with actual arrivals of 1,758 last Wednesday, and a total of 2,639 the corresponding day last year.

With some of the steer consignments failing to make their appearance early the supply of these on first rounds appeared very light. The supply was augmented by numerous loads arriving later, including a small string of Texans, but on the whole the steer run was only moderate. Steers of all weights and grades were represented, but kinds sufficiently well finished to grade good predominated. A three-car string of choice weighty steers were outstanding in their class. As is often the case when a part of the run is late in arriving, the market ruled strong and active on early rounds with spots 15¢ higher, placing advances for the week mostly 25 to 40¢ up. Medium steers were the slowest to move, these clearing in line with the late trade on a steady to strong basis. Mixed yearlings and heifers were relatively scarce and the demand was good especially on the lighter weights, the general deal following the late steer trend. The cow trade was steady for the most part, but displayed weakening tendencies toward the close. Best kinds of medium bulls were scarce and sold strong to a shade higher, with others steady. Prices on good and choice vealers advanced 25¢, the bulk of these going on shipper account.

The top of $14.75 went to a string of choice 1424-lb. steers, while two short loads of 1041 and 1067-lb. averages were next in line at $14.50. A five-car string of medium weights were sufficientlywell finished to command the $14.35 terms, with the bulk from this price downward to $13.00 and a few loads on down to $12.65 or below. Three cars of common Texas grass steers turned at $10.15. Fat mixed yearlings and heifers cleared largely at $13.50 to $14.00, a straight load of heifers reaching $14.40 and a small lot of mixed material $14.75. A few cows reached $11.50, with the bulk $9.00 to $10.75, while low cutters went largely at $6.00 to $7.00, some "shelly" kinds downward from $5.50. Medium bulls went at $9.85 down, some possessing a little kill at $10.00 and $10.25, with beefy kinds upward to $10.75. Vealers cashed at $14.25 for the top and bulk of good and choice kinds.

HOGS: Shipping demand was liberal today and hog prices carried a strong undertone, the general market winding up steady to 10¢ higher than Tuesday's average, a few sales reflecting a further upturn. Late arrival of orders resulted in a slow opening but later trade was active. While all interests were operating at the close and a good clearance was effected, comparatively few were left for packers after outside orders were filled. Pigs and light lights were in broad demand and ruled strong to 25¢ higher. Receipts were estimated at 16,500 including 1,500 billed through and direct compared with actual receipts of 13,889 last Wednesday and 12,367 same day a year ago.

Bulk of all butcher and bacon hogs sold within the narrow spread of $10.75 to $10.85, most of the 160 to 230-lb. weights earning $10.80 and $10.85, butchers scaling upward to 280 mostly $10.75 and $10.80. An occasional load and part load of heavy hogs sold down to $10.60 and $10.70. Practical top was $10.90 for several loads of light and medium weight hogs. A few loads of choice lights sold early at $11.00 but these looked a little out of line with subsequent transactions. Majority of 130 to 150-lb. light lights moved at $10.50 to $10.75, only lower grade one thirties down to $10.25. Pigs sold mostly at $9.75 to $10.50, very few under $10.00. Packing sows bulked at $9.50, a few at $9.60.

SHEEP: Early efforts of packers were directed toward cheapening costs in the fat lamb division but after a long period of inactivity, sellers obtained control of the market and prices carried a distinctly strong undertone, occasional sales even reflecting a 25¢ upturn. Yearlings were in narrow demand and ruled steady to weak, sheep remaining unchanged. Receipts here were estimated at 3,000 head compared with actual marketings of 2,237 last Wednesday and 5,611 a year ago.

Popular price for fat lambs to packers was $15.50, this figure taking over half of the good grades. Lighter weight lambs, around 60 pounds and down, were in more limited demand and several loads sold at $15.25 with less finished kinds at $15.00. City butchers paid $15.75 for a few lots and packers paid $16.00 for more than a load of choice show lambs. A moderate number of show lambs on the specialty order sold up to $16.50. Culls were removed at $11.00 for the majority. Two doubles of clipped yearlings averaging 83 and 86-lbs. cashed at $11.75 and $12.00 respectively. Shorn ewes bulked at $5.00 to $6.00, prices varying according to weight and quality.

NATIONAL STOCK YARDS LIVESTOCK MARKET-THURSDAY-JUNE 6, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:00 P.M)

CATTLE: RECEIPTS OF CATTLE WERE ESTIMATED AT 2,000 TODAY, COMPARED WITH ACTUAL ARRIVALS OF 1,556 THE CORRESPONDING DAY LAST YEAR, NO COMPARISON WITH LAST WEEK ON ACCOUNT OF HOLIDAY.

A LARGE SHARE OF THE RUN WAS LATE IN ARRIVING TODAY, WITH STEER SUPPLIES VERY LIGHT, WHEN EVERYTHING HAD BEEN YARDED, AS A GOOD SHARE OF THE RUN PROVED TO BE MIXED YEARLINGS AND HEIFERS. QUALITY AND CONDITION OF THE STEERS WAS LOW ON THE AVERAGE, ONLY A LOAD OR SO CAPABLE OF GRADING GOOD THE REST OF THE MEAGER SUPPLY BEING MOSTLY ON THE COMMON AND MEDIUM ORDER. AT THAT THE STEER MARKET WAS SLOW AND BARELY STEADY TO WEAK. A FEW SMALL LOTS OF MIXED YEARLINGS AND HEIFERS TURNED ON A STEADY BASIS ON FIRST ROUNDS, THE MARKET BREAKING MOSTLY 25¢ ON THE ADDITIONAL SALES WHICH HAD BEEN CONSUMMATED LATER, WITH NUMEROUS LOADS STILL IN FIRST HANDS AT THE NOON HOUR, COMPRISING MOSTLY THE BETTER GRADE OFFERINGS. THE COW MARKET WAS WEAK TO LOWER, LOSING ALL OF THE PREVIOUS WEEK'S ACCUMULATED STRENGTH AND ARE CLOSING STEADY TO WEAK COMPARED WITH THE CLOSE OF LAST WEEK. ALL CUTTERS FOLLOWED THE COW TREND QUITE LARGELY, WHILE UNDER A NARROW DEMAND BULL PRICES LOST GROUND TO THE EXTENT OF 25¢ ON ALL BUT THE COMMON KINDS. VEALERS WERE THE BRIGHT SPOT IN THE TRADE, PRICES ON THESE ADVANCING 50¢.

THE BEST STEERS HERE WERE A LOAD OF 1160-LB. AVERAGES WHICH CASHED AT $13.75, WITH NOTHING TO SPEAK OF BETWEEN THIS PRICE AND THE FEW LOADS OF COMMON AND MEDIUM GRADES WHICH TURNED FROM $11.00 TO $13.00. A FEW ODD LOTS OF MIXED YEARLINGS AND HEIFERS CLEARED AT $13.50 TO $14.25, A SMALL LOT OF CHOICE MIXED REACHING $14.75 EARLY. A FEW LOADS WERE FOUND LATE AT $12.75 TO $13.50, BEST UNSOLD AT NOON. MOST COWS CLEARED AT $8.75 TO $10.50, WITH LOW CUTTERS LARGELY $6.00 TO $7.00. MEDIUM BULLS WENT AT $9.50 DOWN, WHILE GOOD AND CHOICE VEALERS CASHED AT $14.75 FOR THE TOP AND BULK.

HOGS: SELLERS HAD LITTLE DIFFICULTY IN ADVANCING HOG PRICES 10 TO 15¢ OVER THE AVERAGE MARKET OF WEDNESDAY THOUGH THE TOP PRICE REMAINED THE SAME AS THE RATHER OUR OF LINE TOP OF YESTERDAY. TRADE WAS ONLY MODERATELY ACTIVE AT THE START, MOSTLY ON THE ACCOUNT OF SHIPPERS, BUT BY MID-SESSION ALL INTERESTS WERE ORERATING AND A GOOD CLEARANCE WAS EFFECTED, CLOSING ROUNDS BEING FULLY AS HIGH AS THE OPENING. WEIGHTY HOGS WERE SCARCE AND EFFORTS TO HOLD THESE ON A STEADY LEVEL FAILED. PIGS WERE MOSTLY UNCHANGED. RECEIPTS WERE ESTIMATED AT 14,000 INCLUDING 3,500 BILLED THROUGH AND DIRECT. LAST THURSDAY WAS A HOLIDAY BUT A YEAR AGO THIS DAY 14,559 ARRIVED.

BULK OF ALL HOGS SCALING 160 TO 250-LBS. EARNED $10.90 TO $11.00, LATTER PRICE TOP, WITH A FEW SLIGHTLY WEIGHTIER BUTCHERS EARNING THE LOWER FIGURE. A SPRINKLING OF LOADS AVERAGING AROUND 200 POUNDS AND AN OCCASIONAL LOAD OF LIGHTER WEIGHTS SOMEWHAT LACKING IN QUALITY SCORED $10.85. ONE LOAD OF 280-LB. BUTCHERS REALIZED $10.75. MAJORITY OF 130 TO 150-LB. LIGHT LIGHTS CLEARED AT $10.50 TO $10.85, A FEW HIGHER, WITH PIGS SCALING 130 POUNDS AND DOWN AT $9.75 TO $10.50, COMPARATIVELY FEW UNDER $10.00. MOST PACKING SOWS MOVED AT $9.50 TO $9.60, A FEW SMOOTH KINDS AT $9.65 AND ROUGH HEAVY KINDS DOWN TO $9.40.

SHEEP: SHEEP AND LAMB RECEIPTS WERE ESTIMATED AT 2,000 HEAD COMPARED WITH ACTUAL MARKETINGS OF 4,810 SAME DAY A YEAR AGO. TRADEWAS SLOW IN GETTING UNDER WAY TODAY, PACKERS MAKING DETERMINED EFFORTS TO CHEAPEN COSTS. SELLERS HELD FOR STEADY PRICES AND IN THE END WON OUT, MOST SALES BEING ON A STEADY BASIS. YEARLINGS WERE RATHER SLOW AND SOME SALES OF LAMBS REFLECTED A WEAK TO SHADE LOWER TENDENCY. BULK OF THE GOOD LAMBS TURNED TO PACKERS AT $15.25 TO $15.50, CITY BUTCHERS PAYING UP TO $15.75 FOR AN OCCASIONAL LOT. A LIBERAL NUMBER OF LAMBS THAT HAD BEEN GRADED IN THE COUNTRY WERE OFFERED, SEVERAL SIZABLE LOTS OF CHOICE KINDS EARNING $16.00 WITH A LIBERAL SPRINKLING OF CLOSELY SORTED SPECIALTIES AT $16.25 AND $16.50. MAJORITY OF CULL LAMBS WERE REMOVED AT $10.75 TO $11.00. ONE DECK OF MEDIUM TO GOOD YEARLINGS CLEARED AT $11.00, THIS COMPRISING BULK OF THIS CLASS. SHORN EWES CONTINUED TO MOVE AT $5.00 TO $6.00, THE PRICE VARYING ACCORDING TO WEIGHT AND QUALITY.

NATIONAL STOCK YARDS LIVESTOCK MARKET-FRIDAY-JUNE 7, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:00 P.M)

CATTLE: RECEIPTS OF CATTLE WERE ESTIMATED AT 1,000 TODAY, COMPARED WITH ACTUAL RECEIPTS OF 1,815 LAST FRIDAY, AND 615 THE CORRESPONDING DAY LAST YEAR.

WITH A GOOD SHARE OF THE ESTIMATED RUN IN ON THROUGH BILLING, THERE WAS NOT ENOUGH OF A SALABLE SUPPLY LEFT TO TEST MARKET CONDITIONS. NO LOADS OF STEERS WERE OFFERED, AND IN THE MIXED YEARLING AND HEIFER DIVISION LOAD LOTS OF FRESH CATTLE WERE ALSO LACKING. A LOAD OR SO OF MIXED MATERIAL HELD OVER FROM SLOW, DECLINING THURSDAY SESSION SOLD TODAY WITH AT LEAST ALL OF THE PREVIOUS ADVANCE FOR THE WEEK LOST. VEALER PRICES JUMPED UPWARD TO THE EXTENT OF 50¢ AGAIN, BUT ON OTHER CLASSES IT WAS LARGELY A CLEAN-UP DEAL AT PRACTICALLY UNCHANGED TERMS FROM THURSDAY'S CLOSE.

A LOAD OF MIXED YEARLINGS AVERAGING 694-LBS. CASHED AT $13.00, WITH A FEW ODDS AND ENDS, INCLUDING HEIFERS, AT $12.25 TO $13.75. MOST OF THE COWS TURNED WITHIN THE $8.75 TO $10.50 SPREAD, AND A FEW LOW CUTTERS BETWEEN $6.00 AND $7.00. MEDIUM BULLS WERE QUOTABLE AT $9.50 FOR BEST KINDS, WHILE VEALERS BROUGHT $15.25 FOR THE TOP AND BULK OF GOOD AND CHOICE KINDS TO PACKERS AND SHIPPERS.

EVIDENTLY THE COUNTRY IS STILL TOO BUSY WORKING IN THE FIELDS TO GIVE MUCH ATTENTION TO REPLACEMENT CATTLE AND CONSEQUENTLY COUNTRY SHIPMENTS FOR THE WEEK WERE QUITE LIMITED. IN LINE WITH KILLER MATERIAL PRICES ON STEERS ADVANCED 25¢, WHILE STOCK COWS AND HEIFERS REMAINED STEADY. NO STEERS AVERAGING OVER 800-LBS. WERE NOTED AND MOSTLY SMALL LOTS OF LIGHTER WEIGHTS, WHICH RANGED FROM $9.50 TO $12.00. ONE LOAD OF 507-LB. AVERAGES REGISTERED $10.35. STOCK COWS TURNED LARGELY AT $8.00 TO $8.50, WITH HEIFERS CHIEFLY $9.00 TO $10.00.

AMONG SOME OF THE LATE ARRIVALS AND SALES YESTERDAY WERE TWO LOADS OF YEARLING STEERS WHICH CASHED AT $14.25, WHILE THE TOP ON HEIFERS WENT TO TWO CARS OF 627-LB. AVERAGES AT $14.35.

HOGS: SOME UNEVENNESS WAS REGISTERED IN THE HOG MARKET TODAY, LATE SALES BEING SUBSTANTIALLY UNDER THE EARLY TRANSACTIONS. SEVERAL SIZABLE SHIPPING ORDERS WERE PRESENT AT THE OPENING AND WITH LIGHT RECEIPTS AROUND THE MARKET CIRCUIT, OPENING SALES WERE MADE AT AN ADVANCE OF 15¢, MANY LOADS BEING 25¢ HIGHER. PACKERS HELD BACK AND AFTER OUTSIDE DEMAND HAD BEEN SATISFIED CAME IN AND MADE MODERATE PURCHASES 10 TO 15¢ BELOW EARLY OR MOSTLY 5 TO 10¢ ABOVE THURSDAY'S AVERAGE. A FAIR CLEARANCE WAS EFFECTED ON THIS BASIS. PIGS WERE SCARCE AND SOLD EARLY AT STRONG PRICES. PACKING SOWS ADVANCED 10 TO 15¢ BUT HAD LOST MOST OF THIS AT THE FINISH. RECEIPTS WERE ESTIMATED AT 13,000 INCLUDING 2,500 BILLED THROUGH AND DIRECT COMPARED WITH ACTUAL ARRIVALS OF 16,921 LAST FRIDAY AND 12,733 A YEAR AGO.

MOST EARLY SALES OF 160 TO 220-LB. WEIGHTS WERE MADE AT $11.10 AND $11.15, ONE LOAD OF CHOICE LIGHTWEIGHTS MAKING A RATHER OUTSIDE TOP AT $11.25. SEVERAL LOADS OF 230 TO 270-LB. WEIGHTS EARNED $10.95 TO $11.05. AT THE FINISH MOST 160 TO 225-LB. WEIGHTS EARNED $11.00 AND $11.05, AN OCCASIONAL LOAD SHORTLY AFTER MID-SESSION CLEARING AT $11.10. A FEW 220 TO 260-LB. BUTCHERS SOLD LATE AT $10.85 TO $11.00, OCCASIONAL LOTS OF 260 TO 270-LB. DESCRIPTIONS DOWN TO $10.75 AND UNDER. HEAVY BUTCHERS WERE VERY DRAGGY AT THE FINISH AND SOME REMAINED UNSOLD. MAJORITY OF 130 TO 150-LB. LIGHT LIGHTS TURNED AT $10.50 TO $11.00, WITH PIGS SCALING 130-LBS. DOWN MOSTLY $10.00 TO $10.50. PACKING SOWS BULKED AT $9.50 TO $9.65, EARLY SALES UP TO $9.75.

SHEEP: SHEEP AND LAMB RECEIPTS WERE ESTIMATED AT 1,000 HEAD TODAY, NEARLY HALF OF WHICH WERE BILLED DIRECT. THE RUN LAST FRIDAY TOTALED 2,003 HEADAND A YEAR AGO 2,270 ARRIVED. SUPPLIES WERE LIGHT AT OTHER POINTS AS WELL AND LOCAL TRADE WAS ACTIVE AT A FULLY STEADY DEAL. PACKERS BOUGHT THE GENERAL RUN OF GOOD FAT LAMBS AT $15.25 TO $15.50 WITH CULLS REMOVED AT $10.75 TO $11.00. CITY BUTCHERS PAID UP TO $15.75 FOR A FEW LOTS OF NEAR CHOICE KINDS. A SIZABLE LOT OF SORTED CHOICE LAMBS THAT HAD BEEN GRADED IN THE COUNTRY TURNED AT $16.00 WITH A FEW ODD LOTS OF SPECIALTIES UP TO $16.50 BUT THESE COULD NOT BE CONSIDERED AS AN INDICATION OF MARKET TRENDS. ONE DECK OF MEDIUM GRADE YEARLINGS SOLD AT $11.00, THIS COMPRISING BULK OF THIS CLASS. MAJORITY OF SHORN EWES CLEARED AT $5.00 TO $6.00, ACCORDING TO WEIGHT AND QUALITY.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JUNE 8, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 10:30 A.M.)

CATTLE: RECEIPTS OF CATTLE FOR THE WEEK APPROXIMATED 12,500 HEAD, AS COMPARED WITH ACTUAL ARRIVALS OF 9,134 FOR THE PREVIOUS WEEK, WHICH INCLUDED ONE HOLIDAY, AND A TOTAL OF 13,614 FOR THE CORRESPONDING WEEK A YEAR EARLIER.

DURING THE EARLY DAYS OF THE WEEK PRACTICALLY ALL OF THE MAJOR KILLING CLASSES RULED STRONG AND ACCUMULATED ADVANCES TOWARD MID-WEEK, BUT LATER SOME BEARISHNESS ENTERED INTO THE DEAL AND MIXED YEARLINGS, HEIFERS AND COWS LOST PRACTICALLY ALL AND IN SPOTS MORE THAN THE PREVIOUS GAINS. STEERS WERE AN EXCEPTION, THESE UNDER A LIGHT SUPPLY MANAGING TO RETAIN ABOUT ALL OF THE ADVANCE; BETTER GRADE KINDS RECEIVING THE LONG END OF THE DEAL. NEW TOPS WERE ESTABLISHED FOR THE YEAR ON MEDIUM AND HEAVYWEIGHT CHOICE STEERS. MANY OF THE STEERS RECEIVED DURING THE WEEK WERE LIGHTWEIGHTS AND ON THE YEARLING ORDER; BUT GOOD GRADE MEDIUMWEIGHTS WERE ALSO WELL REPRESENTED. COMMON AND MEDIUM KINDS ALSO WERE BY NO MEANS LACKING. TOO MANY MIXED YEARLINGS AND HEIFERS DRIFTED IN ON THURSDAY, CAUSING THE MARKET TO BREAK UNEVENLY AND IN SPOTS SHARPLY LOWER PRICES WERE THE RESULT. IN THE UNEVENNESS, HOWEVER, SOME OF THESE MANAGED TO RETAIN A PART OF THE PREVIOUS GAIN, WHILE AGAIN OTHERS DROPPED BELOW THE LEVEL OF THE PREVIOUS WEEK. SOME OF THE COWS AND BULLS ALSO DROPPED BELOW THE GENERAL GOING OF THE PRECEDING WEEK, BUT ALL CUTTERS STOPPED THE DECLINE ON A STEADY BASIS. VEALERS ADVANCED CONSIDERABLY.

COMPARED WITH A WEEK AGO, COMMON AND MEDIUM STEERS STEADY TO 25¢ HIGHER, OTHERS MOSTLY 25 TO 40¢ HIGHER; MIXED YEARLINGS AND HEIFERS MOSTLY STEADY, COWS AND MEDIUM BULLS UNEVENLY STEADY TO 25¢ LOWER; ALL CUTTERS ABOUT STEADY; VEALERS $1.75 HIGHER; STOCKER AND FEEDER STEERS 25¢ HIGHER; STOCK COWS AND HEIFERS UNCHANGED.

TOPS FOR WEEK: 1139-LB. STEERS $14.85; 1424-LB. STEERS $14.75; 922-LB. STEER YEARLINGS $14.35; 670-LB. HEIFERS $14.50; 821-LB. MIXED YEARLINGS $14.25. BULKS FOR WEEK: STEERS $12.75 TO $14.50; FAT MIXED YEARLINGS AND HEIFERS $13.50 TO $14.25; MEDIUM KINDS $12.25 TO $13.00; COWS $9.00 TO $10.50; LOW CUTTERS $6.00 TO $7.00; TOP VEALERS AT CLOSE $15.25.

HOGS: ALTHOUGH OUTSIDE ORDERS WERE SOMEWHAT LACKING IN THE HOG HOUSE THIS MORNING THE LOCAL DEMAND WAS SUFFICIENTLY BROAD TO EFFECT A RATHER COMPLETE CLEARANCE AT A FAIRLY EARLY HOUR. PRICES FOR THE MOST PART RULED ABOUT STEADY WITH FRIDAY'S AVERAGE OR 5 TO 10¢ BELOW THE BEST TIME, WITH PACKING SOWS IN GENERAL 10 TO 15¢ LOWER. LIGHT AND MEDIUMWEIGHT HOGS WERE IN BEST DEMAND AND CONSEQUENTLY WERE THE FIRST TO TURN, BUT WEIGHTIER KINDS BY NO MEANS LACKED ATTENTION, ALTHOUGH THEY WERE HARDER TO MOVE. PIGS WERE SCARCE AND SOLD STEADY.

RECEIPTS WERE ESTIMATED AT 4,500, INCLUDING 1,500 THROUGH, COMPARED WITH ACTUAL RECEIPTS OF 5,655 LAST SATURDAY, AND 1,910 THE SAME DAY A YEAR AGO.

BULK OF THE 160 TO 230-LB. WEIGHTS CASHED AT $10.95 TO $11.05, WHILE SEVERAL LOADS AVERAGING AROUND 180 TO 210-LBS. TOPPED AT $11.10. MOST OF THE 240 TO 290-LB. WEIGHTS TURNED WITHIN A RANGE OF $10.80 TO $10.90, WITH THE MAJORITY OF 130 TO 150-LB. AVERAGES AT $10.50 TO $11.00. PIGS AVERAGING DOWNWARD FROM 130-LBS. WERE FOUND AT $10.00 TO $10.50, WHILE PACKING SOWS HELD LARGELY TO A RANGE OF $9.40 TO $9.55, WITH MOST DEALS CENTERING AT $9.50.

SHEEP: RECEIPTS OF SHEEP AND LAMBS THIS WEEK TOTALED APPROXIMATELY 14,000 HEAD COMPARED WITH ACTUAL MARKETINGS OF 10,781 LAST WEEK AND 22,405 CORRESPONDING WEEK LAST YEAR.

SEASONAL MARKETINGS OF SHEEP AND LAMBS IS SOMEWHAT LATER THIS YEAR THAN LAST YEAR, AS CAN BE SHOWN BY THE FACT THAT RECEIPTS THIS WEEK ARE BUT LITTLE OVER HALF AS MANY AS DURING THE CORRESPONDING WEEK LAST YEAR. THIS RESULTED IN AN ACTIVE DEAL ON FAT LAMBS MOST OF THIS WEEK AND A RISE IN PRICES OF 25 TO 50¢. SHEEP AND YEARLINGS WERE IN LIGHT SUPPLY BUT DEMAND WAS ONLY MODERATE AND QUOTATIONS ON THESE CLASSES WERE UNCHANGED.

A FEATURE OF THE WEEK'S MARKET WAS THE ARRIVAL AND SALE OF A LIBERAL NUMBER OF CHOICE LAMBS THAT HAD BEEN GRADED IN THE COUNTRY AND WHICH SOLD AT PRICES SUBSTANTIALLY ABOVE THE GENERAL RUN OF OFFERINGS, BUT THESE COULD HARDLY BE CONSIDERED AS PART OF THE MARKET. SEVERAL LOTS OF THESE SOLD AT $16.00 TO $16.50, THOUGH THE WEEK'S PRACTICAL TOP WAS $16.00 WITH COMPARATIVELY FEW OVER $15.50. BULK OF LAMBS SOLD AT $15.25 TO $15.50, WITH CULLS AT $10.75 TO $11.00. ONE DECK OF YEARLINGS TOPPED AT $12.25 FOR THE WEEK, OTHER SALES RANGING FROM $11.00 TO $12.00. MOST SHORN EWES SOLD AT $5.00 TO $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-MONDAY-JUNE 10, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated current cattle receipts 3,300; total last Monday 2,616; official count this day last year 3,561. While today's cattle receipts were above the average of the foregoing indicated periods, there were really not many on sale owing to the inclusion of a reasonably large number billed to points beyond. Both steers from nearby territory and mixed yearlings and heifers were in light supply, with the latter class moving rather slowly during the first rounds, the same situation being true of low priced cows at practically all times. Medium bulls met eager demand throughout the session, with some belated orders unfilled at the close.

As a general proposition, steers,mixed yearlings and heifers, cows and all cutters sold steady, with medium bulls 25¢ higher and good and choice vealers 50¢ better. The high sale of the day consisted of two loads of good 1018-lb. yearlings at $14.25. The rest of the lightweight steers moved from $12.75 to $14.00, there being few offered altogether. Mediumweight steers comprised three consignments at $12.65, $13.65 and $14.00, scaling 1191 to 1196-lbs., while the only heavies represented claimed $13.50, these averaging 1386-lbs. Bulk of all weights brought $13.15 to $14.00. In the western division were thirteen loads of common fleshed, lightweight Oklahoma steers which scored $9.75, $10.25 and $11.25.

Nearly all of the fat mixed yearlings and heifers went at $13.00 to $14.00, the latter price paid for a few averaging 729-lbs. Medium fleshed descriptions registered $12.00 to $12.75. No cows were noted over $11.00, while bulk of matrons made $8.75 to $10.50. Low cutters went principally from $6.00 to $7.00, which figures were in force during the closing days of last week. Medium bulls sold at $9.75 and less, demand being so general that weightwas given less consideration than usual. Good and choice vealers scored $15.75, the crop going largely on shipper account.

HOGS: There was some increase in country loadings of hogs in the aggregate at eleven principal markets over a week and a year ago, and outside points were reporting minor early losses in values for the most part. Some improvement in prices of the dressed product at the Eastern markets undoubtedly helped conditions materially. At the local yards, although there was a little hesitancy at the very start, no appreciable changes in values were registered and all interests were buying freely at the close. Light and mediumweight hogs were in best demand and such kinds were predominant in the run. Weighty butchers were scarce, and the outlet for these was rather narrow, but about ample to maintain values at a steady level. The small supplyof pigs did not figure much in the total run.

Receipts of hogs were estimated at 17,500, compared with actual receipts of 14,702 last Monday, and 10,267 the corresponding day last year.

A top of $11.10 took numerous loads of 190 to 210-lb. weights, while the bulk of the 160 to 230-lb. averages cashed at $11.00 to $11.05. A few loads of 240 to 280-lb. butchers went at $10.80 to $10.90, with some odd lots of heavier material downward to $10.50. Most of the 130 to 150-lb. averages turned at $10.50 to $11.00, with pigs averaging downward from 130-lbs. going at $10.00 to $10.50. Packing sows bulked at $9.50 on early rounds with a few light smooth descriptions at $9.60. Less desirable kinds earned $9.40 with quite large numbers at this figure on late rounds.

SHEEP: After a slow opening packers took about everything which was offered in the sheep house at generally steady prices compared with the close of last week. Morning estimates were placed at 3,000, compared with actual receipts of 1,714 last Monday, and a total of 6,034 the same day last year.

The largest share of the run comprised good lambs which sold almost without exception to packers at $15.25 to $15.50, while city butchers paid up to $16.00 for small lots of choice material. An occasional deck on medium order scored $15.00. One deck of mixed grades, running very largely to a common grade cashed at $12.50, while the popular price for culls was $11.00. A couple of decks of medium to good, shorn yearlings brought $11.00 and $11.25, these constituting almost the entire supply of this class. Fat ewes bulked at $5.00 to $6.00, heavy kinds being found mostly at the low end of the price spread.

NATIONAL STOCK YARDS LIVESTOCK MARKET-TUESDAY-JUNE 11, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 3,500; total last Tuesday 3,621; official arrivals this day last year 4,508. The quality of today's steers was below the average of Tuesday, with few above $14.25, and no full loads that approached the choice grade. Mixed yearlings and heifers met slow reception, although a fair clearance finally resulted. Cows, all cutters and medium bulls moved readily, especially the latter, which passed over the scales at an early hour. Steers were regarded as steady to strong, with some operators calling them 25¢ higher, the advances being occasioned by water fills which were easily detected. Mixed yearlings, heifers, cows and all cutters sold steady, while medium bulls cleared 10 to 15¢ higher. Good and choice vealers, after advancing for two days, turned around and declined 75¢.

Lightweight steers were in the large majority today, the price range being $12.25 to $14.50, with the most desirable kinds $13.50 and up. Some yearlings at the top price averaged 850-lbs. Weighty steers, or a very few scaling in the 1100-lb. column, brought $12.50, $13.45 and $14.60, 1178-pounders at the latter figure. Fat mixed yearlings and heifers went from $13.00 to $14.25, mostly $13.25 to $13.65; medium descriptions $12.00 to $12.75. Few cows went above $11.00, bulk scoring $8.75 to $10.50, the better kinds selling first. Although occasional head of low cutters went as low as $5.50, the majority registered $6.25 to $7.00; cutters upward to $8.25. Medium bulls sold at $9.90 and down, while good and choice vealers went at one price, $15.00.

HOGS: The local market posted greater estimated receipts of hogs than any other on the eleven market circuit this morning. All interests on the buying side were out to effect some savings early and gained some headway from their efforts. As a result the market ruled unevenly steady to 10¢ lower, mostly 5 to 10¢ off, most of the loss appearing on hogs averaging between 160 to 230-lb. as well as packing sows. A fair degree of activity was present from the start, with order buyers leading the way and taking the big share of the day's supply. Later in the session it became apparent that the receipts were going to fall short of the estimate, due to a slackening up of truck arrivals, and the late market closed very active with practically all of the early loss regained, an exception being packing sows which retained their price losses.

Receipts of hogs were estimated at 21,000, including 2,000 billed through and direct, compared with actual receipts of 23,215 last Tuesday, and a total of 17,740 the same day last year.

A sizable showing of the late carlot arrivals of light hogs cashed at $11.05, while a late top of $11.10 was established on a few loads of 180 to 190-lb. weights. The early top was $11.00 which was paid quite freely and later came very close to being the bulk for the day. Most of the 160-230-lb. averages cashed at $10.95 to $11.00, while hogs averaging upward from 240-lbs. cleared largely at $10.75 to $10.90, one load of 337-lb. averages late reaching $10.30. Light lights scaling 130 to 150-lbs. went at $10.50 to $10.90, while pigs averaging downward from 130-lbs. were found at $10.00 to $10.50. Packing sows ranged from $9.35 to $9.50, with the bulk at $9.40.

SHEEP: The run at the sheep house was without a question under estimated this morning and when everything had been yarded it proved to be the heaviest unloadings of the season, being roughly estimated close to 6,000 head.

Posted receipts were estimated at 4,000 compared with actual receipts of 3,863 last Tuesday, and a total of 9,489 the same day last year.

The market got away to a slow start and no sales had been transacted at an early hour. When trading broke loose in earnest later, however, it turned out to be a generally steady deal on fat lambs, yearlings and sheep, but cull lambs received a setback in values to the extent of 50¢.

Packers paid $15.25 to $15.50 for the bulk of the good lambs, a few decks lacking somewhat in quality going at $15.00. City butchers were on the market for a few choice lambs and paid up to $16.00 for them, while a few lots of closely graded specialties went to packers at $16.00 to $16.25 largely, small lots of prime lambs reaching $16.50. Culls went largely at $10.50. Several decks of medium to good yearlings averaging 80-lbs. cashed at $11.25, with one deck or two at $11.50, while bulk of the fat ewes cleared at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-WEDNESDAY-JUNE 12, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:30 P.M.)

CATTLE: WHILE RECEIPTS FOR MID-WEEK WERE LIGHT, HAVING BEEN ESTIMATED THIS MORNING AT 2,200, THIS DID NOT SHOW THE TRUE SITUATION, AS THE SUPPLY AVAILABLE FOR LOCAL NEEDS WAS CONSIDERABLY BELOW THE AVERAGE FOR WEDNESDAY OWING TO THE INCLUSION OF TWENTY-EIGHT CARS OF CATTLE ON THROUGH BILLING. THE ACTUAL COUNT LAST WEDNESDAY WAS 2,393, WHILE ONE YEAR AGO TO-DAY ARRIVALS FIGURED 2,581.

VEALERS EXCEPTED, TRADING RULED ACTIVE ON ALL CLASSES. STEERS SOLD STRONG TO 25¢ HIGHER, VEALERS 25¢ LOWER, WHILE OTHER CLASSES MADE NO APPRECIABLE PRICE CHANGE. LIGHTWEIGHT STEERS WERE CONFINED TO ONE LOAD AT $14.35, AVERAGING 861-LBS., AND A MEAGER NUMBER AT $12.75, $13.35 AND $13.60, WHILE ONE CONSIGNMENT AT $14.85, SCALING 1287-LBS., STOOD AS THE TOP FOR THE DAY AND, INCIDENTALLY, EQUALED THE TOP PAID SO FAR THIS YEAR. MOREOVER, TODAY'S STEERS WERE NOT SO HIGHLY FINISHED AS THE $14.85 STEERS SOLD HERE JUNE 4. ANOTHER LOAD OF MEDIUMWEIGHT, MEDIUM FLESHED STEERS, AVERAGING 1123-LBS. BROUGHT $13.90, THE FOREGOING COMPRISING THE CURRENT STEER QUOTA. FAT MIXED YEARLINGS AND HEIFERS WENT MOSTLY FROM $13.00 TO $14.00, THESE PRICES REPRESENTING INDIVIDUAL HEAD AND SMALL LOTS ALMOST EXCLUSIVELY, WHILE THE PRINCIPAL DEAL COMPRISED ONE LOAD (33 HEAD) OF 641-LB. HEIFERS AT $14.25. MEDIUM FLESHED KINDS SCORED $12.00 TO $12.75, LARGELY. NO HEAVY, FAT, STRICTLY CHOICE COWS WERE NOTED, BULK OF MATRONS GOING AT $8.75 TO $10.25. LOW CUTTERS DUPLICATED YESTERDAY'S BULK FIGURES OF $6.25 TO $7.00. MEDIUM FLESHED BULLS WERE AGAIN ATTRACTIVE TO THE SEVERAL INTERESTS REPRESENTED. A RELATIVELY LARGE NUMBER SCORED $9.75, WHILE $9.90 WAS PAID SPARINGLY. GOOD AND CHOICE VEALERS GOT OFF TO A SLOW START, BUT MOVED READILY AFTER THE DAY'S PRICE, $14.75, HAD BEEN ESTABLISHED.

HOGS: THE HOG MARKET GOT AWAY TO AN EARLY START AT 15 TO 25¢ HIGHER TERMS THAN TUESDAY'S AVERAGE. MOST OF THE EARLIEST DEALS WERE MADE BY TRADERS BUT IT WAS NOT LONG BEFORE ALL OTHER INTERESTS FOLLOWED SUIT ALONG THE SAME PRICE TREND AND THE MARKET CLOSED VERY ACTIVE AT MOSTLY 15¢ HIGHER PRICES THAN THE BEST TIME YESTERDAY. PIGS AND LIGHT LIGHTS WERE SOME EXCEPTION TO THE ABOVE TREND AS THESE WERE SOMEWHAT UNEVEN SELLERS, BUT KINDS AVERAGING BELOW 130-LBS. RULED STEADY FOR THE MOST PART.

RECEIPTS ALL AROUND ON THE ELEVEN MARKET CIRCUIT FELL OFF APPROXIMATELY 20,000 HEAD FROM A WEEK AGO, AND ON THE LOCAL MARKET EARLY MORNING ESTIMATES WERE POSTED AT 11,000, INCLUDING 1,300 THROUGH AND DIRECT, COMPARED WITH ACTUAL RECEIPTS OF 16,068 LAST WEDNESDAY, AND A TOTAL OF 11,896 THE SAME DAY LAST YEAR.

AN EARLY TOP OF $11.25 WAS ESTABLISHED ON A CHOICE LOAD OF 190-LB. AVERAGES, WHICH HELD THROUGHOUT THE DAY, BUT WAS REACHED LATER BY SEVERAL LOADS. THE BULK OF THE GOOD AND CHOICE 160 TO 225-LB. WEIGHTS CASHED AT $11.15 TO $11.20, WITH THE SAME GRADES OF 230 TO 280-LB. AVERAGES LARGELY $11.00 TO $11.10, SOME MEDIUM GRADE AND EXTREMELY HEAVY HOGS DOWNWARD TO $10.75. LIGHT LIGHTS WENT LARGELY FROM $10.50 TO $11.00, WITH PIGS 130-LBS. DOWN MOSTLY $10.00 TO $10.50. PACKING SOWS RANGED FROM $9.50 TO $9.65, WITH THE BULK AT $9.60.

SHEEP: THERE WAS VERY LITTLE CHANGE IN THE SUPPLIES OFFERED IN THE SHEEP HOUSE COMPARED WITH LAST WEEK, BEING ESTIMATED AT 4,000 TODAY AND ACTUAL RECEIPTS WERE 4,067 LAST WEDNESDAY. A YEAR AGO THE CORRESPONDING DAY 5,611 WERE UNLOADED HERE. NEITHER DID THE RUN SHOW AN INCREASE IN THE AGGREGATE AT ELEVEN MARKETS, IN FACT THERE WAS A SLIGHT DECREASE, BUT MOST ALL OUTSIDE POINTS REPORTED NEWS OF A BEARISH NATURE.

LOCALLY AFTER A SLOW, DRAWN-OUT BARGAINING SESSION PRICES ON FAT LAMBS BROKE MOSTLY 25 TO 50¢, CONSIDERING A MORE SEVERE SORT FROM YESTERDAY. YEARLINGS WERE SCARCE, BUT THE FEW LOTS HERE FELL IN LINE FOR THE SAME TREATMENT WHICH BEFELL LAMBS. CULLS, WHICH DECLINED YESTERDAY, AND SHEEP RULED ABOUT STEADY. PACKERS TOOK THE BULK OF THE GOOD LAMBS AT $15.00 TO $15.25, WHILE A FEW DECKS OF LESS DESIRABLE OFFERINGS STOPPED AT $14.75. CITY BUTCHERS PAID UP TO $15.75 FOR CHOICE LAMBS, AND A FEW CLOSELY GRADED SPECIALTIES REGISTERED UPWARD TO $16.25. CULLS SOLD LARGELY AT $10.50, WHILE FAT EWES WENT CHIEFLY AT $5.00 TO $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-THURSDAY-JUNE 13, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Current cattle receipts, which were estimated at 1,000 head, as compared with 2,442 last Thursday and 1,977 for this day last year, were exceptionally light for the fourth day of the week. Moreover, a liberal number passing through the yards to points beyong were included in the foregoing estimate. This, of course, left an unusually light supply for local use. Steers were the principal class represented insofar as car lots were concerned. These cleared steady, or fully in line with the week's advance, which is 25 to 50¢, the maximum upturn being applicable to all of to-day's steers in the medium grade. Fat, light heifers advanced 25¢, while medium fleshed descriptions, together with good and choice vealers, registered no change. Cows and all cutters cleared on a strong basis, while medium bulls sold barely steady.

Lightweight steers, as usual, were in the majority. One load of yearlings at $14.50, averaging 681-lbs., headed the list, while the remainder went at $13.50 to $13.75. Two loads in medium flesh and of medium weight, scaling 1128-lbs., completed the day's sales when landing $13.70. Most mixed yearlings were in very small lots, while the principal heifer transaction comprised one load at $14.75, the week's top, averaging 580-lbs. Fat kinds otherwise went from $13.00 to $14.00. Cows cleared principally from $9.00 to $10.50; low cutters mostly $6.25 to $7.00, while top medium bulls could do no better than $9.75, as compared with $9.90 paid sparingly the first half of the week. Good and choice vealers went largely on shipper account, $14.75 being the consideration.

HOGS: The hog market opened active at mostly 25 to 30¢ higher prices this morning, with traders and order buyers taking the big share of the crop at the prevailing trend. There were, however, a few loads of later arrivals which did not do so well, as after the existing orders had been filled the market came to a standstill, with big packers refusing to follow the early advance. Pigs were scarce and the demand for these was broad resulting in an unevenly higher market on kinds averaging downward from 130-lbs. Packing sows also were wanted and although values were not boosted quite in line with the other trend the general going on these was on a 15 to 20¢ higher level.

Receipts were estimated at 10,000 today, compared with actual receipts of 14,930 last Thursday, and 13,001 the same day a year ago.

The bulk of the 160 to 225-lb. averages went at $11.40 to $11.50, with an early top of $11.55 paid for a few loads of 180 to 190-lb. weights. The late top on 190-lb. averages was $11.40, with a few sales of 210 to 240-lb. averages at $11.30 to $11.35. Most of the 250 to 280-lb. weights cleared at $11.25 to $11.30, a load of less desirable 200-lb. averages going at $11.10, while a load of 300-lb. weights also recorded this price. Some 130 to 140-lb. kinds went at $11.00 to $11.25, and pigs 130-lbs. down $10.25 to $11.00. Packing sows bulked at $9.75, some smooth kinds going at $9.85.

SHEEP: The sheep market was slow about getting started this morning, as buyers again insisted upon cheapening costs and were bidding lower on fat lambs. When a trading basis was finally established, fat lambs were crossing the scales at mostly 25¢ lower terms, and yearlings although being too scarce to quote upon also declined in sympathy. Cull lambs and ewes remained unchanged.

Receipts were estimated at 2,500, compared with a total of 2,913 last Thursday, and 4,433 the same day last year.

Bulk of the good lambs went to packers at $14.75 to $15.00, mostly $15.00, while city butchers paid up to $15.50 for a few small choice lots. A few medium to good offerings were stopped at $14.50. Culls went mostly at $10.50, while the bulk of fat ewes registered $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-FRIDAY-JUNE 14, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 800; total last Friday 1,197; official count this day last year 828. The offering to-day was extremely light, the whole affair being more shadow than substance. The general trend was around steady, with cows, if anything, less attractive than other classes. There were no steers. Individual heifers sold as high as $14.00, while cows went from $8.75 to $10.00, scarcely enough, in fact, worth mentioning. Low cutters brought the usual prices of $6.25 to $7.00. Medium bulls cleared at $9.75 down, not a car load altogether, while the mere handful of good and choice vealers duplicated yesterday's price, which was $14.75, this figure having been in effect since last Wednesday.

HOGS: There was a series of markets in progress in the hog division today and each one was worse than the early one from the standpoint of the salesmen and the producers. The opening market on hogs, averaging upward from 160-lbs., was fully 25¢ lower than Thursday's best time, mostly to order buyers, but it lacked activity and showed signs of further weakening soon thereafter. The further it went into the session the lower was the basis on which sales were transacted until the general going was $11.00 or below. At this point the big packers stepped into the deal and a fairly complete clearance had been made shortly after the noon hour, with closing sales being made on an average of 40 to 50¢ below Thursday's high time. Pigs and light lights were scarce and in good demand and showed very little change from yesterday, especially the former. Practically all of these were sold early. Packing sows were quotable mostly 10 to 15¢ lower, with spots 25¢ off on heavy material.

Receipts were estimated at 12,000, compared with actual receipts of 13,845 last Friday, and 10,543 the same day last year.

The practical top was $11.25 early, with early bulk of the 160 to 220-lb. averages at $11.15 to $11.25. One load of around 170-lb. weights was reported reaching an extreme top of $11.30. Some 230 to 280-lb. weights went at $11.00 to $11.10, with 130 to 150-lb. averages at $11.00 to $11.15, and pigs from 130-lbs. down $10.50 to $11.00. The late top on 210-lbs. down was $11.00, with the bulk of these including up to 240-lb. weights at $10.90 to $11.00, while weightier material sold downward to $10.75. Packing sows ranged from $9.50 to $9.75, with the bulk $9.60 to $9.65.

SHEEP: The sheep market went along without any noticeable price changes on any class. The supply was what might be termed scarce only 500 head constituting the estimated receipts, compared with aotual numbers of 1,366 last Friday, and a total of 770 the same day a year ago.

Packers took the bulk of the good lambs at $15.00, a few going at $14.75, while city butchers accepted a small lot of choice material at $15.50. Culls went for the most part at $10.50. Yearlings were too scarce to furnish a basis on which to quote. Bulk of the fat ewes cleared at $5.00 to $6.00, with culls downward to $2.50 or below.

OMAHA MARKET - 11:00 A.M.

CATTLE: Fed steers and yearlings about steady; closing slow, weak; other classes mostly steady; fed steers and yearlings $13.25 to $14.50; mixed yearlings $14.75; light steers $15.00; heifers mostly $12.00 to $13.50; bulk beef cows $9.00 to $10.50; bulk all cutters $6.75 to $8.00; medium bulls $9.00 to $9.75; practical top veals $16.00; few to independents $16.50.

HOGS: Slow, 15 to 25¢ lower than Thursday's average; top $10.70 on 190 to 220-lb. weights; bulk 180 to 240-lb. weights $10.50 to $10.70; bulk 240 to 270-lb. butchers $10.25 to $10.50; bulk 270 to 340-lb. weights $9.75 to $10.25; light weight hogs scarce; packing sows $9.00 to $9.40.

SHEEP: Lambs and yearlings strong to 25¢ higher; sheep and feeders firm; bulk Idaho lambs $15.00 to $15.25; top $15.25; natives $14.75 to $15.00; fed clipped lambs average 79-lbs. at $14.25; fed yearlings up to $11.25; ewe top $6.75; good to choice range feeding lambs $12.00 to $13.25.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JUNE 15, 1929.

(Based on Market Conditions and Sales Reported up to 10:30 a.m.)

CATTLE: Cattle receipts for the second full week in June approximated 11,750, as compared with official counts of 12,531 last week and 13,561 during the corresponding period last year. Owing to light supplies most killing classes enjoyed advances to a greater or less extent, steers having been given the greatest consideration in the upward price adjustments. These closed 25 to 50¢ higher, as compared with the close of last week, while lightweight, fat mixed yearlings and heifers, cows, all cutters and medium bulls advanced 25¢, with medium heifers and good and choice vealers, as well as stocker and feeder steers, making no essential price change. Feeding cows and heifers were regarded as steady to strong. Tops for week were as follows: 1287-lb. steers $14.85; 580-lb. heifers $14.75; yearling steers, various averages, $14.50; 776-lb. mixed yearlings $14.25. Bulks for week: Steers $12.75 to $14.40; fat mixed yearlings and heifers $13.25 to $14.00; medium descriptions $12.00 to $13.00; cows $8.75 to $10.50; low cutters $6.25 to $7.00. During the first part of the week, medium bulls, which were in good request at all times, even to-day, touched $9.90 occasionally, with $9.75 the stopping point on Thursday and Friday. Good and choice vealers opened at $15.75 last Monday, then dropped to $15.00 on Tuesday, while $14.75 was the prevailing figure the balance of the week.

HOGS: After the severe break in hog prices yesterday, during which the entire advance for the week was lost on hogs averaging upward from 160-lbs., the market today settled down and opened steady to 10¢ higher. There was no great activity present but the demand from all interests was sufficiently broad to effect a rather early clearance. Pigs and heavy hogs were scarce, and furnished very little basis for comparison, but packing sows declined 10 to 15¢ on the average. For the week, the hogs averaging over 160-lbs. are practically unchanged, but strongweight pigs and light lights have advanced mostly 50¢ and are selling right up with the light and mediumweight hogs at present.

Receipts today were estimated at 7,000, including 4,000 through and direct, compared with actual receipts of 4,927 last Saturday, and 2,991 the same day a year ago. Respectively the totals for the entire weeks approximate 76,300, 87,687 and 66,438.

The practical top was $11.10, with an extreme top of $11.15, paid for a load of lightweights of choice quality. The bulk of the good and choice 160 to 240-lb. averages cleared at $11.00 to $11.10, with some medium grade and a load of 250-lb. averages at $10.90. A few pigs went at $10.75, while packing sows turned largely at $9.50, a few reaching $9.60.

SHEEP: Receipts of sheep and lambs the past week approximated 17,000, compared with actual unloadings of 13,952 the previous week, and 25,970 the corresponding week last year.

With an increase in the number of lambs arriving at the market, buying interests were given a chance to take off all and more of the advances in price which were registered the previous week. Values held up early in the week but broke to the extent of 50 to 75¢ at midweek, a more severe sort being taken into consideration. Yearlings, since the decline have been too scarce to quote on but these also are nominally lower in line with the less mature material. Cull lambs were discounted a flat 50¢, but all ewe classes remained unchanged.

Due to the campaign which is in progress throughout a few sections of the territory tributary to this market, whereby it is desired to encourage the marketings of a better grade of lambs, there are still a considerable number of these closely graded lambs appearing and outselling the general run of good and choice lambs. Early in the week several sizable lots of these recorded $16.25 to $16.50, while the week's practical top was $16.00. Most of the good lambs have been selling from $15.00 to $15.50, with the late bulk $15.00, only a few choice lots to city butchers reaching $15.50, with culls mostly $10.50. Several decks of medium to good clipped yearlings, averaging 80-lbs., sold before the break at $11.25. Bulk of fat ewes are turning at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-MONDAY-JUNE 17, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 pm)

CATTLE: Cattle receipts this morning were estimated 5,500, as against 3,828 last Monday and 4,141 this day last year. If the actual receipts hold up to the estimate, then today's total will be the banner Monday so far this year. Early impressions indicated a lower market on all kinds of cattle, but after an inspection of the receipts had been made by those most interested it was noted that steers and fat mixed yearlings and heifers were comparatively scarce. This was proved later by the general trend of the classes mentioned, for, while a few of the lower priced steers sold 10 to 15 and in cases 25¢ lower, the majority of steers, as well as good heifers, moved on a steady basis. Medium fleshed heifers, however, as well as cows, declined 25¢, while low cutters dropped 10 to 15¢. On the other hand, medium bulls moved rapidly at steady values, while good and choice vealers advanced 25¢.

Two loads of 1057-lb. steers on the yearling order landed $15.00 and thereby established a new top for the year to-date. Other lightweight steers cleared at $12.10 to $14.85, with several loads scoring $13.90 to $14.25. Heavy steers brought $14.25 and $14.60, these scaling 1453 and 1498-lbs., respectively, while just a few mediumweights cashed at $13.35 to $13.50, these averaging 1118 to 1297-lbs. No choice mixed yearlings or heifers were noted, the few grading good bringing $13.00 to $13.75 for the most part, while medium fleshed descriptions made $12.00 to $12.75, trading on these and cows being slow. Few cows sold above $11.00, while the majority of matrons brought $8.75 to $10.25, packers showing little interest in this class, the same being true of low cutters, which went from $5.75 to $7.00. Medium bulls continued attractive and were cleaned up largely during the first round, the best offered scoring $9.75. Good and choice vealers claimed $15.00, bulk going on shipper account.

HOGS: The estimated run of 15,000 hogs here this morning was moderate in itself, but with a total of 4,000 through and direct hogs included, the salable supply was relatively light. Last Monday actual receipts totaled 18,956 with unloadings the same day a year ago measuring 9,678 by actual count.

With the salable supply somewhat short on the local market, and a falling off of nearly 40,000 in the aggregate at eleven markets compared with a week ago, the market opened 15 to 25¢ higher on hogs averaging downward from 250-lbs. Heavier hogs and packing sows were mostly 10 to 15¢ higher, while pigs ruled strong. The early trading was confined to shippers and city butchers largely and the largest share of the hogs were taken by these interests at the prevailing early trend. After the existing orders had been filled there still remained a few loads which were absorbed by the large packers at 10 to 15¢ lower terms than the general going early, most of these averaging upward from 200-lbs.

An early top of $11.35 was reached by several loads of 180 to 190-lb. averages, while the bulk of the good and choice 160 to 220-lb. weights went at $11.25 to $11.30, mostly $11.25. Most of the 230 to 260-lb. averages cashed at $11.10 to $11.20, with 270 to 325-lb. butchers from $10.90 to $11.05. Light lights 130 to 150-lbs. were scarce at $11.00 to $11.15, as were pigs averaging downward from 130-lbs. at $10.50 to $11.00. Packing sows ranged from $9.50 to $9.75, with the bulk at $9.65. The late top on 200-lb. averages was $11.20, while the bulk of the 200 to 240-lb. weights cashed at $11.10 to $11.20, some medium grade and weightier material downward to $11.00 or below.

SHEEP: Sheep receipts run somewhat heavier for a total at eleven markets compared with a week ago and local receipts were estimated at 6,500, which was considerably more than last Monday when the actual count was 3,394 head. A year ago the total number of sheep numbered 2,867 on the corresponding day.

There was a considerable amount of dickering to be done before the market on fat lambs, culls and yearlings was established this morning, for all interests were out to cheapen costs and were bidding considerably lower. The final outcome proved to be a buyers' market and fat lambs and yearlings declined mostly 25¢, while culls were largely 50¢ lower. The sorting on the fat lambs was very heavy as a rule, which of course made for a downturn in value, but several sizable lots of good to choice offerings to packers made paper prices appear about steady. The ewe class was alone to remain on a steady level.

The bulk of the good lambs cleared at $14.50 to $14.75, while the top on good to choice offerings was $15.00, being paid by packers for several short loads as well as by city butchers for some smaller lots. Barring a few of the best cull lambs which cleared at $10.50, the majority of these went at $10.00. Two decks of medium to good 72-lb. yearlings stopped at $10.75, while the bulk of the fat ewes were taken at $5.00 to $6.00, some of the culls downward to $2.50 or below.

NATIONAL STOCK YARDS LIVESTOCK MARKET-TUESDAY-JUNE 18, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:30 P.M.)

CATTLE: ESTIMATED CATTLE RECEIPTS 3,500; TOTAL LAST TUESDAY 3,403; OFFICIAL COUNT THIS DAY LAST YEAR 5,346. ALTHOUGH ALL CLASSES OF CATTLE WERE LIGHTLY REPRESENTED, THERE APPEARED PLENTY FOR THE COMMON NEED EXCEPTING WELL FLESHED STEERS, WHICH SOLD STRONG, WHILE THE BALANCE WENT UNCHANGED. DURING THE FIRST ROUND, ALTHOUGH VIRTUALLY NOTHING HAD BEEN DONE, IT LOOKED AS IF FAT MIXED YEARLINGS AND HEIFERS WOULD SELL A LITTLE BETTER. THIS IMPRESSION WAS WRONG, HOWEVER, AS A STEADY DEAL FOR FAT DESCRIPTIONS AND MEDIUM FLESHED KINDS WAS THE BEST THAT COULD BE ACCOMPLISHED. FAT COWS REMAINED UNCHANGED, BUT COMMON AND MEDIUM KINDS DECLINED 25¢. LOW CUTTERS, MEDIUM BULLS AND GOOD AND CHOICE VEALERS MADE NO NOTICEABLE CHANGE, ALTHOUGH BULLS WERE TURNED SCALEWARD AT AN EARLY HOUR. THIS WEEK APPEARS TO BE THAT TIME OF THE YEAR WHEN THE ANNUAL SPREAD OF PRICES BETWEEN THE WELL FATTENED STEER AND THE GRASSER TAKES PLACE, THE FORMER ADVANCING AND THE LATTER DECLINING OR DOING NO BETTER THAN HOLDING HIS OWN. A ~~RELATIVELY SIZABLE NUMBER OF THE STEERS IN TODAY'S OFFERING~~ SHOWED CONSIDERABLE ACQUAINTANCE WITH THE FEED LOT. TWO NEW RECORDS WERE ESTABLISHED, ONE WHEN 958-LB. YEARLINGS REACHED $15.35, THE OTHER BY 1329-LB. MATURED STEERS REACHING $15.00. MOST OF THE LIGHTWEIGHT STEERS WERE YEARLINGS OR ON THAT ORDER, AND THESE, OTHER THAN THE TOP LOAD, SCORED $14.35 TO $15.15. A VERY FEW OTHER LIGHT STEERS WENT AS LOW AS $12.20. MEDIUMWEIGHT STEERS, OR A FEW SCALING 1159 TO 1241 LBS., SCORED $12.60 TO $14.25, WITH TWO LOADS AT $15.00, AVERAGING 1176-LBS. BULK OF ALL STEERS CASHED AT $13.50 TO $15.00. THE BEST LOAD LOT OF HEIFERS WAS IN FIRST HANDS AT THE NOON HOUR. INDIVIDUAL HEAD, HOWEVER, REACHED $15.00, WHILE LESS FINISHED FAT DESCRIPTIONS MADE $13.50 TO $14.25 IN A SMALL WAY. FEW COWS WENT ABOVE $11.00, WHILE BULK OF MATRONS BROUGHT $8.75 TO $10.25. LOW CUTTERS WENT ALL THE WAY FROM $5.50 TO $6.75, WEIGHTY KINDS LARGELY $6.00 TO $6.75. BEST MEDIUM BULLS REGISTERED $9.75, WHILE GOOD AND CHOICE VEALERS WENT PRINCIPALLY TO LOCAL KILLERS AT $15.00.

HOGS: ALTHOUGH THE MARKET OPENED STEADY TO 5¢ HIGHER THAN MONDAY'S BEST TIME, SALESMEN WERE HOLDING OUT FOR MORE MONEY EARLY AND CONSEQUENTLY THE EARLY TRADING WAS ONLY MODERATELY ACTIVE. CITY BUTCHERS AND SHIPPERS PICKED AWAY A FEW LOADS HERE AND THERE ON THIS BASIS UNTIL FINALLY A GOOD SHARE OF THE CROP HAD BEEN ABSORBED WITHOUT ANY FURTHER ADVANCES IN PRICE. A PERIOD OF HESITANCY OCCURRED LATER AND TRADING WAS VERY MUCH AT A STANDSTILL, BUT THE BIG PACKERS FINALLY TOOK POSSESSION AT A SHADE LOWER LEVEL AND THE MARKET CLOSED ACTIVE, ABOUT STEADY WITH THE HIGH TIME MONDAY. THE ESTIMATE WAS POSTED AT 13,500, COMPARED WITH ACTUAL RECEIPTS OF 16,096 LAST TUESDAY, AND 14,467 THE SAME DAY A YEAR AGO.

THE EARLY TOP WAS $11.40, PAID FOR 180 TO 200-LB. AVERAGES, WHILE THE EARLY BULK OF 160 TO 220-LB. WEIGHTS WENT AT $11.35 TO $11.40. MOST OF THE 220- TO 240-LB. AVERAGES TURNED AT $11.25 TO $11.35, WITH 130 TO 150-LB. WEIGHTS FROM $11.00 TO $11.25. PIGS AVERAGING 130-LBS. DOWNWARD WENT CHIEFLY AT $10.50 TO $10.90, A FEW REGISTERING $11.00. PACKING SOWS RANGED FROM $9.65 TO $9.85, WITH THE BULK $9.75. THE LATE TOP WAS $11.35 ON 200-LB. WEIGHTS, WITH THE BULK OF 200 TO 230-LBS. $11.25 TO $11.35, WHILE 250 TO 270-LBS. AVERAGES SOLD AT $11.15 TO $11.20, SOME EXTREMELY HEAVY HOGS DOWNWARD TO $10.90.

SHEEP: AGAIN BUYERS INSISTED UPON REDUCING LIVE VALUES AT THE SHEEP HOUSE AND IT WAS WELL ALONG TOWARD THE NOON HOUR BEFORE A TRADING BASIS HAD BEEN AGREED UPON AT 25¢ TO 50¢ LOWER PRICES COMPARED WITH YESTERDAY, IMPROVED QUALITY CONSIDERED, WHILE PAPER PRICES APPEARED MOSTLY 25¢ LOWER. CULL PRICES SLUMPED LARGELY A FLAT 50¢ AGAIN TODAY, OR $1.00 LOWER FOR TWO DAYS. TRUCK LAMBS TOOK THE FULL DECLINE, THESE BEING DISCRIMINATED AGAINST BECAUSE OF THE POOR SHOWING WHICH THEY HAVE MADE IN DRESSING PERCENTAGES FOR SOME TIME PAST. CLIPPED YEARLINGS WERE SCARCE AND WITH EWES SOLD ABOUT STEADY. RECEIPTS WERE ESTIMATED AT 4,500, COMPARED WITH ACTUALS OF 6,496 LAST TUESDAY AND 3,924 THE SAME DAY LAST YEAR. SEVERAL DECKS OF GOOD TO CHOICE LAMBS TURNED AT $14,75, A SMALL LOT TO BUTCHERS $15.00. BULK OF THE GOOD LAMBS EARNED $14.50, WITH A SIZABLE SHOWING DOWNWARD TO $14.00, INCLUDING GOOD TRUCK-INS. CULLS MOVED MOSTLY AT $ 9.50. TWO DECKS MEDIUM TO GOOD CLIPPED YEARLINGS RECORDED $11.00, WHILE FAT EWES BULKED AT $5.00 TO $6.00 .

NATIONAL STOCK YARDS LIVESTOCK MARKET-WEDNESDAY-JUNE 19, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Today's estimated cattle receipts were figured at 2,500, as compared with 2,199 last mid-week and 1,759 this day last year. Included in the foregoing estimate was a generous number billed to points beyond. For the most part the market was sluggish, the light offering being the only check to depreciations on all classes, some of which in spite of this situation took a downward trend. Fat steers, similar quality mixed yearlings and heifers and medium bulls, which continued in good demand, were wanted and accordingly sold steady, while medium fleshed steers and heifers looked a shade lower. Low cutters sold close to steady; all other cows, however, were neglected and, as a matter of fact, declined 25¢ all along the line, with the possible exception of the kind sufficiently conditioned to command top figures. But strictly heavy, choice cows were not offered. Good and choice vealers dropped 25¢. Ten loads of Texas grass steers were judged 25¢ lower, although there has been nothing here recently with which to compare current western sales.

A very few lightweight steers went from $12.00 to $14.60, the latter figure paid for 994-pounders, while a lesser number of mediumweights brought $12.60, $14.00 and $14.25, 1299-lb. steers at the latter price. Texas steers at $12.00 and $12.50 averaged 808 and 948-lbs., respectively; while those at $11.50 scaled 913 and 1014-lbs., several cars of Brahmans representing the heavier average. Fat mixed yearlings and heifers, largely heifers, although the total of all was small, brought $13.25 to $14.40, 640-lb. heifers making the top, while another load of heifers at $14.35 scaled 726-lbs. Medium fleshed heifers scored $12.25 to $13.00. Straight carcass beef cows sold as low as $8.00, while none was noted at or near the top of the list of quotations, $11.50 to $12.00, for instance. Quite a good many cows cashed at $8.50 to $10.00, while low cutters went almost entirely from $5.75 to $6.75. The practical top for medium bulls was $9.75 as heretofore this week. Good and choice vealers went largely on local packer account, $14.75 being the figure.

HOGS: The early market opened slowly 5¢ to 10¢ higher than Tuesday's best time, mostly to traders and city butchers. Shipping demand was relatively narrow and with packers fighting the advance from the start, the upturn was short-lived and it was not long before most deals were on a steady basis with the best time yesterday. Further weakening tendencies were brought into being before anywhere near a complete clearance was effected as the big packers held off until at the close when they were able to purchase their supplies at steady to 5¢ lower terms than the close yesterday. Packing sows cleared at mostly 10¢ lower prices throughout, while the pig trade was uneven. Lightweights were in good demand and ruled fully steady to strong, but kinds averaging around 130-lbs. were steady to weak.

Local receipts were estimated at 12,500, compared with actual arrival of 10,097 last Wednesday and 8,315 the same day last year.

Although there were a few short loads and lots of 180 to 190-lb. averages at $11.50, the practical top was $11.45. Bulk of the desirable 160 to 220-lb. weights cashed early at $11.35 to $11.45, with 225 to 240-lbs. at $11.30 to $11.35; while 130 to 150-lb. kinds ranged from $10.75 to $11.25, and pigs from $10.25 to $11.00. The late top was $11.30, with the bulk up to 220-lbs. average at $11.30, some 220 to 270-lbs. $11.20 to $11.30 and heavier weights down to $11.10 or below. Packing sows ranged from $9.75 to $10.00, largely $9.85 to $9.90.

SHEEP: Values on fat lambs broke severely here again today, declines of 50 to 75¢ being placed in effect, quality and more severe sorting considered, while culls were mostly 50¢ lower. Ewes were the only class to hold steady, although yearlings were too scarce to test market conditions. There were several decks of closely graded ewe and wether lamb specialties here today which outsold the practical top of the general run of good to choice lambs by mostly 50¢, and in spots, 75¢.

Receipts were estimated at 5,000 compared with actual receipts of 3,716 last Wednesday, and 1,241 the same day last year.

About 600 of these specialty lambs cashed at $14.50, a few reaching $14.75, while the practical top on good to choice lambs stopped at $14.00, the bulk $13.50 to $14.00. Some less desirable material sold downward to $13.00, while culls were found largely at $9.00. Bulk of the fat ewes cleared at $5.00 to $6.00.

OMAHA MARKET - 11:00 A.M.

CATTLE: Fed steers, yearlings and she stock slow weak to 25¢ lower, mostly 10 to 15¢ off; bulls and veals steady to weak, stockers and feeders scarce steady; fed steers and yearlings $13.50 to $15.00, weighty steers include $15.00 some held higher, 1195# wgts. $15.50 and 1170# $15.60; heifers mostly $12.00 to $13.50; beef cows, $8.75 to $10.50; choice kinds very scarce, odd head $11.00 and above. Bulk all cutters $6.50 to $8.00; medium bulls $9.00 to $9.75; practical top veals $14.00; odd heads to independents $15.00; six loads 1053# California steers to feeder buyer $12.90.

HOGS: Opened fairly active to shippers, now slow mostly steady to 10¢ lower; top $11.00 240-290# to $10.50 to $10.85; packing sows $9.25 to $9.75; smooth grades $9.[illegible].

SHEEP: Lambs fully 25¢ lower, yearlings and sheep steady, feeders weak; early sales and bids slaughter range lambs $14.25-14.50; natives $14.25-14.50; fed clipped lambs $13.85; fed yearlings $12.00; ewes $6.50; feeding lambs $12.50-12.75.

NATIONAL STOCK YARDS LIVESTOCK MARKET-THURSDAY-JUNE 20, 1929.
(Based on Market Conditions and Sales Reported up to 1:30 P.M.)

CATTLE: Current estimated cattle receipts 1,800; total last Thursday 1,179; official count this day last year 2,512. Included in today's estimate were quite a number billed through the yards, yet in spite of the relatively light supply there was a positive note of dullness throughout the session. Good steers were confined to two loads at $14.50, averaging 1191-lbs. These looked steady, while the balance, all of which were medium fleshed, went at $12.75 to $13.60 and were called a shade lower. Fat light heifers, low cutters and medium bulls moved in a fairly satisfactory manner at prices practically the same as yesterday. On the other hand, medium fleshed heifers showed a slight decline, whereas cows were hard to turn at a 25¢ decline, there being a noticeable lack of demand for this class, which has been severely pounded this week, with the exception of the choice grade. Good and choice vealers advanced 25¢. Two loads of 686-lb. heifers landed $14.50, the high point for the day, while other fat kinds brought $13.50 to $14.00, largely; medium fleshed kinds $12.25 to $13.00. Most of the cows went at $8.25 to $9.75, while low cutters brought $5.75 to $6.75. Medium bulls sold at $9.75 down. Good choice vealers scored $15.00, both local killers and shippers taking over the supply.

HOGS: There were practically two distinct markets in operation in the hog division today, the early market which opened slowly at 5 to 10¢ lower terms than Wednesday's close, mostly to shippers and small killers, and the late market to packers on a 20 to 25¢ lower level than early. Pigs were scarce and in fairly good demand with very little in the way of price changes occuring on these. Packing sows opened mostly 10¢ lower with spots up to 25¢ lower at the close.

Receipts were estimated at 13,500 compared with actual receipts of 10,451 last Thursday, and 15,615 the corresponding day a year ago.

An extreme top of $11.30 was reached by a load and several lots of choice 180 to 190-lb. weights early, while the practical top was $11.25 with the early bulk of 160 to 230-lb. averages at $11.10 to $11.25. Some heavy hogs averaging around 300-lbs. brought $10.90 to $11.00, while light lights 130 to 150-lbs. ranged from $10.75 to $11.10. Pigs, 130-lbs. down, cleared at $10.25 to $10.85. The late top stopped at $11.05 with the bulk of the late hogs averaging downward from 200-lbs. turning largely at $11.00, a fair showing at $11.05. Very few medium weights above 225-lbs. were noted, some 240 to 250-lb. averages going at $10.90. A few sales of around 260-lbs went late to fill an order at $11.00. Packing sows ranged from $9.50 to $9.90 with the bulk for the day largely $9.65 to $9.85

SHEEP: Buyers were evidently not satisfied that fat lamb values were low enough yet so they were still out offering lower bids again today. With this element of bearishness present, trading was delayed and it was well upward toward the noon hour before a satisfactory price basis had been reached, and scaleward movement was started at unevenly steady to 25¢ lower prices. Yearlings were almost entirely absent and furnished no basis upon which to quote the market. Ewe prices remained unchanged.

The receipts were estimated at 3,000 compared with actual receipts of 1,793 last Thursday and 4,427 the same day last year. Good to choice lambs topped at $14.00, with the bulk of the good lambs from $13.25 to $13.75; a sizeable showing at $14.00. Culls went largely at $9.00, but some sorting was resorted to and consequently some of the better culls cleared at $9.50 and upward to $10.00. Fat ewes bulked at $5.00 to $6.00, with culls downward to $2.25.

OMAHA MARKET 11:00 A.M.

NATIONAL STOCK YARDS LIVESTOCK MARKET - FRIDAY - JUNE 21, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Current estimated cattle receipts 800; official count one week ago 738; total this day last year 786. At least one third of today's run was represented by cattle on through billing. This left but a mere handful for local use, which was a fortunate circumstance, as there was little call for any class, excepting low cutters and good and choice vealers. The former cleared about steady, $5.75 to $6.50 covering most everything, while vealers dropped 50¢, bulk going to a local packer at $14.50. Of steers, heifers and bulls, there were not enough to make a market. The cow situation, which has been bad all along, growing worse as the week progressed, reached that point today where there was little or no competition; in fact, inquiry was almost at the irreducible minimum, and the few deals completed were, for the most part, at the maximum decline for the period, which is easily $1.00 on common to good kinds. A few sales were noted at $7.75 to $9.00.

HOGS: With receipts falling off some 21,000 head in the aggregate at eleven markets compared with a week ago and approximately 8,000 less than the same day a year ago, the local market developed a better degree of activity than the slow session of yesterday. Lightweight hogs were in good demand from all interests and prices on these were boosted mostly 10 to 15¢, and in spots 20¢ above the previous day's close. The demand for anything with weight was somewhat lacking and consequently weighty hogs ruled slow and failed to follow the full advance, some appearing practically unchanged. Pigs were scarce and little or no change in price was registered on this class, with light lights going practically on a par with the general trade yesterday. Packing sows ruled strong with the average.

Receipts were estimated at 11,000, compared with actual arrivals of 13,714 last Friday, and 12,379 the same day a year ago.

An extreme top of $11.25 was reached by a load of fancy Hampshires averaging around 180-lbs., while the practical top stopped at $11.20. Bulk of the 160 to 220-lb. averages cleared at $11.10 to $11.20, mostly $11.15, packers stopping their buys at this figure. Most of the 230 to 270-lb. averages went at $10.90 to $11.05, a few loads at the lighter end reaching $11.10 on shipping account. Some weightier material later also fell within the above spread, with some less desirable kinds at $10.85. A range of $10.85 to $11.10 took 130 to 150-lb. kinds, with 130-lbs down at $10.25 to $10.85. Packing sows ranged from $9.60 to $9.85, bulk $9.65 to $9.75.

SHEEP: After a series of bad breaks in prices during the week, confined largely to fat lambs and culls, the market finally settled down to a steady basis today on all classes in the sheep house. For the week, fat lamb values have been reduced $1.25 to $1.50, with culls practically a flat $1.50 lower. Yearlings have been too scarce to furnish a reliable basis on which to quote, but in sympathy with lambs prices are quotable 50 to 75¢ lower. Ewes remained unchanged throughout.

Receipts were estimated at 1,000 today, as against a total of 801 last Friday, and 1,896 the corresponding day a year ago.

A deck of closely graded specialty ewe and wether lambs was on hand today, these averaging 72-lbs. and cashed at $14.50. The practical top on a deck of good to choice lambs averaging 69-lbs. was $14.00, with the bulk of the good material going at $13.50 to $13.75. Yearlings were very scarce, a few odd lots being noted at $11.00. Cull lambs bulked at $9.00, but a few sorted kinds sold upward to $10.00. Fat ewes sold for the most part between $5.00 and $6.00.

OMAHA MARKET 11:00 A.M.

Cattle: Fed steers and yearling slow steady; she stock and bulls weak; veals steady to strong, stockers and feeders scarce steady; fed steers and yearlings $12.25 to $14.10; two loads medium Holsteins at $12.25; heifers scarce; bulk beef cows $8.50 to $10.00; bulk all cutters $6.50 to $7.75; practical top veals $15.00; few $15.50.
Hogs: Active and uneven; medium and light hogs steady to strong; heavy butchers fully 10 to 15¢ higher; top $10.85 on 185-200# wgts. bulk 170-250# averages $10.65 to $10.75; bulk 250 to 280# butchers $10.60 to $10.75; 280-325# at $10.35 to $10.60; packing sows $9.25 to $9.75; smooth grades up to $9.85.
Sheep: All classes fully steady; Idaho lambs $14.50; natives $14.00 to $14.25; fed yearlings $11.85 to $12.10; ewe top $6.50; feeding yearlings $10.00; range feeding lambs $13.25, down.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JUNE 22, 1929.

(Based on Market Conditions and Sales Reported up to 10:30 a.m.)

CATTLE: Cattle receipts for the week concluded today approximated 15,300 as compared with 11,764 last week and 14,748 during the corresponding period last year. This week was full of events, a few of which were pleasing to the producer, while others were most disheartening, although the situation as a whole was seasonal in nature, one which may be expected with certainty around this time of the year. All of which means that good and choice steer prices start upward, while common and medium fleshed descriptions of practically all killing classes go the other way. In the case of steers this week, the former advanced 25¢, while the others declined a like amount, although some sellers thought the discount even greater in instances. Against the latter may be taken the statement of packer buyers that excessive water fills made steer beef little, if any, cheaper on the hooks. Fat, light mixed yearlings and heifers looked strong in spots the first of the week and closed at least steady with a week ago, while other kinds declined 25 to mostly 50¢. Cows were hit hard, although the choicest were considered not more than 25¢ lower, while most of the others were 75¢ to $1.00 lower, the maximum decline in full force on the few sold today. Cutters slumped 50¢ or more, while low cutters were discounted 25¢ . Medium bulls sold well the first four days at fully steady prices. There were not enough here yesterday to make a market. Good and choice vealers closed 25¢ lower.

Tops for week: 906-lb.yearlings $15.35; 1329-lb.steers $15.00; 683-lb. heifers $14.60; 689-lb.mixed yearlings $14.50. Bulks for week: Steers $12.50 to $14.85; fat mixed yearlings and heifers $13.50 to $14.40; medium heifers $12.50 to $13.00; cows $8.25 to $10.00; low cutters $6.00 to $6.50. Top vealers at close $14.50.

HOGS: The hog market has flucuated considerably during the week, not only from day to day, but also within the day. On some days when the shipping demand was relatively narrow and the small killer trade had been taken care of, the big packers would be attracted only at considerably lower terms. An extreme top of $11.50 was reached early on Wednesday with a late top of $11.30, while Thursday's trade carried an early top of $11.30, with the late top to packers at $11.05, as an illustration of how the advancing prices were fought by the larger interests. Light lights and pigs are about steady with packing sows 15¢ to 25¢ higher than a week ago.

On the market today all interests were in for some hogs, and a good clearance was effected early at steady to 10¢ higher terms compared with Friday's average, butchers from 230 to 250-lbs. showing the major upturn. Packing sows ruled steady to strong. A top of $11.25 was paid for a load and some lots of 190 to 200-lb.averages, while the bulk of the 170 to 250-lb. weights cleared at $11.15 to $11.20, largely $11.15. A short load of medium grade around 300-lb.averages went at $10.75, with 130 to 150-lbs. $10.75 to $11.10, and 130-lbs down scarce at $10.25 to $10.85. Packing sows ranged from $9.65 to $9.90 largely, with heavy material at the low end.

Receipts for the week are approximately 70,000, as against a total of 76,605 the previous week, and 63,409 the corresponding week last year. Today's receipts are 5,000, including 3,500 through and direct, 7,651 last Saturday, and 2,955 a year ago.

SHEEP: For the week, approximately 19,000 sheep and lambs have been marketed, compared with total unloadings of 18,908 the previous week, and 14,835 the corresponding week a year earlier.

Increased receipts and greatly reduced values on the dressed product at Eastern markets have brought about some drastic declines in prices on fat lambs and culls during the past week. Fat lambs are selling mostly $1.25 lower than a week ago, while culls are largely $1.50 lower. At present, prices are at the lowest level of the year and the lowest since about the middle of December, 1928. Clipped yearlings have been relatively scarce throughout the week, only a few decks appearing at the week's opening, but such kinds are quotable 50 to 75¢ lower in sympathy with fat lambs. Aged ewes were the only class to remain on a steady basis.

The top on good to choice lambs on Monday was $15.00, with the bulk at $14.50 to $14.75, including a 25¢ decline on that day. The closing top was $14.00, and the bulk $13.50 to $13.75 on comparable grades. Because of the rapid declines a bulk for the week would mean very little. Culls at present are going largely at $9.00 compared with $10.50 at the previous week's close. A few decks of closely graded lamb specialties cashed at $14.50, some small lots $14.75, outselling the general run of good to choice lambs by 50 to 75¢. Medium to good clipped yearlings went early in the week at $11.00 to $11.25, while the bulk of the fat ewes have sold at $5.00 to $6.00

NATIONAL STOCK YARDS LIVESTOCK MARKET - MONDAY - JUNE 24, 1929.
(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:30 P.M.)

CATTLE: ESTIMATED CATTLE RECEIPTS TODAY WERE 5,500, AS COMPARED WITH ACTUAL ARRIVALS TOTALING 5,509 LAST MONDAY AND 5,544 THIS DAY LAST YEAR. THE HABIT DEVELOPED LAST WEEK OF DEMANDING PRICE CONCESSIONS WAS CONTINUED TODAY, FAT STEERS THIS TIME BEING INCLUDED. TRADING WAS SLOW TO START IN ALL DEPARTMENTS BECAUSE OF A HARD RAIN RIGHT AFTER THE FIRST TAP OF THE BELL, WHILE INTERMITTENT SHOWERS THEREAFTER MADE PROGRESS SLOW A GREATER PART OF THE SESSION. HERETOFORE GOOD AND CHOICE STEERS WERE THE FIRST TO SELL, BUT TODAY THEY WERE ALMOST LAST, AS THE PACKER MADE GOOD HIS INSISTENCE FOR LOWER PRICED BEEF. IN FACT, NATIVE STEERS SOLD 25 TO 50¢ LOWER, WITH GRASSY KINDS OFF THE MOST, ALTHOUGH THE HIGHEST PRICED CONSIGNMENT TURNED, THIS SOME $14.85 YEARLINGS, WERE JUDGED AT LEAST 40¢ LOWER. A FEW OTHER GOOD STEERS WERE WITHDRAWN FROM THE MARKET. OTHERWISE, MOST OF THE NATIVE STEERS, NEARLY ALL OF WHICH WERE IN COMMON AND MEDIUM FLESH, LARGELY THE LATTER, WENT FROM $12.00 TO $13.75, THE LATTER FIGURE PAID FOR SOME SCALING 1339-LBS. THE FOURTEEN CARS OF GRASS WESTERN STEERS, MOSTLY TEXANS, ATTRACTED LITTLE ATTENTION, WITH THE FEW THAT WERE SOLD AT A LATE TRADING HOUR CALLED 25 TO MOSTLY 50¢ LOWER, THESE MAKING $10.50, $10.65 AND $11.25. STRICTLY LIGHTWEIGHT, FAT HEIFERS, MEDIUM BULLS AND VEALERS MADE NO MATERIAL CHANGE. ON THE OTHER HAND, MIXED YEARLINGS AND HEIFERS NOT MEETING THE FOREGOING SPECIFICATIONS DECLINED 25 TO 50¢, WITH COWS AND ALL CUTTERS 25¢ LOWER. INDIVIDUAL HEIFERS SOLD UPWARD TO $15.00, WITH OTHER FAT DESCRIPTIONS $13.00 TO $14.50, WHILE MEDIUM KINDS BROUGHT $12.00 TO $12.75. FEW COWS WERE GOOD ENOUGH TO BRING $11.00, WHILE MANY MATRONS SCORED $8.00 TO $9.75, WITH $7.50 THE LOW QUOTATIONS FOR THE COMMONEST FIT FOR STRAIGHT CARCASS BEEF PURPOSES. LOW CUTTERS WENT AS LOW AS $5.25, WHILE MANY BROUGHT $5.75 TO $6.50, CUTTERS UPWARD TO $7.25. MEDIUM BULLS WENT FROM $9.00 TO $9.75. GOOD AND CHOICE VEALERS DUPLICATED LAST FRIDAY'S FIGURE, WHICH WAS $14.50.

HOGS: THE HOG MARKET WAS DELAYED AT THE VERY OPENING BY OVER-CAST SKIES, WHICH DARKENED THE PENS TO THE EXTENT THAT IT WAS IMPOSSIBLE TO CARRY ON ANY TRADING OPERATIONS. NOT LONG AFTERWARD, HOWEVER, IT BECAME LIGHTER AND IN SPITE OF THE RAIN, THE MARKET OPENED FAIRLY ACTIVE AT STRONG TO 10¢ HIGHER PRICES, COMPARED WITH SATURDAY'S AVERAGE. MOST OF THE EARLY TRADING WAS CONFINED TO SHIPPERS AND SMALL KILLERS, WITH LIGHT HOGS LARGELY SHOWING THE ADVANCE. MOST OF THE LIGHT HOGS SOLD EARLY, BUT A FEW LOADS OF LATE ARRIVALS WENT TO PACKERS AT COMPARABLE PRICES WITH THE EARLY TRADE. BIG PACKERS WERE GOOD PURCHASERS OF MEDIUM AND HEAVY WEIGHT BUTCHERS AT STEADY PRICES ON SECOND ROUNDS, AND A RATHER COMPLETE CLEARANCE WAS EFFECTED WELL BEFORE THE NOON HOUR. PIGS DEVELOPED SOME STRENGTH IN SPOTS BUT SUCH KINDS ARE COMING IN TOO LIGHT A SUPPLY TO REALLY FURNISH A BASIS ON WHICH TO QUOTE. PACKING SOWS SOLD MOSTLY 10¢ HIGHER. RECEIPTS WERE ESTIMATED AT 13,500, INCLUDING 1,500 THROUGH AND DIRECT, BUT WITH THE PREVAILING STORM CONDITIONS IT APPEARED THAT THE TRUCK RECEIPTS WOULD FALL SHORT AND LESSEN THE TOTAL BY ABOUT 2,000 HEAD. AT LAST WEEK'S OPENING, ACTUAL UNLOADINGS OF 15,426 WERE PRESENT, AND 10,738 THE SAME DAY A YEAR AGO.

THE TOP TODAY WAS $11.35, PAID FOR SEVERAL LOADS OF 180 TO 200-LB. AVERAGES, WHILE THE BULK OF THE DESIRABLE 160 TO 225-LB. WEIGHTS CASHED AT $11.25 TO $11.30, SOME MEDIUM GRADE KINDS DOWNWARD TO $11.15. MOST 230 TO 250-LB. AVERAGES WENT AT $11.15 TO $11.25, WITH 250 TO 310-LB. KINDS FROM $10.90 TO $11.15. ON THE LATE MARKET FOUR CARS OF 275-LB. AVERAGES RECORDED $11.00, WHILE SIX LOADS OF WEIGHTY BUTCHERS RANGING FROM 260 TO 340-LBS., AVERAGING 308-LBS. FOR THE GROUP, REGISTERED $10.90, SUCH MATERIAL APPEARING ABOUT STEADY. LIGHT LIGHTS 130 TO 150-LBS. WERE ALSO SCARCE, A FEW SALES BEING NOTED AT $11.00 TO $11.25, WITH 130-LBS DOWN FROM $10.25 TO $11.00. PACKING SOWS RANGED FROM $9.75 ON HEAVIES TO $10.00 ON LIGHT, NEAR BUTCHER KINDS, WITH THE BULK LARGELY AT $9.85 TO $9.90.

SHEEP: FURTHER DECLINES DEVELOPED IN THE SHEEP HOUSE TODAY, FAT LAMB PRICES BREAKING MOSTLY 25¢ AND CULLS LARGELY 50¢. PAPER DECLINES WERE MODERATED SOMEWHAT BY DAMP AND WET FLEECES, HOWEVER, AND ON THE WHOLE THE QUALITY WAS NOT QUITE AS DESIRABLE. YEARLINGS WERE TOO SCARCE TO QUOTE, WHILE SHEEP REMAINED STEADY.

NUMBERS WERE ESTIMATED AT 4,500 COMPARED WITH 5,393 LAST MONDAY, AND 6,014 THE SAME DAY LAST YEAR. A DOUBLE DECK OF GOOD TO CHOICE LAMBS, CLOSELY GRADED, CASHED AT $13.85, WITH A FEW CHOICE LOTS TO CITY BUTCHERS UP TO $14.00. PACKERS PAID $13.75 FOR THE TOP OF THE GENERAL RUN OF GOOD TO CHOICE MATERIAL, WITH THE BULK $13.25 TO $13.50, AND A LIBERAL SHOWING OF KINDS BORDERING ON THE MEDIUM ORDER AT $13.00. CULLS TURNED CHIEFLY AT $8.50, SOME ACCOMPANYING THE GRADED LAMBS REACHING $9.00. FAT EWES BULKED AT $5.00 TO $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET - TUESDAY - JUNE 25, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 6,000; total last Tuesday 3,298; official count this day last year 5,405. Current cattle receipts, if the official count supports the early estimate, will stand as the high point so far this year. All classes were fairly well represented, although there were fewer strictly well-conditioned steers than have arrived on the average Tuesday for some time. Buyers maintained their pounding tactics wherever possible, although concessions were not quite so general as those of yesterday. Most of the native steers, and that included fat descriptions, stood another 25¢ decline, while cows and heifers and western steers, the latter Texas grassers, sold steady to 25¢ lower, some of the better descriptions making no change. Low cutters and cutters cleared approximately at the price level established the day before. Medium bulls opened steady and closed with practically no demand after the usual orders had been filled. Good and choice vealers declined 25¢, probably in sympathy with the general downward movement of cattle prices this week.

The best conditioned steers noted comprised a load of 955-lb. yearlings at $15.00 and two loads at $14.65, averaging 900-lbs., while the rest of the lightweight steers to sell up to the noon hour scored $11.50 to $13.75. The few weightier steers sent scaleward brought $13.50 and $13.85, averaging 1227 and 1140-lbs., with a couple of consignments at $11.75 and $12.35. Thirty-one cars of western steers (Texans) ranged from $10.00 to $12.25, those at the latter figure scaling slightly under 1100-lbs. Fat mixed yearlings and heifers sold all the way from $13.00 to $14.60, the higher figure paid for choice, 656-lb. heifers, while other load lots cashed at $13.80; medium kinds $11.50 to $12.75. Quite a good many cows went at $8.00 to $9.75, few, if any, better than $11.00. Low cutters went principally from $5.75 to $6.50. During the early rounds best medium bulls claimed $9.75, which was not obtainable at the close. Good and choice vealers brought $14.25.

HOGS: Receipts of hogs on the eleven market circuit loomed up about 23,000 more than last Tuesday, but fell short of 4,000 in coming up to the receipts of a year ago. Local receipts were estimated at 17,000 today, compared with actual arrivals of 12,766 last Tuesday, and 15,772 the same day last year. The market was rather slow in getting under way this morning, and from the start it appeared that the opening might be 5¢ to 10¢ lower than Monday's best time. When once started, however, it gained momentum and ruled moderately active at steady to 5¢ lower terms than Monday's best time mostly to shippers and small killers. Shipping orders were not so plentiful, and not nearly enough to clean up a very large share of the crop, so later when existing orders had been filled and the small killers' appetite satisfied, the market ran into difficulties. The result was mostly a 10 to 15¢ lower close or 15 to 20¢ below Monday's high time. Most of the pigs, which were scarce, sold early and packing sows escaped without any price changes from yesterday.

The early top was $11.30 paid for a few loads of 180 to 200-lb. averages, only a small lot or two above. Bulk of the 160 to 220-lbs. early went at $11.20 to $11.25, with some 240-280-lb. weights at $11.00 to $11.15 and good and choice 130 to 150-lbs. at the same range, some less desirable kinds down to $10.85 or below. Pigs cashed at $10.25 to $11.00, while packing sows ranged largely from $9.75 to $10.00, bulk $9.85 to $9.90. The late top was $11.15, with the bulk 220-lbs. down from $11.10 to $11.15, some up to 240-lbs. at $11.00, with odd lots of heavier weights or plainer light and medium weights down to $10.75.

SHEEP: There was a great deal of hesitancy on the part of buyers to step in on the market and purchase their supplies of fat lambs at steady prices. After a long session, sellers finally won out and scaleward movement was made at practically unchanged prices, some weakness apparent when the better quality was taken into consideration. Other classes registered no change.

Receipts were posted at 6,500 today, as against unloadings of 2,450 last Tuesday, and 9,467 the same day a year earlier.

The practical top on good to choice lambs was $13.75, bulk $13.50 to $13.75, while city butchers paid up to $14.00 for some small lots. A fair showing was noted at $13.25, some down to $13.00. A few decks of closely graded specialties went at $13.85 to $14.00, the prime end reaching $14.25. Culls cleared largely at $8.50, a few sorted kinds up to $9.00. Only odd lots of clipped yearlings were noted around $11.00 while the bulk of fat ewes recorded $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET - WEDNESDAY-JUNE 26, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 3,200; total last Wednesday 3,346; official count this day last year 2,960. Excepting twenty-five cars of Texas steers on the market today and quite a number of native cattle billed through the yards to distant points, there were few available for local wants, yet despite this situation, trading was slow throughout the entire session, many sales being made on a catch-as-catch-can basis, as buyers were indifferent towards practically all kinds represented. At that, however, native steers, cows, all cutters and good and choice vealers moved on about a steady basis, while heifers and medium bulls, with exceptionally narrow demand, declined 25¢, some heifers down more, while bulls at present stand 50¢ under the close of last week. Practically all of the western steers were low in flesh, grading common, in fact, and because of their thin condition only five loads had been turned up to 1:30 p.m., these being called steady. The few lightweight native steers sold at $11.25 to $14.35, yearlings at the top averaging 825-lbs., the two outstanding deals comprising the yearlings and some others at $14.00. Heavier steers, all of which were mediumweights, scaled from 1100 to 1186-lbs. These ranged from $11.50 to $14.35, with the majority $12.85 up, while over fifty per cent registered $13.25 to $14.35. One car of 880-lb. Texas steers scored $10.75, while four loads registered $9.50, averaging 790-lbs. Since the foregoing was written; eighteen cars of Texas steers brought $10.00, which was considered 25¢ lower. Few, if any, heifers in sizable lots went better than $14.00, while two lots totaling 101 head, scaling 671 and 708-lbs., landed $14.00. Other fat descriptions not so well finished cashed at $12.75 and better; medium kinds $11.50 to $12.50, largely. Most cows registered $8.00 to $9.00; low cutters principally $5.75 to $6.50. Early yesterday morning $9.75 was the figure for best medium bulls, with $9.50 hard to collect right at and near the close, while today's practical top dropped to $9.25. Good and choice vealers brought $14.25, which is the same as Tuesday's price.

HOGS: Increased hog receipts at the eleven principal market again prompted the buying side to put bearish practices in force on the local market as well as at practically all outside points. Local receipts were estimated at 15,500, as against a total of 12,342 last Wednesday, and 13,688 the corresponding day a year ago.

Activity was noticeably lacking in the opening market this morning. Sales were few and far between at the start and prices appeared 5 to 10¢ lower than the close of Tuesday on light hogs. Packing sows and pigs, which did not share in the decline of yesterday, were on a 15 to 20¢ lower level early. There were a considerable number of shipping orders to be filled and with a little additional weakening in prices, everything went right along on light and medium weight hogs, but several loads of heavy hogs were draggy and hard to sell. At the wind-up packers were taking weight averages 240-lbs. down at 10 to 15¢ lower prices than Tuesday's closing trade, while heavy hogs which were absent yesterday showed the full decline, or more, of the lighter weights over a two day period. Packing sows closed 10 to 15¢ lower than Tuesday's general trade.

The practical top early was $11.10, with most of the few early sales of 220-lbs. down at $11.00 to $11.10. An extreme top of $11.15 was registered on one load of 180-lb. weights. Some 220 to 250-lb. kinds went at $10.90 to $11.00, with 130 to 150-lbs. at $10.75 to $11.00 and 130-lbs.-down, $10.25 to $10.90. The late packer top was $11.00 with the bulk 240-lbs. down, $10.90 to $11.00, mostly $11.00 on 210-lbs. down, with 260 to 280-lbs. at $10.75 to $10.85. Some loads of good and choice 300 to 340-lb. averages cashed at $10.60 to $10.70, one load averaging 387-lbs. stopping at $10.55. Packing sows ranged from $9.65 to $9.85, bulk $9.75.

SHEEP: Morning estimates placed sheep and lamb arrivals at 3,500, compared with 4,691 last Wednesday and 4,836 same day a year earlier.

Trading was delayed by the late arrival of some of the receipts, but a fairly good clearance had been effected before the noon hour at steady to strong, and in spots 25¢ higher prices on fat lambs, with other classes steady. Several decks of good to choice lambs went to packers at $14.00, city butchers also paying this price for a few small lots, while the bulk cleared at $13.50 to $13.75, some downward to $13.25. Culls turned largely at $8.50, some sorted kinds up to $9.00. A deck of medium to good clipped yearlings recorded $10.75, while fat ewes bulked at $5.00 to $6.00, culls downward to $2.50.

- OMAHA MARKET - 11:00 a.m. -

Cattle: Fed steers and yearlings very slow, 25¢ lower. She stock and bulls slow, weak. Veals about steady; fed steers and yearlings $13.00 to $14.50; few loads $14.75-14.90. heifers $11.75 to $13.50; cows $8.25 to $9.75; cutters $6.25-7.75; bulls $9.00 to $9.50; veals $14.50 to $15.50.

Hogs: Uneven, 10 to 20¢ lower; top $10.60; 170-250# $10.40 to $10.60; packing sows $9.15 to $9.65; pigs $9.50 to $10.50.

NATIONAL STOCK YARDS LIVESTOCK MARKET - THURSDAY- JUNE 27, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:30 P.M.)

CATTLE: ESTIMATED RECEIPTS 1,800; TOTAL LAST THURSDAY 1,879; OFFICIAL COUNT THIS DAY LAST YEAR 2,153. THERE WERE NOT MANY CATTLE ON SALE TODAY AND THE TRADE IN GENERAL HAD MANY OF THE ASPECTS OF THE AVERAGE FRIDAY MARKET. IN MANY CASES TRADING WAS CONDUCTED ON A CATCH-AS-CATCH-CAN BASIS. FOR THE MOST PART, HOWEVER, PRICES RULED STEADY, WITH COWS AND ALL CUTTERS WEAK. THERE WAS LITTLE CALL FROM BIG PACKERS FOR THE TWO LATTER CLASSES AND, IN FACT, NEARLY ALL BUYERS APPEARED TO HAVE ALREADY COMPLETED THEIR BUYING QUOTA FOR THE WEEK. A VERY FEW NATIVE STEERS CLEARED FROM $12.50 TO $13.50, MOSTLY SMALL LOTS, WHILE TWO CARS OF TEXAS STEERS, HELD OVER FROM WEDNESDAY, AVERAGING 887-LBS., DUPLICATED YESTERDAY'S PRICE OF $10.00, WHICH WAS PAID FOR THE SAME KIND OF STEERS. FAT HEIFERS CLEARED AT $12.75 TO $13.50, THE LATTER FIGURE PAID FOR TWO LOADS SCALING 672-LBS. COWS WENT MOSTLY FROM $7.75 TO $9.25; LOW CUTTERS $5.50 TO $6.25; MEDIUM BULLS $9.25 DOWN. GOOD AND CHOICE VEALERS WENT MOSTLY ON SHIPPER ACCOUNT, $14.25 BEING THE PRICE.

HOGS: TRADING IN THE HOG HOUSE OPENED SLOWLY ABOUT STEADY WITH WEDNESDAY'S AVERAGE OR STEADY TO A SHADE HIGHER THAN THE CLOSE, WITH THE EXTREME TOP 10¢ HIGHER. A MODERATELY ACTIVE TRADE RESULTED LATER, LARGELY TO SMALL KILLERS AND SHIPPERS, WITH VERY LIMITED PURCHASES BY LARGE PACKERS.

A NEARLY COMPLETE CLEARANCE HAD BEEN EFFECTED AT A RATHER EARLY HOUR WITH NO CHANGE IN THE PREVAILING EARLY TREND, EXCEPT THAT DEMAND WAS LIMITED FOR WEIGHTY BUTCHERS AND A FEW LOADS SOLD LATE AT A SLIGHT DECLINE.

AN ESTIMATE OF 13,500 WAS POSTED FOR THE NUMBER OF HOGS TO ARRIVE, INCLUDING 3,500 THROUGH AND DIRECT, COMPARED WITH ACTUAL RECEIPTS OF 13,825 LAST THURSDAY, AND 8,996 THE SAME DAY LAST YEAR.

AN EXTREME TOP OF $11.10 WAS PAID SPARINGLY, ONLY A LOAD AND A FEW LOTS OF 190 TO 200-LB. AVERAGES BRING THIS PRICE. FOR THE BULK OF THE 160 TO 220-LB. WEIGHTS A SPREAD OF $11.00 TO $11.05 WAS SUFFICIENT, WHILE 230 TO 260-LB. AVERAGES SCORED $10.80 TO $10.95. SOME 260-270-LB. WEIGHTS SOLD LATE AROUND $10.75 AND ONE LOAD OF AROUND 300-LB. AVERAGES WENT AT $10.65. MOST 130 TO 150-LB. KINDS CASHED AT $10.75 TO $11.00. WITH A HEALTHY DEMAND FOR FEEDER PIGS SCALING UNDER 130 POUNDS, BEST KINDS ARE SELLING UP TO $11.00, THIS FIGURE BEING PAID MOSTLY FOR 90 TO 120-LB. WEIGHTS. A SPREAD OF $10.25 TO $11.00 WILL INCLUDE PRACTICALLY ALL WEIGHTS AND GRADES.

SHEEP: WHILE LOCAL RECEIPTS OF SHEEP AND LAMBS SHOWED AN INCREASE COMPARED WITH A WEEK AGO, DEMAND, STIMULATED BY RECENTLY IMPROVED TONE TO THE EASTERN DRESSED LAMB TRADE, WAS SUFFICIENT TO EFFECT A READY CLEARANCE AT STEADY TO STRONG PRICES, SPOTS EVEN REFLECTING A 25¢ UPTURN. CULLS AND SHEEP WERE UNCHANGED FROM YESTERDAY. RECEIPTS HERE WERE ESTIMATED AT 3,500 HEAD AS COMPARED WITH ACTUAL MARKETINGS OF 2,450 A WEEK AGO AND 2,327 A YEAR AGO. MAJORITY OF LAMBS SOLD AT $13.50 TO $13.75 WITH AN OCCASIONAL LOAD BORDERING ON MEDIUM GRADE AT $13.25. SEVERAL DECKS EARNED $14.00 AND CLOSELY SORTED SPECIALTIES SOLD UP TO $14.25 AND $14.50. BULK OF CULLS WERE REMOVED AT $8.50, A FEW BETTER KINDS AT $9.00. BULK OF FAT EWES EARNED $5.00 TO $6.00. PRACTICALLY NO YEARLINGS WERE ON SALE, TRADE BEING NOMINAL.

- OMAHA MARKET - 11:00 A.M. -

NATIONAL STOCK YARDS LIVESTOCK MARKET - FRIDAY - JUNE 28, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 800; total last Friday 976; official count this day last year 836. As nearly all of the cattle in today's receipts were billed through, there were not enough on sale to make a market. Besides, there was no interest manifested in the few odd head that were scattered around the yards, hence it is clear that receipts and demand were well matched.

Vealers were the only class that merit mention. Good and choice kinds sold 25¢ higher, bulk and top making $14.50.

HOGS: Hog receipts were light today, actual supplies falling short of the estimated 10,000 head and trade was active at an advance of 20 to 25¢ on light and medium weight kinds. Heavy hogs found slightly less action though they shared the advances to the extent of 10 to 20¢. Pigs and packing sows also reflected 10 to 15¢ upturns. Early sales were made on account of butchers and shippers but all interests were buying at the close in line with early transactions and an early clearance was effected. The run last Friday totaled 10,617 and a year ago 7,151 were offered.

Top price rose to $11.35, this being paid early for an occasional load of 190 to 210-lb. weights and with a fairly liberal number realizing the figure before the close. A sprinkling found an outlet at $11.30 while big end of 160 to 220-lb. weights earned $11.25. Several loads averaging over 220 pounds or carrying an end of heavy hogs cashed around $11.15. Most 240 to 270-lb. butchers moved at $10.90 to $11.10, about a load of 325-lb. descriptions earning $10.75. Majority of 130 to 150-lb. light lights sold at $11.00 to $11.25, with pigs largely $10.50 to $11.00, occasional lots higher. Bulk of packing sows sold to packers at $9.85, numerous early sales being made at $9.90.

SHEEP: Sheep and lamb offerings were estimated at 1,200 head and comprised about a normal Friday run for this time of the year. Supplies of last Friday totaled 1,009 and a year ago 947. Demand for lambs was broad and after a slow opening an early clearance was made at strong prices, numerous lots reflecting a 15 to 25¢ upturn. Most of the general run of lambs grading good to choice went at $13.50 to $14.00, city butchers taking several sizable lots at $14.25. A few decks of closely sorted lambs sold at $14.35 and about 60 head of specialties earned $14.75. Culls were sorted off around $8.50 mostly, a few up to $9.00. Sheep were scarce and sold steady, most of the fat ewes going at $5.00 to $6.00 according to weight and quality. Not enough yearlings were here to quote a market.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JUNE 29, 1929.
(Based on Market Conditions and Sales Reported up to 10:30 A.M.)

CATTLE: Cattle receipts for the last week in June approximated 17,300, as compared with 15,500 the preceding week and 17,238 during the corresponding period last year. When the count has been checked, receipts this week will probably stand as the heaviest for any preceding six-day period this year. By constantly hammering from day to day, the buyer succeeded in lowering the price level of cattle all the way from 25¢ to $1.00, good and choice vealers being the only exception, and these would have been lower as well had they not recuperated today after selling at $14.25 for three days.

Compared with the close of last week, good and choice steers and like quality mixed yearlings and heifers sold 25 to 50¢ lower; other native steers and beef cows 50 to 75¢ lower; best western steers 25 to 40¢ lower; other westerns 50 to 75¢ and in spots $1.00 lower; medium fleshed heifers 75¢ to $1.00 lower; all cutters 25¢ lower; bulls 50¢ lower; vealers steady; stocker and feeder steers and feeding cows and heifers 25¢ lower. Tops for week: 955-lb. yearlings $15.00; 656-lb. heifers $14.60; 1186-lb.matured steers $14.35; 781-lb. mixed yearlings $13.85; 1063-lb. Texas grass steers $12.25. Bulks for week: Native steers $12.00 to $14.40; western steers $10.00 to $11.60; fat mixed yearlings and heifers $13.00 to $14.00; medium fleshed heifers $11.50 to $12.50; cows $8.00 to $9.25; low cutters $5.75 to $6.25.

HOGS: Supplies in the hog house today were really too scanty to form a basis for quoting trends. The estimate was placed at 3,000 head, including 1,800 billed through and direct, as compared with actual marketings of 4,596 last Saturday and 1,976 a year ago. Some demand existed for light and medium weight hogs and the meager supplies found a ready outlet at prices that looked 25 to 30¢ higher. No heavy hogs were here. Pigs and light lights were in very light supply but were quoted higher in line with the others.

Top price rose to $11.65 for one load of choice 175-lb. averages with a load of 190-lb. weights at $11.55, the next highest price. Majority of 160 to 220-lbs. went at $11.50 with an occasional lot of less desirable medium weights at $11.35 and $11.40. Better 130 to 150-lb. light lights are quotable at $11.25 to $11.50 and 90 to 130-lb. kinds from $11.25 downward. A few odd lots of packing sows turned at $10.00 ot 10 to 15¢ higher.

SHEEP: Receipts of sheer and lambs this week totaled approximately 20,800 compared with actual marketings of 18,948 last week and 23,766 a year ago. Total at eleven markets was about fifteen per cent less than a week ago.

Lambs had a two-way trend during the present week, better grades, after a rather slow, weak tendency during the early part of the week, finishing steady to 25¢ higher. Culls were discounted another 50¢ and reached the low point of the season. Sheep were in light supply and prices were unchanged. Yearlings were too scarce to form a basis for trade, a few medium to good grade kinds comprising bulk of offerings. While several lots of closely sorted specialties in the lamb section sold up to $14.50 and $14.75, practical top for the week was $14.35 for a few decks of choice sorted lambs on Friday. Bulk of the week's supplies passed through a $13.50 to $14.00 spread with most culls out at $8.50, a few up to $9.00. The medium to good yearlings sold at $10.75 and $11.00. Fat ewes bulked at $5.00 to $6.00 according to weight and quality.

Note: National Stock Yards will be closed July 4th.
Stock arriving on that date will be cared for as usual.

NATIONAL STOCK YARDS LIVESTOCK MARKET - MONDAY - JULY 1, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 5,000; total last Monday 5,563; official count this day last year 5,859. Included in the run were 53 cars of range cattle, most of which were steers, with Texas more largely represented than Oklahoma. There were less than a dozen loads of native steers offered, fat descriptions being confined to a part load of yearlings and two loads of lightweight steers in good flesh, while the rest were in medium flesh only.

Compared with the close of last week, fat steers sold 25¢ higher; good and choice vealers 75¢ higher; other classes steady. Trading ruled slow for the most part, although a satisfactory clearance was effected well before the noon hour. Cows, all cutters and heifers were slow getting under headway, with local killers taking little interest during the first rounds.

One-half a load of 943-lb. yearlings landed the day's top, which was $14.60, while two cars at $13.75 and $14.00, both of these lightweights, completed the day's crop of fat steers. The balance of steers from nearby territory brought $11.25 to $13.00. Some fed Texas steers at $12.60 and $12.75 averaged 1154 and 1207-lbs. The remainder of range steers, all of which were grassers, cleared in a spread of $10.00 to $12.00, the majority $10.75 to $11.75. Fat heifers went almost wholly from $12.75 to $13.50, the latter figure paid for some averaging 656-lbs., while medium fleshed kinds brought $11.50 to $12.50. Most cows landed $7.75 to $9.00; low cutters largely $5.50 to $6.25. Medium bulls went principally from $8.00 to $8.75, a few reaching $9.25. Good and choice vealers climbed to $15.25, most of the receipts going on shippers account.

HOGS: Receipts of hogs were heavier than a week ago, not only at the local market but in the aggregate at eleven principal centers. This bearish factor was balanced, however, by an improved tone to the dressed pork trade in the East and liberal shipping orders were available. Trade opened actively to shippers and local butchers, strong to 10¢ higher than Friday or 15 to 25¢ under the rather out of line session of Saturday. Packers were buying at the close though comparatively few were left over for these after other interests had creamed the supplies. The finish was active and a good clearance was effected. Pigs were about steady with Friday. Receipts here were estimated at 15,500 compared with actual marketings of 11,573 last Monday and 12,313 a year ago.

Most 160 to 230-lb. hogs sold to all interests at $11.25 to $11.35, nearly all of the better 170 to 210-lb. descriptions passing through the narrow spread of $11.30 to $11.35. Top figure was $11.40 paid for several loads of light and light medium weights. Majority of 230 to 260-lb. butchers moved at $11.00 to $11.25, a load of choice 337-lb. weights scoring $10.90. Some plain quality 300-lb. hogs sold down to $10.75. Bulk of 130 to 150-lb. light lights cashed at $11.00 to $11.25, with 130-lbs. and down going largely at $10.50 to $11.00. Packing sows bulked at $9.85 to $9.90, a few light smooth kinds at $10.00.

SHEEP: Sheep and lamb receipts footed up around 4,000 head compared with actual marketings of 4,676 last Monday and 3,628 a year ago. Receipts at eleven markets recorded a slight increase compared with a week ago but dressed lamb in the East reported a better tone and demand was quite active, particularly on the part of local packers. General lamb values were on a strong to 25¢ higher basis compared with the close of last week, sheep, while in light supply, holding steady. General quality of the lamb run, while not especially desirable, was a little better than the average of late Mondays. Bulk of the desirable natives sold at $14.00 to $14.25, latter price being the day's top. Southwest Missouri lambs, which were quite numerous, sold mostly at $13.75 to $14.00. Culls were sorted off at $8.50 mostly. Yearlings were in too light supply to quote. Fat ewes went on packing account at $5.00 to $6.00 according to weight and quality.

NATIONAL STOCK YARDS LIVESTOCK MARKET - TUESDAY - JULY 2, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p. m.)

CATTLE: Estimated cattle receipts 3,500; total last Tuesday 5,555; official count this day last year 3,734. Due to light receipts and that fact that this will be a short week owing to the intervention of July 4, trading ruled active in practically all departments this morning. Under the foregoing circumstances, all killer representatives were out for their share of the cattle. The result was that native steers - there were no westerns here today - sold 25¢ higher; cows and heifers strong to 25¢ higher; all cutters 10 to 15¢ higher; medium bulls 15 to 25¢ higher, after an effort early to buy them steady; good and choice vealers unchanged.

One load of well finished, 971-lb. yearlings yielded $14.75, the day's top. While other yearlings brought $13.75 to $14.50, with the remainder of lightweights $11.00 to $13.50. Mediumweight steers ranged from $13.00 to $14.25, bulk going in the $13.00 column. Steers at $14.25 averaged 1297-lbs., while the others averaged 1160 to 1293-lbs., with two loads at $13.60 scaling 1311-lbs. Bulk of all steers made $13.00 to $14.10. Fat mixed yearlings and heifers went from $13.00 to $14.00, individual heifers slightly higher, while medium descriptions brought $11.50 to $12.75. Most cows scored $8.00 to $9.50; low cutters almost exclusively $5.50 to $6.25. Medium bulls cleared at $9.50 down. Good and choice vealers went largely on packer account at the figure paid yesterday, which was $15.25.

HOGS: Shipping demand was quite liberal today but increased supplies locally and in the aggregate around the market circuit proved something of a bearish influence and trade carried an easier undertone. Opening sales were made steady to a shade lower than Monday and at the finish, better light and medium weight hogs would average around 5¢ lower. Weightier butchers were slow and declined 5 to 10¢. Packers bought fairly actively after mid-session and a good clearance was effected. Local receipts were estimated at 17,500 including 2,000 billed through and direct compared with actual arrivals of 15,980 last Tuesday and 13,425 a year ago.

Top price held at $11.35 today but was paid quite freely throughout the whole session. Practically all 160 to 230-lb. weights passed through a spread of $11.20 to $11.35, bulk at $11.25 and $11.30. Several loads of 240 to 260-lb. butchers moved at $11.00 to $11.15 with an occasional load of around 280-lbs. down to $10.90. No extreme heavies were on sale. Pigs and light lights shared the easier tendency though prices showed little change. Most 130 to 150 -lb. light lights scored $11.00 to $11.25 with pigs scaling 130-lbs. and down at $10.50 to $11.00. Packing sows bulked at $9.85 to $9.90 with a few light smooth descriptions up to $10.00.

SHEEP: Sheep and lamb receipts were estimated at 7,000 head but actual arrivals surpassed this figure so that the run was the heaviest of the season to date. This resulted in lamb trade being slow in opening and ruling mostly steady with an easier undertone while some other points recorded a stronger trend. The run last Tuesday totaled 6,711 and a year ago 4,870 were offered. Bulk of lambs were natives and sold to packers at $13.75 to $14.25, with majority around $14.00. A few decks of strictly choice lambs, closely sorted and graded sold up to $14.50, but these were hardly a criterion of market conditions. Most culls were removed at $8.50. Yearlings were too scarce to quote, odd lots on medium to good order selling at $10 00 to $11.00. Sheep were steady, fat ewes going to packers at $5.00 to $6.00 according to weight and quality.

NATIONAL STOCK YARDS LIVESTOCK MARKET - WEDNESDAY-JULY 3, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Today's cattle receipts, which were estimated at 1,700, were unusually light for the middle of the week, even with a holiday at hand. Receipts last Wednesday totaled 3,431 by actual count. As one year ago today was a holiday, there is nothing with which to compare the foregoing figures. With the exception of one load of mixed yearlings, steers were the only item on the list in so far as load lots were concerned. These totaled right at a dozen loads, with trading noticeably active and the trend mostly 25¢ higher. There were scarcely enough mixed yearlings or heifers here to make a market, although the few deals made were steady to strong. Cows and all cutters moved on a steady basis, while medium bulls advanced 15 to 25¢. Under the keenest competition of the week, good and choice vealers shot upward 50 to 75¢.

Medium weight, medium fleshed steers comprised two consignments at $13.00 and $13.60, averaging 1112 and 1272-lbs., respectively, while two loads of good steers, scaling 1327 and 1367-lbs., landed $14.75 and $14.90, the latter very thick in flesh but otherwise minus the requisites of the choice grade. The remainder of the steers, all lightweights, ranged from $13.00 to $14.35. One load of 756-lb. mixed yearlings scored $14.50, which stands as the high point for the kind so far this week. Individual head of good heifers registered $13.00 to $13.75, while medium descriptions made $12.00 to $12.75. Most cows brought $8.00 to $9.50; low cutters principally $5.75 to $6.25. Best medium bulls cashed at $9.75, while good and choice vealers accomplished the unusual when going at two figures, which were $15.75 and $16.00.

HOGS: Marketings were light in the hog yards today and demand was quite active on the part of all interests. Prices as a result scored a 15 to 20¢ advance and reached practically the highest point since last May, only a few loads last Saturday selling above today's figures. Pigs ruled strong to 25¢ higher and packing sows advanced 10 to 15¢. Closing trade was active and strong at the day's advance. Receipts were estimated at 12,000 head including 4,000 billed through and direct compared with actual marketings of 15,434 last Wednesday.

Top price rose to $11.55 to take a few loads of choice 180 to 200-lb. weights. Bulk of 160 to 230-lb. hogs sold at $11.35 to $11.50 with $11.40 to $11.50 taking practically everything up to 220-lbs. Several loads of 230 to 260-lb. butchers cashed at $11.25 to $11.35. No weightier butchers were on sale but 300-lb. kinds are salable down to $11.00 or below. Majority of 130 to 150-lb. light lights sold at $11.15 to $11.40, some one-fifties up to $11.50. Feeder and slaughter pigs scaling 130 pounds and down earned $10.75 to $11.15, a few up to $11.25. Bulk of packing sows earned $10.00 with an occasional lot of heavies down to $9.90.

SHEEP: Sheep and lamb receipts were estimated at 3,500 head as compared with actual marketings of 4,591 last Wednesday. Corresponding Wednesday of last year was observed as a holiday. The market was a little slow in opening today but was over early at generally steady prices. Packers and city butchers bought desirable lambs at $13.75 to $14.25 with an occasional lot bordering on medium grade at $13.50. A few decks of closely sorted strictly choice lambs sold at $14.50 with odd head of specialties higher. Culls were removed at $8.50 for the most part. Not enough yearlings were on sale to form a basis for quoting trends or prices. Fat ewes went to packers at $5.00 to $6.00, the price depending on weight and quality of the individual lot.

NATIONAL STOCK YARDS LIVESTOCK MARKET - FRIDAY - JULY 5, 1929.

(Based on market conditions and sales reported up to 1:30 p.m.)

CATTLE: Current cattle receipts, which included those arriving yesterday, were estimated at 2,000, with steers about the only class showing in load lots. The market ruled steady on all classes excepting that bulls dropped 25¢, while good and choice vealers advanced sharply, the price level rising to a point 75¢ to $1.00 above that of last Wednesday.

The steer quota approximated 15 loads, with lightweights in the majority. These ranged from $10.35 to $15.00, the bulk $12.60 to $14.65, with those at the top averaging 903-lbs. Mediumweight steers comprised some 1103 and 1184-pounders at $13.25 and others at $13.75 scaling 1225-lbs. One small lot of mixed steers and heifers brought $14.25, other fat but less finished descriptions downward to $13.00, while medium fleshed kinds made $11.50 to $12.75. Most cows registered $8.00 to $9.25; low cutters $5.60 to $6.25. Medium bulls sold at $9.50 down. Good and choice vealers went largely to a local killer, the price being $16.75 as compared with $15.75 and $16.00 last Wednesday. Steers excepted, all classes of cattle were lightly represented today.

HOGS: Following the holiday, shipping demand was broad and hog trade opened actively on a generally 25¢ higher basis and prices of light hogs reached the highest point paid locally since April 27th. Heavier hogs, however, still sold under the prices of that day. Receipts were estimated at 15,000 head including 4,500 billed through and direct compared with 8,503 last Friday and 10,773 a year ago. Shippers and butchers bought actively and light hogs sold all day fully steady with the best time. Packers proved bearish on hogs scaling over 210 pounds, however, and closing rounds were slow, these weights reflecting losses of 5 to 10¢ or more from early. Pigs were scarce and shared the upturn.

Top price rose to $11.80 to take a liberal sprinkling of choice light weights with bulk of 160 to 230-lb. kinds earning $11.60 to $11.75. Most 240 to 280-lbs. cleared at $11.25 to $11.50. At the close, several loads of 210 to 230-lb. hogs went at $11.50 to $11.65 while some medium to good heavies sold down to $11.00. Light lights and pigs were uneven but in general the $11.50 to $11.65 price spread took 130 to 150-lb. weights and pigs scaling 130 pounds and down moved at $11.00 to $11.50. Packing sows cashed at $10.10 to $10.25 with the majority $10.15 to $10.25.

SHEEP: Sheep and lamb receipts, while less than a week ago or a year ago, proved no more than were needed to satisfy the demand. With higher prices elsewhere, lambs even advanced generally 25¢ after a few opening sales were made about steady. Clearance was good on this basis. Better ewes sold steady but uneven upturns featured some of the lower grade material. Receipts were estimated at 2,500 head compared with 1156 last Friday and 1,923 a year ago.

General quality of the lamb run was good and bulk sold at $14.25 to $14.50 to packers, only occasional sales being registered at $14.00 and below. Top price was $14.75 paid for three loads of choice lambs. Culls were removed at $8.50 to $9.00, mostly the latter figure. Not enough yearlings were here to quote prices. Fat ewes sold largely around $5.00 to $6.00 according to weight and quality with common grades around $3.00 to $4.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JULY 6, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 10:30 A.M.)

CATTLE: CATTLE RECEIPTS FOR THE FIRST SIX DAYS OF JULY APPROXIMATED 10,900, AS COMPARED WITH 17,317 FOR THE SAME TIME LAST WEEK AND 13,963 DURING THE CORRESPONDING PERIOD IN 1928. THE FOREGOING COMPARISONS ARE NOT EXACTLY FAIR AS THIS WEEK AND THE CORRESPONDING PERIOD LAST YEAR INCLUDED THE FOURTH OF JULY, WHICH, THE SAME AS THE PRESENCE OF ANY HOLIDAY, USUALLY AFFECTS RECEIPTS. FEATURES OF THE WEEK UNDER DISCUSSION WERE THE MATERIAL ADVANCE OF NATIVE STEER PRICES, THE SHARP, BUT NOT ALTOGETHER UNUSUAL, UPTURN OF THE GOOD AND CHOICE VEALER PRICE LEVEL, AND THE GENERAL RISE WHICH AFFECTED OTHER KILLING CLASSES, TOGETHER WITH FEEDING COWS AND HEIFERS.

COMPARED WITH THE CLOSE OF LAST WEEK, NATIVE STEERS SOLD 50 TO 75¢ HIGHER; MIXED YEARLINGS AND HEIFERS 25 TO 50¢ HIGHER; COWS AND BULLS 25¢ HIGHER, WITH SOME COWS UP MORE; ALL CUTTERS 10 TO 15¢ HIGHER; GOOD AND CHOICE VEALERS $2.25 HIGHER; STOCKER AND FEEDER STEERS STEADY; FEEDING COWS AND HEIFERS 25¢ HIGHER. AS THERE WERE NO WESTERN STEERS HERE SINCE LAST MONDAY, A COMPARISON OF RANGE CATTLE PRICES WITH LAST WEEK IS NOT FEASIBLE. TOPS FOR WEEK: 903-LB. YEARLINGS $15.00; 1367-LB.STEERS $14.90; 756-LB. MIXED YEARLINGS $14.50; 778-LB. HEIFERS $14.15. BULKS FOR WEEK: STEERS $12.00 TO $14.65; FAT MIXED YEARLINGS AND HEIFERS $13.00 TO $13.50; MEDIUM FLESHED HEIFERS $12.00 TO $12.75; COWS $8.00 TO $9.50; LOW CUTTERS $5.65 TO $6.25.

HOGS: HOG TRADE WAS OF SMALL PROPORTIONS TODAY BUT WITH A MODERATE SHIPPING DEMAND, LIGHT HOGS SCORED 5 TO 10¢ ADVANCE OVER FRIDAY'S AVERAGE AND TOP PRICE WAS THE HIGHEST SINCE APRIL 26. MEDIUM AND HEAVY WEIGHT BUTCHERS WERE UNEVEN, A FEW EARLY SALES BEING MADE ABOUT IN LINE WITH THE ADVANCE ON LIGHT HOGS. ORDERS FOR THESE WEIGHTS WERE SCANTY HOWEVER, AND LATER TRADE WAS DULL, A FEW LOADS REMAINING UNSOLD LATE. PACKING SOWS WERE FAIRLY NUMEROUS AND IN LIGHT DEMAND, SALES OF THESE BEING WEAK TO 10¢ LOWER. PIGS AND LIGHT LIGHTS WERE ALMOST TOO SCARCE TO QUOTE, ODD SALES LOOKING ABOUT STEADY. RECEIPTS WERE ESTIMATED AT 4,000 HEAD INCLUDING 1,000 BILLED THROUGH AND DIRECT COMPARED WITH ACTUAL ARRIVALS OF 2,861 LAST SATURDAY AND 4,217 A YEAR AGO.

TOP PRICE WAS BOOSTED TO $11.90, THIS FIGURE TAKING A LOAD OF CHOICE 197-LB. AVERAGES AND A FEW GOOD SIZED BUNCHES OF LIGHT WEIGHTS. MAJORITY OF 160 TO 220-LB. HOGS CASHED AT $11.75 TO $11.85. A SPRINKLING OF 240 TO 250-LB. BUTCHERS EARNED $11.60 AND A LOAD OF 264-LB. AVERAGES MADE $11.40. A FEW LOTS OF HEAVIER BUTCHERS SOLD AROUND $11.35 AND UNDER. DESIRABLE 130 TO 150-LB. LIGHT LIGHTS ARE SALABLE AT $11.50 TO $11.75, 130-LBS. AND DOWN CLEARING AT $11.00 TO $11.50. BULK OF PACKING SOWS CENTERED AT $10.15, A FEW LIGHT KINDS UP TO $10.25 AND HEAVIER KINDS DOWN TO $10.10. COMPARED WITH A WEEK AGO, MOST HOGS ARE 25 TO 35¢ HIGHER, PACKING SOWS BEING 15¢ HIGHER.

SHEEP: RECEIPTS OF SHEEP AND LAMBS FOR THE CURRENT WEEK APPROXIMATED 19,000 HEAD COMPARED WITH ACTUAL ARRIVALS OF 20,906 LAST WEEK AND 15,593 CORRESPONDING WEEK A YEAR AGO. ADVANCING DRESSED LAMB PRICES IN THE EAST AND DECREASING RECEIPTS AROUND THE WESTERN MARKET CIRCUIT RESULTED IN LIVE VALUES PASSING INTO THE HANDS OF SELLING INTERESTS. FAT LAMB PRICES DURING THE WEEK ADVANCED GENERALLY 50¢, ALL GRADES SHARING THE UPTURNS. BETTER EWES HELD STEADY BUT LOWER GRADES FOUND AN IMPROVED TONE. NOT ENOUGH YEARLINGS WERE OFFERED ON WHICH TO BASE A MARKET.

THE WEEK'S TOP PRICE WAS PAID ON FRIDAY BY PACKERS, THREE LOADS OF CHOICE LAMBS SELLING TO THESE INTERESTS AT $14.75. BULK OF LAMBS FRIDAY SOLD AT $14.25 TO $14.50 WITH THE BULK FOR THE WEEK AT $13.75 TO $14.50. CULLS WERE REMOVED AT $8.50 DURING MOST OF THE WEEK BUT LARGELY $9.00 AT THE CLOSE. BULK OF FAT EWES CASHED AT $5.00 TO $6.00 ACCORDING TO WEIGHT AND QUALITY.

NATIONAL STOCK YARDS LIVESTOCK MARKET - MONDAY - JULY 8, 1929.

(Based on market conditions and sales reported up to 1:30 p.m.)

CATTLE: Estimated receipts today were 6,000 as compared with 4,168 last Monday and 5,288 this day last year. Included in the run were 77 cars of range cattle, most of which were steers, Texas, Oklahoma and Kansas being represented. Trading ruled slow as a general proposition, this being noticeable of native steers and heifers. Western steers started scaleward early, with a large part of deals completed well before the noon hour. As compared with the close of last week, native steers, heifers and cows sold steady to 25¢ lower. Western steers opened strong and closed fully steady with last week. All cutters looked barely steady. Medium bulls enjoyed rather keen competition, opening steady, with later deals steady to 25¢ higher. Good and choice vealers did the unexpected by maintaining the high price established last Friday, when nearly all concerned looked for a decided break. Good to choice steers sold from $14.00 to $15.60, the latter paid for 30 head averaging 1010-lbs., while others at $14.65 and $15.00 scaled 1169 and 1105-lbs., respectively. Medium fleshed steers cleared from $12.40 to $13.75. Western grass steers ranged from $9.40 to $12.75, the top figure paid for some averaging 1136-lbs. A good many western steers cashed in the $11.00 column. While some were held higher, the top price for heifers well after the noon hour was $14.25. Other fat heifers, those grading good, went from $13.00 to $14.00, while medium fleshed descriptions made $11.50 to $12.75, which included westerns at $11.90. Few cows sold better than $11.00, while bulk of matrons brought $8.00 to $9.50; low cutters in the extreme range of $5.00 to $6.25, very few at the lower price. Best medium bulls registered $9.75, while a good many went around $9.25. Good and choice vealers scored $16.75, the same as last Friday.

HOGS: Shipping demand was fairly broad today particularly on light and light mediumweight hogs and prices scored a 15 to 20¢ advance. For the first time since April 2, prices passed the $12.00 level and better light hogs sold the highest since March 18. Butchers scaling 250 pounds and up were very uneven, with demand very spotted and while some sales showed advances of as much as 15 to 25¢, many looked but little better than steady. Closing rounds were slow and some medium and heavyweight butchers remained unsold. Pigs advanced 25¢ under an active demand. Total receipts at eleven markets were slightly less than a week ago. Local supplies were estimated at 14,000 head including 2,500 through and direct compared with actual receipts of 15,198 last Monday and 12,793 a year ago.

Top price was placed at $12.10 for a load of choice 186-lb. weights and a few small bunches. A few scattered loads earned $12.05 while bulk of 160 to 230-lb. weights cashed at $11.85 to $12.00. Most 240 to 260-lb. butchers earned $11.60 to $11.75, with occasional sales of 270 to 280-lb. kinds at $11.70. Several loads of 260 to 290-lb. butchers realized $11.40 to $11.60, an occasional load and part load of 280 to 290 pounders as high as $11.55. A few loads scaling 300 to 310 pounds sold down to $11.25. Majority of 130 to 150-lb. light lights turned at $11.75 to $12.00 with 130 pounds and down mostly $11.25 to $11.75, some lower grade light pigs down to $11.00. Majority of packing sows went at $10.25, a few light kinds at $10.35.

SHEEP: Sheep and lamb receipts were estimated at 5,000 head compared with actual arrivals of 4,838 last Monday and 3,748 a year ago. Trade was rather slow in opening, most sellers asking higher prices while packers resisted any upturn. At the close, which was quite active, lambs were quoted steady to strong and considering quality, many would show a slight advance. Most of the better native lambs sold at $14.50 and $14.75 occasional small lots to city butchers higher with Southwest Missouri kinds largely at $14.25 to $14.50. Lower grades sold down to $14.00 and below. Cull lambs were sorted off at $9.00 for the majority, a few odd head down to $8.50. Sheep were unchanged, packers taking bulk of fat ewes at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET - TUESDAY - JULY 9, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p. m.)

CATTLE: Estimated cattle receipts 5,000; total last Tuesday 3,191; official count this day last year 6,441. With the exception of cows, which sold strong to 25¢ higher, and good and choice vealers opening steady and closing 50¢ lower, the current market operated generally on a steady basis. Although the native steer quota was relatively light, there were few, if any, transactions before 9:30 a.m. The few lightweight steers in evidence ranged from $12.25 to $15.75, with most fat descriptions making $14.65 and better. The steers at $15.75 were choice for the most part, and while they averaged only 1,058-lbs., they were beyond the yearling or frequently called "long yearling" stage. Heavier steers cleared from $12.90 to $15.50, fat kinds $14.00 to $15.00, largely. Steers at $15.50 scaled 1295-lbs., while some heavies at $14.75 and $15.00 averaged 1335 and 1386-lbs., respectively. Oklahoma provided 27 cars of grass cattle, which were principally steers. These sold from $9.75 to $12.50, bulk $10.10 to $11.65, with those at $12.50 averaging 1142-lbs. Four loads of 829-lb. heifers landed $12.20. These were pasture mates of some which brought $11.90 yesterday, but the 30¢ advance is no criterion of the general heifer market today. Good to choice mixed yearlings and heifers cleared at $13.00 to $15.00, mostly $13.75 and better, while medium fleshed heifers registered $11.50 to $12.75. The $15.00 heifers scaled 737-lbs. and graded strictly choice. Few cows went better than $11.00, bulk of matrons scoring $8.25 to $9.75, weighty, fat cows being in better demand than yesterday. Low cutters went chiefly from $5.50 to $6.25. The bull market was rather slow getting under headway, but a satisfactory clearance was effected withal, as heavy kinds commanded $9.75 when meeting other specifications required of top sausage bulls. Good and choice vealers opened at $16.75, despite the general opinion that first sales would be sharply lower. Such was the case soon afterward, however, and later and closing sales were settled at $16.25.

HOGS: The advances of Monday pushed hog prices too high for local demands and some reaction took place today. Light hogs opened 5 to 10¢ lower and finished 10 to 15¢ lower than Monday while weightier hogs were rather uneven and finished mostly 15 to 20¢ lower. Packing sows at the close had suffered the maximum down-turn. Early sales were made on account of shippers and butchers but at the finish packers had filled several good sized orders and a fair clearance had been effected. Pigs and light lights encountered a good demand from feeder buyers and these sold mostly steady with yesterday. Receipts were estimated at 16,500 including 1,000 directs compared with actual supplies of 16,516 last Tuesday and 14,814 a year ago.

On early rounds several loads of choice light hogs sold at $12.00, top for the day, with a moderate sprinkling at $11.95. Top on late rounds was $11.90 with bulk of 160 to 225-lbs. kinds at $11.75 to $11.90. Most 230 to 260-lb. weights moved at $11.50 to $11.70, with an occasional early sale of 270's as high as $11.50. Several loads of 270 to 325-lb. butchers sold late at $11.15 to $11.35, a few bunches of heavy hogs with a little less quality as low as $11.00. Majority of 130 to 150-lb. light lights cashed at $11.75 to $11.90, a few one fifties early as high as $12.00. Bulk of 100 to 130-lb. pigs moved at $11.25 to $11.75, a few plain quality light pigs down to $11.00. Odd head of packing sows sold early up to $10.25, with early bulk at $10.10 to $10.15. At the finish, majority earned $10.00 to $10.10, a few rough kinds down to $9.75.

SHEEP: Another liberal run of sheep and lambs arrived today, the estimate calling for 7,500 head as compared with actual arrivals of 7,751 last Tuesday and 8,920 a year ago. This gave packers some leverage and with lower trends elsewhere to further assist buyers, prices received a set-back. Considering the improved quality and the more severe sorting insisted upon, most lamb sales reflected a 25¢ downturn though a good proportion of the better grades were about steady. Occasional lots of choice lambs went on the account of outside buyers at strong prices. Majority of native lambs went to packers at $14.50 with several decks at $14.75, the packer top, and some less desirable kinds down to $14.25. City butchers and shippers took a load and several sizable bunches of choice lambs at $15.00. Culls were removed at $9.00 mostly. Sheep were fully steady, most of the fat ewes going to packers at $5.00 to $6.00. Breeding ewes are salable around $6.00 to $8.00 according to age, weight and quality, yearlings higher.

NATIONAL STOCK YARDS LIVESTOCK MARKET - THURSDAY - JULY 11, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p. m.)

CATTLE: Estimated cattle receipts this date were 1,800 as compared with 2,005 arrivals one year ago. Last Thursday was observed as a holiday. There were scarcely enough steers on the market today to make a market and not enough sold to test true conditions excepting that the very few turned into packer alley looked a shade lower, while some in first hands at a late trading hour received a lower bid, so it was claimed. One part load of 1034-lb. steers registered $14.75 as top for the session, while a couple of loads in medium flesh made $13.10 and 13.60. There were no western steer receipts. Heifers, mixed yearlings, all cutters and bulls cleared about steady. Cows, to the contrary, met narrow demand and soon worked to a weak to 25¢ lower basis. Good and choice vealers slumped 25¢. One load of 804-lb. mixed yearlings landed $14.50, which is top for the kind for the day and week as well. Small lots of good heifers registered $13.25 to $14.00; medium fleshed descriptions $12.00 to $12.75. No cows were noted over $11.50. Bulk of cows brough in the neighborhood of $8.50 to $10.00, while low cutters sold almost exclusively at $5.25 to $6.25, very few at the lower figure. Medium bulls brought $8.50 to $9.50 for the most part. Good and choice vealers cashed at $16.00, shippers taking most of the supply.

HOGS: Demand was broad on the part of all interests today and prices scored an advance which placed values at the highest level paid locally since early in March. Shippers bought actively on early rounds at an advance of 15 to 25¢ over Wednesday with weighty butchers rather slow. At the finish all interests were buying and light and medium weights finished fully 25¢ higher while weighty butchers were unevenly strong to 25¢, mostly 10 to 15¢ up. Pigs were in good demand and shared the upturns. Receipts locally were estimated at 14,000 including 3,000 billed through and direct. Last Thursday was a holiday while the run a year ago was 9,787.

Top price rose to $12.20, this being paid for a load of choice 177-lb. hogs. Several loads, mostly light weights, cashed at $12.15 with bulk of 160 to 230-lb. kinds at $12.00 to $12.10. Majority of 230 to 250-lb. hogs cashed at $11.75 to $12.00. Several loads averaging 270 to 280 pounds earned $11.60, odd lots near the latter weight down to $11.40. Some less desirable 300-lb. kinds and some scaling near 325 pounds sold down to $11.25. Most 130 to 150-lb. light lights cashed at $11.85 to $12.10 with 130 pounds and down generally $11.25 to $11.85, only very light plain kinds under the lower figure. Packing sows bulked at $10.15 to $10.25 with a few early sales down to $10.10.

SHEEP: Sheep and lamb receipts exceeded the advance estimate considerably and packers proved very bearish. After a long drawn out session lambs ruled 25 to mostly 50¢ lower, sheep being in light supply and holding steady. The run was estimated at 4,000 head. Last Thursday was a holiday but the run a year ago was 3,523 head. Packers bought bulk of lambs at $13.75 to $14.00 with latter price taking the majority. Nothing was able to pass the $14.00 figure, this price being 50¢ under yesterday's top. Culls were removed at $9.00 generally, same as bulk Wednesday, but a greater proportion were removed at the figure. Fat ewes continued to sell to packers at $5.00 to $6.00, odd lots suitable for breeding purposes going at $6.00 to $8.00 according to weight, age and quality.

NATIONAL STOCK YARDS LIVESTOCK MARKET - FRIDAY - JULY 12, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 1,200; official count last Friday 1,603; total this day last year 649. There were only a few cattle on sale today, not enough steers or heifers to merit mention. One small lot of 725-lb. mixed yearlings at $14.50 and another mixed load at $13.65 comprised the principal deals today. For the most part values held close to steady, the exception being good and choice vealers which opened 25¢ lower, with $15.75 the figure for the first round, while $15.25 was paid at the close. Individual cows reached $11.40, while bulk scored $8.00 to $9.25. Low cutters went mostly at $5.50 to $6.25. Medium bulls went principally from $8.50 to $9.25, although $9.75 was recorded in rare instances.

HOGS: Slackening receipts of hogs assisted sellers in obtaining higher prices and best hogs sold to a new high level for the season, the market for the day ruling 15 to 25¢ above Thursday's average. Shippers and butchers bought actively on early rounds with packers making moderate purchases about midsession and a good clearance was effected early. Weighty hogs continued to find rather draggy action at the minimum advance and sold very unevenly. Pigs were almost too scarce to quote but in general followed the advance. Receipts were estimated at 9,500 head locally including 500 billed through compared with actual arrivals of 16,610 last Friday and 9,561 a year ago.

Several loads of choice hogs averaging mostly 175 to 210 pounds sold at the top price of $12.40, bulk of 160 to 225-lb. weights moving at $12.25 to $12.35. Majority of 230 to 250-lb. hogs cashed at $12.00 to $12.20, an occasional load of 240 to 250-lb. kinds down to $11.90. A spread of $11.70 to $11.90 took most of the 260 to 285-lb. weights with heavier kinds rather scarce. One load of medium to good 300-lb. butchers earned $11.50 with a load of choice 310-lb. kinds at $11.60. Majority of 130 to 150-lb. light lights sold at $12.00 to $12.25, many of the one fifties going in with hogs at or near the top figure. Pigs scaling 100 to 130-lbs. are salable at $11.50 to $12.00 or better. Packing sows sold almost entirely at $10.35 to $10.40.

SHEEP: Sheep and lamb receipts were estimated at 2,000 head including 500 directs, compared with actual marketings of 2,749 last Friday and 962 a year ago. This proved no more than required by local interests and lamb trade was fairly active at yesterday's prices, occasional lots reflecting a stronger tone. Sheep were in light supply and continued at unchanged figures. Bulk of lambs to packers centered at $14.00 with a few decks of choice descriptions at $14.25, the top. Several lots of less desirable lambs sold around $13.75 and downward, culls being removed at $9.00 for the majority. Fat ewes on packing account are salable at $5.00 to $6.00, there being some demand for ewes for breeding purposes at $6.00 to $8.00 according to age, weight and quality.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JULY 13, 1929.

(Based on Market Conditions and Sales Reported up to 10:30 A.M.)

CATTLE: Cattle receipts for the second week of July approximated 17,600 as against 10,733 last week and 18,854 the corresponding week last year. The small number of cattle marketed locally last week was due in part to the observance of July Fourth as a holiday. Receipts this week were augmented considerably by the presence of 116 cars of westerns, while last week the total from the range country figured forty cars. Compared with the close of last week, good and choice native steers and western steers at $11.00 and better, together with mixed yearlings, heifers and all cutters, sold steady; medium fleshed and grass native steers, and western steers under $11.00, 25¢ lower; cows and bulls 25¢ higher; good and choice vealers $1.50 lower; stocker and feeder steers and feeding cows and heifers unchanged.

Tops for week: 1058-lb. steers (two year olds) $15.75; 1013-lb. yearlings $15.60; 1295-lb. matured steers $15.50; 737-lb. heifers $15.00; 804-lb. mixed yearlings $14.50; 1136-lb. Oklahoma grass steers $12.75. Bulks for week: Native steers $13.25 to $15.00; western steers $9.75 to $11.65; fat mixed yearlings and heifers $13.25 to $14.25; medium fleshed heifers $11.50 to $12.75; cows $8.50 to $10.00; low cutters $5.50 to $6.25.

HOGS: Hog receipts today were estimated at 5,000 head including 1,800 billed through and direct compared with actual receipts of 5,547 last Saturday and 4,098 a year ago. Trade opened fairly actively on light hogs at generally steady prices. After a few immediate orders were filled, demand eased off and a slow session followed. While most of the better light hogs sold early nothing would have sold within 10 to 15¢ of the top at the finish. Butcher weights were slow and unevenly weak to 10¢ lower. Pigs were in too light a supply to quote and packing sows lost ground a little.

An occasional load of choice light weights sold at the opening up to $12.40, with bulk of all 160 to 220-lb. kinds at $12.20 to $12.35, nothing over $12.25 at the close. Packers picked up several loads of 220 to 250-lb. butchers at $12.00 to $12.20, one load of choice grades scaling over 250 pounds making the lower figure. A load of heavy butchers averaging mostly 280 to 295 pounds earned $11.50. A few odd lots of 130 to 150-lbs. made the $12.00 to $12.25 terms, with 100 to 130-lb. pigs salable at $11.50 to $12.00. Packing sows bulked at $10.25 to $10.35 with late sales around the lower figure.

SHEEP: Receipts of sheep and lambs this week totaled approximately 24,400 compared with actual receipts of 18,968 last week and 22,958 a year ago. Total marketings at eleven markets were over 50% greater than the previous week.

At the week's opening lamb prices recorded gradual upturns and the top reached a new high level for the month. The effect of increased marketings then made itself felt and prices dropped off sharply. At the close a net loss of 50¢ to 75¢ from the high time had been recorded and compared with last week's close prices were 25 to mostly 50¢ lower. Sheep were in light supply but prices held steady all week. Not enough yearlings were offered to quote.

The week's top on lambs was $15.00 paid by butchers and shippers, packer top being $14.75. At the close, bulk of lambs realized $13.75 to $14.25, less desirable kinds lower. Culls were removed largely at $9.00 during the entire period. Fat ewes sold to packers at $5.00 to $6.00 with odd lots for breeding purposes earning $6.00 to $8.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET - MONDAY - JULY 15, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 6,500; total last Monday 6,164; official count this day last year 6,050. Despite a light native steer run, trading ruled slow throughout the entire session, some deals being steady, other 25¢ lower. The range country, Kansas and Oklahoma, was represented by 51 cars, as against 77 last Monday, with the market for steers steady to 15¢ lower, the better kinds, or those selling first, steady. Mixed yearlings and heifers from nearby territory found slow sale all day, with values for the most part 25¢ lower. On the other hand, Oklahoma heifers remained unchanged. Cows were unevenly steady to 25¢ lower, while low cutters held barely steady. Bulls went unchanged. Good and choice vealers, after a series of declines last week, took a turn in the other direction and advanced 50¢ over last Friday's opening or $1.00 over the close that day. While the fattest steers were in first hands at a late trading, the highest price otherwise was $14.85, which claimed two loads averaging 1018-lbs. These and two loads of yearlings at $14.00 and $14.50 comprised about all of the lightweight steer crop. The few medium fleshed native steers scored $13.50 to $14.25, some at the latter figure 'veraging 1243-lbs. Western steers ranged from $9.00 to $13.00, bulk $10.00 to $11.50. Oklahoma steers at $13.00 and $12.75 scaled 1060 and 1143-lbs., respectively. Small lots of mixed yearlings went as high as $14.50. Some heifers fat enough to top their class were in first hands well after 1:00 o'clock. Fat mixed yearlings and heifers went almost wholly from $13.00 to $14.00, few at the latter price. There were few cows fat enough to sell above $11.00. Bulk of cows brought $8.00 to $9.50. Low cutters ranged from $5.25 to $6.25, bulk $5.50 to $6.00, lightweight, thin descriptions at the low end of the list. Medium bulls scored $8.50 to $9.50, a few $9.75. Good and choice vealers landed $16.25 as compared with $15.25 late last Friday.

HOGS: The hog market opened moderately active on light hogs, about steady with the best time Saturday. Small killers and shippers set the pace and on late rounds these interests had exhausted the supply of anything averaging downward from 220-lbs. A few decks of desirable light hogs which arrived shortly before the noon hour were readily picked up by one of the large local packers at fully steady prices with early. Medium and heavy weight hogs were in relatively light supply, but even at that they furnished the salesmen with a considerable amount of trouble as the outlet for such kinds was very narrow and uncertain. Prices ruled uneven, some of the more desirable consignments appearing steady to strong and in spots 10 to 15¢ higher than the average going of Saturday, while some lacking slightly in finish had to be discounted somewhat in order to effect a clearance. Pigs and packing sows held to a generally unchanged deal.

Receipts were estimated at 16,000, including 4,400 through and direct, as against actual receipts of 13,563 last Monday, and a total of 12,987 the same day last year. The bulk of the good and choice 160 to 220-lb. averages went at $12.25 to $12.40, the latter price representing the top for the day. Most of the 220 to 250-lb. weights cashed at $12.00 to $12.25, with the bulk of the 130 to 150-lb. averages also falling within this spread. Heavyweights averaging around 270 to 280-lbs. cashed downward to $11.75 or below, some of these still being unsold at a late trading hour. Pigs scaling downward from 130-lbs. went largely at $11.50 to $12.00, while packing sows cleared chiefly at $10.25 to $10.35, sales being most numerous at the inside figure.

SHEEP: Due to light receipts locally all indications pointed to a steady deal in the sheep house, but with most of the outside markets reporting news to the contrary, the result was a break in fat lamb values after a slow, draggy session. Declines of mostly 25¢ were prevalent, with spots 50¢ lower considering the more severe sorts. Quality for the most part was very plain. Culls and sheep remained unchanged.

The estimate called for 2,500 compared with actual receipts of 5,863 last Monday and 5,186 the same day a year ago. Several decks of good to choice native lambs cleared at $14.00, with the bulk at $13.75, a few small lots going to city butchers up to $14.25. The bulk of the Southwest Missouri material cleared at $13.25 to $13.50. Culls turned largely at $9.00, with the majority of the fat ewes at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET - TUESDAY-JULY 16, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Cattle receipts this date were estimated at 5,000, which is comparable with actual runs of 4,803 last Tuesday and 5,459 this day last year. Included in the offering was a relatively liberal number of native steers, which sold steady on the average but somewhat uneven withal, as some were strong and a few slightly lower. The western run comprised 30 cars as against 27 one week ago. Western steers moved rapidly, with the trend strong to 15¢ higher. Mixed yearlings and heifers cleared steady to 25¢ lower, the real lightweight kinds doing the best, while cows and all cutters registered no particular change, although sellers met with little success when compelled to sell cows to local big packers. Under much narrower demand than yesterday, bulls declined 25¢. Good and choice vealers opened steady to 25¢ lower, and closed 50¢ lower than the opening.

The feature sales of the day were 1252-lb. Angus steers at $15.90, and 671-lb. Hereford heifers at $15.60, the latter being prime in conditions and representative of most intelligent feeding. Heavy steers, averaging 1301 to 1459-lbs., sold at $15.00 to $15.75, with a few at $14.10, while medium weights, most of which scaled 1202 to 1245-lbs., scored $14.25 to 14.80. Lightweight steers ranged from $13.00 to $15.60, a good many $14.00 to $14.85. Western steers, mainly Oklahomans, ranged from $9.60 to $12.75, bulk $10.00 to $12.10 and many of these $11.25 to $12.00. Fat mixed yearlings and heifers, other than those at $15.60, went from $13.00 to $14.25, with two loads of heifers at the latter price scaling 670-lbs. Medium kinds cashed at $11.50 to $12.50. Some Oklahoma heifers landed $12.00, which was 25¢ lower than pasture mates brought yesterday. Most of the cows registered $8.00 to $9.50, those around $10.00, when carrying considerable weight, going over the scales early. Low cutters ranged from $5.25 to $6.25, bulk $5.50 to $6.00. The most desirable medium bulls scored $8.50 to $9.50, the latter figure being the practical top, while others registered $7.25 to $8.00. Opening figures for good and choice vealers were $16.00 and $16.25, while $15.50 and $15.75 were paid at the close.

HOGS: The hog market lacked activity all along today. Opening sales of light hogs were made on mostly a 10¢ lower basis, while a few weightier kinds and packing sows appeared very little changed. Pigs ruled unevenly, but mostly 15 to 25¢ lower. Shipping orders were rather limited at the start and the market had all the "earmarks" of further weakness before the close. Local packer buyers assumed a waiting attitude on the sidelines until on closing rounds when some of the interests purchased rather freely at mostly 20¢ lower terms, spots 25¢ lower than the general going of yesterday on light hogs especially. With a few orders for weighty hogs to be filled these did not fare so bad being quotable about 10¢ lower and packing sows at the close were mostly 10 to 15¢ lower, although some bids were fully 25¢ off.

Receipts were estimated at 15,000, including 1,000 through and direct, compared with actual receipts of 15,618 last Tuesday, and 12,796 the same day a year ago.

The practical top early was $12.30, but one load of strictly choice 205-lb. averages reached an extreme of $12,35 in load lots. The early bulk of 160 to 210-lb. averages cashed at $12.25 to $12.30; 220 to 230-lb. kinds at $12.15 to $12.25. A few 230 to 260-lbs. went at $11.90 to $12.15, with 300 to 360-lb. butchers at $11.35 to $11.50. Lightlights turned at $11.85 to $12.15 and pigs 130-lbs. down from $11.25 to $11.75, a few $12.00. Packing sows bulked early at $10.25, closing bulk being $10.10 to$10.15. The late packer top was $12.20, with the bulk of the 230-lbs. down at $12.00 to $12.20; 230 to 260-lbs. $11.75 to $12.00 some of the real late sales somewhat below this spread. A few 280 to 300-lb. averages late registered $11.40 to $11.65.

SHEEP: There was some reaction in fat lamb values today and prices ruled steady to 25¢ higher on paper, but from the selling side there was some complaint because of the heavier sorts which were often demanded. Culls and sheep remained unchanged. Estimates called for 6,000 head, compared with a total of 7,323 by count last Tuesday, and unloadings of 6,045 the same day last year. Several decks of good and choice lambs cashed at $14.25 to packers and city butchers also met this figure for a few small lots. The bulk of the good natives cleared at $13.75 to $14.00, some less desirable kinds down to $13.25 or below. Culls bulked at $9.00, while the majority of the fat ewes turned at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-WEDNESDAY-JULY 17, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 3,500; total last Wednesday 3,226; official count this day last year 3,182. Native steers comprised a fairly liberal number of the total of all cattle on sale today. During the first rounds bids indicated a lower market, as for a considerable time during the morning not a load was turned scaleward. Later, however, when adjustments were finally made, the trend developed into a steady to 25¢ lower deal, most of the better kinds remaining unchanged, with just a few fat descriptions and practically all of the medium steers accepting the decline. Western steers, cows and all cutters, together with bulls, cleared steady, while most of the heifers stood a 25¢ decline, exceptions being the few extremely lightweights scattered about the yards. Good and choice vealers registered $16.00 or steady to 25¢ lower than yesterday's opening figures, which were $16.00 and $16.25, or 25 to 50¢ higher than Tuesday's close, when $15.50 and $15.75 prevailed. A large part of the lightweight steers brought $14.00 to $15.65, the latter figure paid for 763-lb. yearlings. Mediumweight and heavy steers moved from $13.00 to $14.50, the latter price and $14.30 paid for 1364-pounders. Bulk of steers from nearby territory cashed at $14.00 to $15.00. The western run consisted of fourteen cars as against twelve last Wednesday. Steers, which comprised the range supply, sold in the price spread of $10.25 to $12.00, Kansans at the latter figure scaling 1167-lbs. Most fat heifers scored $13.00 to $13.75; medium descriptions $11.50 to $12.50. No cows were noted over $11.00. Bulk of matrons cashed at $8.00 to $9.75, while $5.75 to $6.25 claimed the majority of low cutters. The most desirable medium bulls made $9.00 to $9.50.

HOGS: The hog market opened slowly about steady with Tuesday's close on light hogs, with mediumweights and a few loads of heavy butchers steady to 10¢ higher. The demand for light lights and pigs was not very good and in consequence such kinds suffered some set-back from the best time Tuesday. Light lights ruled mostly 15 to 25¢ lower, with pigs very uneven but mostly 25¢ lower on best kinds and less desirable material even more off. Packing sows held to a steady basis with the closing market of the previous day.

Although shippers purchases accounted only for about one-third of the estimated run, small killers and yard traders were constantly picking away the supply and final clearance was made at a rather early hour, only a negligible quantity being left for local packing interests at the close. Prices also strengthened somewhat from early on light hogs, closing about steady with the average of yesterday.

Receipts were estimated at 9,000, compared with actual receipts of 11,472 last Wednesday, and 10,570 the same day a year ago.

The late top was $12.25 paid for a few loads of 180 to 220-lb. averages, while the day's bulk of 160 to 220-lb. weights went at $12.10 to $12.20. Sales of 220 to 240-lb. averages were made at $12.00 to $12.10, with 240 to 260-lbs. at $11.85 to $12.00. One load scaling 274-lbs. earned $11.65. Most of the 130 to 150-lb. kinds went at $11.75 to $12.00, with pigs under 130-lbs. taking in a range of $10.50 to $11.75, some less desirable kinds being bid below the inside figure. Packing sows bulked at $10.10 to $10.15, most sales around $10.10.

SHEEP: There was a considerable amount of bargaining necessary before the market on fat lambs got under way as buyers were bidding steady and salesmen were holding out for higher prices. The selling side finally won out and values were boosted, being quotable strong to mostly 25¢ higher. Most of the lambs were on the good order, a number of decks being capable of grading good to choice. Prices on culls and fat ewes showed no changes in particular from yesterday.

Estimates called for 3,550, as against actuals of 4,509 last Wednesday and 3,622 the corresponding day last year. Several decks of good to choice lambs registered $14.50, with the bulk of the good material going at $14.00 to $14.25, some down to $13.75 or below. Medium grades turned at $12.00 to $13.00 mostly, while culls centered at $9.00, a few $9.50. Fat ewes were taken for the most part at $5.00 to $6.00, culls downward to $3.00 or below.

NATIONAL STOCK YARDS LIVESTOCK MARKET-THURSDAY-JULY 18, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts to-day were 1,500, as against official counts of 1,867 last Thursday and 2,039 this day last year. There were not many cattle on sale to-day, eight loads of steers and one of mixed yearlings comprising the principal representatives excepting small lots and individual head. For the most part the general market ruled about steady, with good and choice vealers 25¢ higher. One seller claimed 25¢ lower for some low priced steers. There were no western receipts. Two loads of steers on the yearling order, averaging 944 and 1032-lbs., brought $15.00 and $15.10, while three loads of matured steers scored $14.25 and $14.65. Three loads in medium flesh cashed at $12.35 to $13.25. One load of mixed yearlings brought $13.65, this the only sale in the light yearlings and heifer class worth mentioning. Cows went principally from $8.00 to $9.50; most low cutters $5.75 to $6.25. Bulk of the few medium fleshed bulls with weight registered $9.00 to $9.50. Good and choice vealers claimed $16.25, the majority of the crop being about evenly divided between a local killer and a shipper.

HOGS: The market on light hogs opened fairly active this morning at mostly 5 to 10¢ higher prices compared with Wednesday's average, but additional strength shortly afterward placed values on a 10 to 15¢ higher level. At this trend, shippers and small killers operated until practically the entire supply of light hogs had been cleaned up. There was very little demand for anything averaging over 220# and salesmen found considerable difficulty in disposing of such kinds. A few early sales, however, showed some advance in line with the light hogs, but later, after the existing orders had been disposed of, such kinds were selling 5 to 10¢ below the average of Wednesday. Although most of the light hogs were disposed of early, a few loads of late arrivals met with a deal no better than the average going yesterday. Light lights and pigs apparently recovered previous day's losses, the former being quotable 15 to 25¢ higher than Wednesday's low time, while the latter sold 25¢ or more higher under an improved demand. Packing sows opened steady to 10¢ higher but closed dull, late sales being transacted about in line with yesterday and some of the closing bids were lower. Receipts were estimated at 12,500, compared with actuals of 12,112 last Thursday, and 10,046 the same day last year.

Top light hogs reached $12.35 for several loads 180 to 190# weights; the bulk of 160 to 210# averages going at $12.25 to $12.30. A few sales of 210 to 240# weights registered $12.10 to $12.25, while 130 to 150# kinds went at $11.85 to $12.25; pigs 130# down at $10.75 to $11.65. A load of around 200# averages sold late at $12.20, some at $12.10 to $12.15, while 225 to 250# averages cashed at $11.75 and $12.00, and 260 to 300# $11.40 to $11.65. Bulk packing sows recorded $10.10 to $10.15, a considerable number of early sales reaching $10.25. Closing bids were down to $10.00 or below.

SHEEP: Trading was again rather slow to get under way in the sheep house as sellers were asking higher prices for their consignments of fat lambs and buyers were trying their best to hold the market at a steady level. No transactions had taken place on early rounds, but later it proved to be a sellers' market with values on fat lambs ruling strong to 25¢ higher. No yearlings were offered in quantities sufficient to test the market. Throwout lambs and sheep held to a steady deal.

Receipts were estimated at 2,000, compared with 4,510 last Thursday, and unloadings of 1,754 the corresponding day last year. Several decks of good to choice lambs reached $14.75, with the bulk at $14.25 to $14.50, while a sizable showing including truck-ins went at $14.00. Throwout lambs cleared largely at $9.00, while the majority of fat ewes turned at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-FRIDAY-JULY 19, 1929.
(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:30 P.M.)

CATTLE: CATTLE RECEIPTS TO-DAY WERE ESTIMATED AT 1,000 AS COMPARED WITH 1,237 LAST FRIDAY AND 797 THIS DAY LAST YEAR. INCLUDED IN THE RUN WERE 300 HEAD DESTINED TO POINTS BEYOND. VEALERS EXCEPTED, THERE WERE, IN FACT, NOT ENOUGH IN ANY CLASS TO MAKE A MARKET. HOWEVER, THE GENERAL TREND WAS ABOUT STEADY, WITH VEALERS 25¢ HIGHER, $16.50 BEING THE CONSIDERATION. THERE WERE NOT ENOUGH STEERS OR HEIFERS TO MERIT MENTION. A FEW COWS CHANGED OWNERSHIP AT $8.00 TO $9.50; LOW CUTTERS $5.75 TO $6.00, WHILE ODD HEAD OF MEDIUM BULLS BROUGHT $8.00 TO $9.00.

HOGS: ACTIVITY WAS LACKING IN THE HOG DIVISION FROM THE START BUT THERE WAS A MODERATE DEMAND FOR LIGHT HOGS AND THE MARKET ON THESE OPENED SLOWLY WITH THE PRICE TREND STEADY TO WEAK COMPARED WITH THE BEST TIME THURSDAY. MOST OF THE HOGS AVERAGING 210-LBS. DOWN MANAGED TO FIND AN OUTLET ON THIS BASIS AND A FEW LOADS UP TO 230-LBS. ALSO FOUND A BETTER MARKET THAN THE CLOSE OF YESTERDAY TO FILL SOME SPECIFIC ORDERS. ON THE WHOLE, HOWEVER, ANYTHING CARRYING A WEIGHT OVER 220-LBS. MET WITH A POOR RECEPTION AND MOST OF THESE SOLD ON THE LATE MARKET AT 10 TO 20¢ LOWER THAN EARLY OR STEADY TO 10¢ LOWER THAN THE DULL CLOSE OF YESTERDAY, MANY STILL REMAINING IN FIRST HANDS AT THE NOON HOUR. PACKING SOWS, PIGS AND LIGHT LIGHTS FOLLOWED MUCH THE SAME PRICE CHANNEL AS THEY OCCUPIED THE PREVIOUS DAY.

ESTIMATES CALLED FOR 12,500, COMPARED WITH UNLOADINGS OF 10,250 LAST FRIDAY, AND 12,980 THE SAME DAY LAST YEAR.

THE TOP ON LOAD LOTS WAS $12.35, PAID FOR SOME GOOD TO CHOICE 180 TO 190-LB. AVERAGES, WHILE THE BULK OF THE 160 TO 200-LB. WEIGHTS CASHED AT $12.25 TO $12.30 AND A FEW LOADS OF 200 TO 230-LB. KINDS $12.10 TO $12.25, THERE BEING THREE STRAIGHT LOADS AVERAGING 230-LBS. AT THE INSIDE FIGURE. LIGHT LIGHTS CLEARED AT $11.85 TO $12.25, WHILE THE CROP OF PIGS WEIGHING 130-LBS. DOWN BULKED AT $11.00 TO $12.00. PACKING SOWS TURNED MOSTLY AT $10.10 TO $10.15, A FEW SMOOTH KINDS REACHING $10.25 OR ABOVE EARLY, THE LATE BULK BEING $10.10. ON THE LATE MARKET THE TOP WAS $12.15, WITH MOST OF THE HOGS AVERAGING DOWNWARD FROM 230-LBS. GOING AT $11.90 TO $12.15, 230 TO 250-LBS. $11.75 TO $11.90; 250 TO 280-LBS. $11.50 TO $11.75, AND 280 TO 300-LBS. BEING QUOTABLE FROM $11.25 TO $11.50.

SHEEP: THE OFFERING OF FAT LAMBS HERE TODAY SHOWED SOME IMPROVEMENT IN QUALITY OVER PREVIOUS DAYS AND WHEN THIS WAS TAKEN INTO CONSIDERATION THE MARKET WAS ON A MOSTLY STEADY BASIS, ALTHOUGH IN SPOTS IT APPEARED STRONGER. THERE WAS A CONSIDERABLE AMOUNT OF BARGAINING TO BE DONE, HOWEVER, BEFORE A SCALEWARD MOVEMENT WAS STARTED AS BUYERS WERE RATHER INSISTANT UPON CHEAPENING COSTS, WHILE SALESMEN WERE HOLDING OUT FOR HIGHER TERMS. AT THE CLOSE THERE WAS A DISTINCT WEAKENING TENDENCY TO THE MARKET, AFTER NEWS OF A BEARISH NATURE HAD BEEN RECEIVED FROM OUTSIDE POINTS, BUT PRACTICALLY EVERYTHING HAD BEEN SOLD BEFORE THAT TIME. THROWOUTS AND SHEEP AGAIN HELD TO A STEADY DEAL.

RECEIPTS WERE ESTIMATED AT 2,000, COMPARED WITH ACTUALS OF 2,059 A WEEK AGO AND 981 THE SAME DAY A YEAR EARLIER.

TOP GOOD AND CHOICE LAMBS WENT AT $14.75, WITH THE BULK AT $14.50 TO $14.75. THROWOUTS WERE FOUND MOSTLY AT $9.00, AND THE BULK OF FAT EWES $5.00 TO $6.00. YEARLING BREEDING EWES ARE SALABLE AT $10.00 TO $11.00; TWO-YEAR OLDS $9.00 TO $10.00, AND GOOD FULL MOUTH KINDS FROM $6.00 TO $8.00 ACCORDING TO WEIGHT AND CONDITION.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JULY 20, 1929.
(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 10:30 A.M.)

CATTLE: CATTLE RECEIPTS THIS WEEK APPROXIMATED 18,200, AS COMPARED WITH 17,787 LAST WEEK AND 17,977 DURING THE CORRESPONDING PERIOD IN 1928. THE GENERAL PRICE TREND FOR CATTLE WAS DOWNWARD THIS WEEK. STEERS AT $15.00 AND UP, A VERY FEW CHOICE, STRICTLY LIGHT MIXED YEARLINGS AND HEIFERS AND LOW CUTTERS HELD STEADY WITH THE CLOSE OF LAST WEEK. NATIVE STEERS UNDER $15.00 DECLINED 25¢ AND MORE IN SPOTS, WHILE THE MINE RUN OF HEIFERS AND MIXED YEARLINGS SHOWED A LOSS OF 25 TO 50¢. COWS, CUTTERS AND BULLS DROPPED 25¢. WESTERN STEERS ADVANCED 15 TO 25¢, WHILE GOOD AND CHOICE VEALERS SHOWED A GAIN OF 75¢ TO $1.25 OVER LAST FRIDAY. RECEIPTS FROM THE RANGE COUNTRY TOTALED 95 CARS, WHILE LAST WEEK THE RUN FIGURED 116 CARS.

TOPS FOR WEEK: 1252-LB. MATURED STEERS $15.90; 860-LB. YEARLINGS $15.65; 671-LB. HEIFERS $15.60; 819-LB. MIXED YEARLINGS $14.50; 1065 AND 1143-LB. OKLAHOMA GRASS STEERS $12.75. BULKS FOR WEEK: NATIVE STEERS $13.00 TO $15.00; WESTERN STEERS $10.00 TO $12.00; FAT MIXED YEARLINGS AND HEIFERS $13.00 TO $13.75; MEDIUM FLESHED HEIFERS AND MIXED YEARLINGS $11.50 TO $12.50; COWS $8.00 TO $9.75; LOW CUTTERS $5.50 TO $6.25.

HOGS: HOG RECEIPTS TODAY WERE ESTIMATED AT 4,000, COMPARED WITH ACTUAL RECEIPTS OF 5,699 LAST SATURDAY, AND 2,588 THE CORRESPONDING DAY A YEAR AGO. FOR THE WEEK APPROXIMATELY 65,300 WERE RECEIVED, AGAINST 70,877 LAST WEEK AND 59,972 THE COMPARABLE WEEK A YEAR AGO.

THERE WAS NO "PEP" TO THE HOG TRADE TODAY, THE MARKET OPENING SLOWLY AND ABOUT STEADY WITH FRIDAY'S AVERAGE ON LIGHT HOGS, OR STRONG TO A SHADE HIGHER THAN THE LOW TIME. THE DEMAND FOR MEDIUM AND HEAVY WEIGHT HOGS WAS NARROW AND SALESMEN FOUND CONSIDERABLE DIFFICULTY IN HOLDING PRICES ON THESE IN LINE WITH THE LOW TIME OF YESTERDAY. PACKING SOWS WERE TAKEN AT PRACTICALLY UNCHANGED TERMS WITH THE AVERAGE GOING FRIDAY, WHILE THE PIG TRADE WAS ALMOST NEGLIGIBLE.

THE PRACTICAL TOP ON LIGHT HOGS WAS $12.25, A FEW LOTS OF CHOICE MATERIAL REACHING $12.30. THE BULK OF THE GOOD HOGS AVERAGING DOWNWARD FROM 200-LBS. WENT AT $12.20 TO $12.25, WITH 200 TO 230-LB. AVERAGES AT $11.90 TO $12.20. WEIGHTS FROM 230 TO 250-LBS. WERE FOUND AT $11.75 TO $11.90, AND SOME 250 TO 300-LB. KINDS AT $11.25 TO $11.75. LIGHT LIGHTS WERE QUOTABLE FROM $11.90 TO $12.25; PIGS LARGELY FROM $11.00 TO $12.00. BULK OF THE PACKING SOWS COMMANDED $10.10, A FEW SOMEWHAT ABOVE OR BELOW THIS FIGURE. SOME LATE SALES WERE MADE AT $10.00 WITH BIDS DOWN TO $9.90.

SHEEP: MARKETINGS OF SHEEP AND LAMBS FOR THE WEEK APPROXIMATED 20,400, COMPARED WITH ACTUAL UNLOADINGS OF 24,518 THE PREVIOUS WEEK AND 17,599 A YEAR AGO.

WITH THE EXCEPTION OF THE WEEK'S OPENING DAY, WHEN VALUES ON FAT LAMBS BROKE 25 TO, IN SPOTS, 50¢, THERE HAS BEEN A DISTINCT UPWARD SWING IN THE PRICE LEVEL. ALL OF THE PREVIOUS LOSSES WERE REGAINED RAPIDLY AND IN ADDITION AN EXTRA 25 TO MOSTLY 50¢ UPTURN OCCURRED BEFORE THE END OF THE WEEK. BULK PRICES ON PAPER APPEAR EVEN HIGHER, BUT FRIDAY'S QUALITY WAS CONSIDERED SUFFICIENTLY IMPROVED TO OFFSET THE HIGHER PRICES ON PAPER.

EASTERN MEAT TRADE CONDITIONS ARE BAD AT PRESENT, THE DEMAND BEING SLOW AND DRAGGY, WITH PRICES ON THE DRESSED PRODUCT SHARPLY LOWER. ONLY THE SLIGHT LET-UP IN COUNTRY LOADINGS PROBABLY CHECKED THE EARLY DOWNWARD TREND TEMPORARILY AND SAVED THE PRODUCER FROM A FURTHER DROP IN VALUES. THROWOUT LAMBS AND SHEEP REMAINED UNCHANGED OVER THE PERIOD, WHILE YEARLINGS ARRIVED IN TOO SCARCE QUANTITIES TO FURNISH ANY RELIABLE BASIS ON WHICH TO QUOTE.

THE TOP FOR THE WEEK ON FAT LAMBS AT THE CLOSE WAS $14.75, WITH THE CLOSING BULK OF GOOD TO CHOICE OFFERINGS $14.50 TO $14.75, THROWOUTS GOING LARGELY AT $9.00. FAT EWES OVER THE PERIOD BULKED AT $5.00 TO $6.00, WITH MOST OF THE FULL MOUTH BREEDING EWES TURNING AT $6.00 TO $8.00 ACCORDING TO WEIGHT, AGE AND CONDITION.

NATIONAL STOCK YARDS LIVESTOCK MARKET-MONDAY-JULY 22, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts to-day were 7,500, as compared with actual counts of 5,928 last Monday and 6,368 this day last year. Included in the estimate were ninety cars of range cattle as compared with fifty-one last Monday. Trading opened slow and continued in that manner, vealers and bulls being the only exceptions. Despite the meager number of fed steers in the offering, these could not be held to a steady level excepting those at the very top. The balance of native steers, grassers included, found a 25¢ lower basis, with some of the latter descriptions off close to 50¢, while some of the fed descriptions were down close to 40¢. Western steers opened steady, just a few loads early in the morning going that way, while the remainder were discounted fully 25¢. Light fat mixed yearlings cleared steady, while weightier kinds, together with cows, declined 25¢. Low cutters sold a shade lower. Early, medium bulls looked 25¢ lower, but later, when some additional orders showed up, the market reacted to about a steady level. Good and choice vealers steered a different course than other classes by advancing 25¢. Two loads of 1241-lb. steers set a new top, $16.00, for the year to date, this price being followed by $15.75, paid for 1309-lb. averages, while some at $15.25 scaled 1229-lbs. Two loads of steers at $14.10, the heaviest here, scaled 1458-lbs. Lightweight steers showing more than a grass diet scored $13.85 to $14.15, few in the aggregate. The balance of the native steers, all of which were grassers, ranged from $10.25 to $12.35. Western steers ranged largely from $10.25 to $12.00, with a few upward to $13.00, the latter figure representing 1215-pounders. Fat heifers were scarce, and confined mostly to small lots and individual head which went from $12.75 to $14.00, with one load at $14.50, averaging 696-lbs. Medium heifers scored $11.00 to $12.50. Few, if any, cows were sufficiently conditioned to bring better than $11.00, while bulk of matrons scored $8.00 to $9.50. Most low cutters went from $5.50 to $6.00. Top medium bulls registered $9.50, while the majority cashed at $8.75 to $9.25. Good and choice vealers claimed $16.75.

HOGS: Light hogs averaging upward to 220-lbs. found a moderately active market at 5 to 10¢ higher terms than Saturday's average, practically all of these selling early to shippers and small killers. There was a larger percentage of hogs averaging 230 to 250-lbs. included in the run today than there had been for some time and these were the ones that provided the greatest difficulty from the selling end. Weighty butchers naturally came in the same category and such kinds ruled slow and very uneven, sales appearing anywhere from weak to in spots 25¢ or more below Friday's average, although in the main it was a weak to 10¢ lower deal as the quality on some of the lowest priced kinds was less desirable. Some interests were bidding lower on pigs, but any sales which had been consummated up to the noon hour registered practically no change. Except for a few smooth light sows which sold higher, packing sows opened about in line with the early deals of Saturday, closing slightly lower than early or practically unchanged with the bulk on that day.

Estimated hog receipts were posted at 14,000, compared with actual receipts of 15,215 last Monday, and a total of 9,019 the corresponding day a year ago.

A rather substantial top of $12.35 was reached by many loads of light hogs, while the bulk of the 160 to 210-lb. averages cashed at $12.25 to $12.30, with 210 to 220-lb. weights early at $12.15 to $12.25. Some 130 to 150-lb. kinds turned at $11.85 to $12.25, with desirable pigs 130-lbs. down largely $11.00 to $12.00. Packing sows bulked at $10.00 to $10.10, some smooth kinds up to $10.25, with the late bulk $10.00. One load of butchers hogs averaging 215-lbs. late brought $12.15, while the late trade on 220 to 290-lbs. ranged from $11.25 to $12.00 with much unevenness to the prices, but in general good 230 to 250-lb. kinds were found at $11.65 to $11.85.

SHEEP: The quality of the fat lamb offerings today, as on most of the Mondays, did not measure up to the standard for the week as most of the supply was of the Southwest Missouri origin. Taking this into consideration, the market was on a mostly 25 to 50¢ lower basis although bulk prices on paper appear decidedly lower. Sort-offs or throwouts were a flat 50¢ lower; while sheep remained unchanged. Receipts were estimated at 4,500, compared with 4,916 last week and 3,670 the same day last year.

City butchers paid up to $14.25 and $14.50 for a few small lots of choice lambs, but the packer top on good native lambs stopped at $14.00, with the bulk including the Southwests at $13.50 to $14.00, some less desirable kinds down to $13.25 or below. Throwouts exchanged ownership largely at $8.50. Yearlings were too scarce to receive mention, a few odd lots and individual head going around $11.00. Fat ewes bulked at $5.00 to $6.00, culls downward to $3.00 or below.

NATIONAL STOCK YARDS LIVESTOCK MARKET - TUESDAY-JULY 23, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts this date were 7,500 which figure, if supported by the official count, will make this the banner Tuesday to date this year. Receipts last Tuesday totaled 5,646, while 4,195 was the count this day last year. Steers and heifers found slow going throughout the session. For the most part native steers sold 25¢ lower, there being few instances where steady deals were recorded, one or two transactions in the $15.00 column and those at $16.00 and $16.25 about the only trades at an unchanged level. In addition, there were spots where low priced natives sold more than 25¢ lower. The western run comprised 69 cars as compared with 30 last Tuesday. Most of the range steers cleared 10 to 15¢ lower, with some under $10.00, 25¢ lower. Heifers slumped 25¢ all along the line, fat lightweights to-day being given no consideration as heretofore. Cows registered steady to a shade lower, those at and near the bottom of the list receiving the discount. Low cutters and bulls remained unchanged, while good and choice vealers dropped 25¢. Fifty head of choice, 1446-lb. steers registered $16.25 and thereby established a new top for the year to date. Other weighty steers claimed $16.00, while some at $15.25 averaged 1110-lbs. Several loads in good flesh, scaling 1173 to 1311-lbs., brought $14.00 to $14.90. The best lightweight steers noted scored $15.50, averaging 916 and 1025-lbs., with less finished kinds downward to $13.55. Western steers ranged from $9.35 to $12.60, bulk $10.00 to $12.00. Choice heifers registered $14.25, while those grading good ranged from $12.50 to $13.75; medium descriptions downward to $11.00. Few cows cleared better than $11.00, while bulk brought $6.00 to $9.50, with $7.50 the low point for straight carcass beef kinds. Low cutters went largely from $5.50 to $6.00, a few $5.35. Weighty to heavy medium bulls cashed at $9.00 to $9.50. Good and choice vealers registered $16.50, as compared with $16.75 yesterday.

HOGS: A lower undertone hung over the hog market from the start this morning, and with news of a lower nature emanating from practically all outside points, the result was that when trading got under way it was on a 15 to mostly 25¢ lower basis on hogs averaging downward from 220-lbs. compared with Monday's average. Heavier hogs were somewhat later in starting and the undertone on these was weaker, but as these had taken an unevenly lower count yesterday the sales to-day for the most part were very little or no lower than on the close of Monday. There were more orders present for medium and heavy weight hogs than for some time past, which naturally helped out materially, but some sales, especially later in the day, were unevenly weak to 15¢ lower. Pigs and lightlights also followed this trend, while packing sows were quotable 15 to 25¢ lower.

Receipts were estimated at 15,000, compared with actuals of 12,112 last Tuesday, and 11,837 the same day a year ago.

The practical top was $12.10, only one load of choice 190-lb. averages managing to reach $12.15. The bulk of the 160 to 200-lb. weights cleared at $12.00 to $12.10, with a late top of $12.05; 200 to 230-lbs. went largely at $11.75 to $12.00; 230 to 250-lbs. $11.50 to $11.75; 250 to 300-lbs. $11.25 to $11.50, some less desirable kinds down to $11.15 or below. Light lights turned largely at $11.85 to $12.10; good pigs from $11.00 to $12.00. Packing sows ranged from $9.75 to $10.00, few at the extremes, the big bulk centering at $9.85.

SHEEP: There was a lot of bargaining under way on early rounds in the sheephouse, as buyers were bidding considerably lower on fat lambs from the start. The quality was considerably improved over yesterday and when this was taken into consideration the scaleward movement was started later on a buyer's market with values 25 to 50¢ below the previous day. Throwouts and sheep held to a steady deal.

Receipts were estimated at 5,000, as against actual unloadings of 3,712 a week ago, and 5,312 the same day a year earlier. While a short deck of choice lambs reached $14.25 to city butchers, the packer top on good lambs was $13.75, with the bulk $13.50 to $13.75, some less desirable offerings down to $13.25. NATIONAL STOCK YARDS LIVESTOCK MARKET-WEDNESDAY-JULY 24, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts to-day were 5,000, as compared with actual counts of 3,730 last Wednesday and 3,225 this day last year. The range country provided thirty-one cars of grass cattle as against fourteen yesterday. The native steer trade ruled slow all day. Some deals were not completed at the noon hour. Most transactions were a shade lower, some off 25¢, while a few were held to be steady. The desirable western steers, or those selling above $11.00, went at unchanged terms, while a few low priced, common descriptions stood a 25¢ loss. Some Mexican bred, Oklahoma grazed steers were unsold at noon. During part of the session heifers looked steady to 25¢ lower, while at the close the discount was required in all instances. Cows and all cutters held steady, although early indications pointed to a lower market for the former. Bulls were slow sellers, generally steady to 25¢ lower, some of the heaviest selling at the top of the list. Good and choice vealers took another drop, 50¢ being the measure of today's depreciation. Three loads of well fattened, 1303-lb. steers established the current day's top at $15.65, while some scaling 1384-lbs. registered $14.75. Other steers scored $13.25 to $14.35, some 1299-pounders at $13.75 grading medium and good. Lightweight steers in good flesh brought $14.00 to $15.35, the latter figure paid for 1011-lb. averages. The desirable western steers brought $11.40 to $12.50, all of these Kansans, with those at $12.50 averaging 1115-lbs. Common steers at $9.75 scaled 854-lbs. Two loads of 651-lb. heifers landed $14.00 as top for that class, while two cars, averaging 757-lbs., cashed at $13.85, with other fat kinds downward to $12.50; medium descriptions $11.00 to $12.25. No cows were noted above $10.50. The majority of matrons brought $8.00 to $9.50 these figures including Oklahoma cows at $8.00 to $8.75. Low cutters went principally at $5.50 to $6.00. Top medium bulls claimed $9.50, although there were very few at that figure. Good and choice vealers scored $16.00.

HOGS: There was a certain degree of hesitancy at the start-off on the hog market this morning, but when trading finally broke loose, it became a fairly active affair, with the price level on a mostly 15 to 25¢ higher level than the average of yesterday. There were several good orders on hand for medium and heavyweight butchers which undoubtedly accounted for such kinds showing the maximum upturn for the most part on early rounds. Traders, shippers and small killers bought quite freely, but large packer purchases were very limited. Some of the advance on medium and heavy weights was lost before the close as the market grew weaker, and a few loads were unsold at the noon hour. Most of the light hogs cleared early, a few loads of late arrivals being held late at steady terms. Pigs were very little changed, while light lights ruled steady to 15¢ higher, and packing sows generally 15¢ up. The salable supply was cut short from the estimate by about 2,000 head as a few cars arrived too late for the market, and the volume of truck hogs was not as great as had been anticipated. Receipts were estimated at 12,000, including 3,500 through and direct, compared with actual receipts of 10,000 last Wednesday, and 9,120 the same day a year ago.

A top of $12.25 was paid rather freely for light hogs, with the bulk of 160 to 215-lb. averages $12.15 to $12.25. A few early sales of 220 to 240-lbs. were noted at $11.90 to $12.20; some 240 to 260-lbs. $11.75 to $11.90; 130 to 150-lbs. $12.00 to $12.20 and 130-lbs. down $11.00 to $12.00. Packing sows ranged from $9.90 to $10.10, with the bulk at $10.00. On late rounds 220 to 240-lb. kinds went at $11.80 to $12.10; 240 to 260-lbs. $11.65 to $11.80 and some 260 to 280-lbs. at $11.50 to $11.65. Two loads of 210-lb. averages sold late at $12.20.

SHEEP: Buyers were again trying to cheapen costs on fat lambs this morning, by offering lower bids, but their efforts proved futile and the final result was a steady market on all classes. Sheep were scarce, with yearlings too scarce to furnish a basis on which to quote. Morning estimates called for 4,000 sheep and lambs, as against a total of 3,712 a week ago by actual count, and 3,273 the corresponding day last year.

Top good lambs to packers stopped at $13.75, with the bulk at $13.50 to $13.75, and a few down to $13.25. City butchers paid up to $14.00 on a few choice lots, with a small package of sorted specials at $14.25. Medium lambs cleared from $12.00 to $13.00 largely, and odd head of yearlings from $10.00 to $11.00 depending on weight and condition. Throwouts were taken mostly at $8.50, while the bulk of fat ewes turned at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-THURSDAY-JULY 25, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 2,000; total last Thursday 1,971; official count this day last year 2,309. There were not enough native steers on sale today to make a full fledged market, although trading was extremely slow on the few on hand, the limited number disposed of being steady to slightly lower, three or four loads in question scoring $13.50 to $14.25. The western run comprised twenty-one cars. There were no range cattle represented last Thursday. Steers sold steady to a shade lower, while cows and heifers suffered a 25¢ loss. Five cars of Kansas steers, averaging 1143-lbs., brought $12.60, while five each scored $11.40 and $11.50, scaling 1164 and 1130-lbs., respectively. Five cars of heifers from the Sunflower State, averaging 859-lbs., cashed at $9.25, while $8.50 was the price paid for 995-lb. cows from the same locality. Native heifers, while slow, sold about steady. Cows and all cutters from near by territory made no material change. Bulls found narrow outlet at values 25¢ under a week ago. Good and choice vealers advanced 25¢. Fat heifers, consisting almost exclusively of individual head or small lots, cashed at $12.50 to $13.50, with one load at $13.25 averaging 778-lbs. Medium heifers made $11.00 to $12.00, largely. Most cows brought $7.75 to $9.00, few above $10.50. Low cutters registered $5.65 to $6.00, principally. While $9.25 claimed an occasional sausage bull, that price was hard to obtain. Heavy beef bulls cleared as low as $9.25. Good and choice vealers went at $16.25, mostly on shipper account.

HOGS: Although there was some delay at the start in establishing a trading basis on the hog market, it was not long after the opening hour before transactions were on in earnest at 10 to mostly 15¢ higher prices compared with Wednesday's average. The early trading was confined largely to hogs averaging downward from 210#, but a few early sales of medium weight butchers also received the benefit of the advance and a few limited lots appeared even higher. Strong weight pigs 120# up were in good demand and ruled strong to 25¢ higher but on kinds scaling downward from 100# the market was very uncertain and barely steady. Small killers and shippers were active on the early market, but later, when many of the existing orders had been filled, the market came to a standstill and when trading was again resumed it was on a 15 to mostly 25¢ lower basis than early with many of the medium weight hogs fully 40¢ lower or 25¢ below the average yesterday. Packing sows opened steady to strong, but closed dull and about steady. Receipts were estimated at 10,000, compared with actual arrivals of 11,111 last Thursday, and 11,341 the same day a year ago.

A rather substantial top of $12.40 developed early with the bulk of 160 to 210# averages at $12.30 to $12.35; 210 to 230# averages $12.15 to $12.30; a few lots of 230 to 250# $12.00 to $12.15; 130 to 150# $12.00 to $12.35; 130# down $11.00 to $12.25; packing sows $10.00 to $10.15, a few light smooth kinds up to $10.25, with the bulk for the day at $10.00. The late top was $12.15; bulk 210 to 230# $11.75 to $12.05; 230 to 250# $11.50 to $11.75; some 250 to 300# $11.15 to $11.50. Most of the light hogs turned on the early market.

SHEEP: Although the supply at the sheep house was of light proportions and offered very little to work on, buyers were insistent upon cheapening costs in line with outside conditions, and after a slow session finally won out, as fat lamb values were reduced 25 to mostly 50¢. Yearlings were too scarce to mention, while other classes held to a steady basis.

Receipts were estimated at 2,000 compared with unloadings of 3,681 last Thursday and 2,028 one year ago. A few decks and lots of good to choice lambs cashed at $13.25, with the bulk at $13.00 to $13.25. Throwout lambs were taken mostly at $8.50, while the bulk of fat ewes went at $5.00 to $6.00. Compared with a week ago, fat lamb values have declined $1.25 to mostly $1.50, throwouts largely 50¢, while sheep remain on a steady basis.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-JULY 27, 1929.
(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 10:30 A.M.)

CATTLE: CATTLE RECEIPTS THIS WEEK APPROXIMATED 22,400, AS COMPARED WITH 18,245 LAST WEEK AND 17,336 THIS WEEK LAST YEAR. THE WEEK NOW CLOSING STANDS OUT AS THE BANNER PERIOD OF THE YEAR TO DATE FOR HEAVY RECEIPTS. WESTERN RECEIPTS FIGURED 211 CARS AS AGAINST 95 LAST WEEK. SLOWNESS FEATURED TRADING IN MOST INSTANCES, ALTHOUGH NATIVE STEERS RIGHT AT AND NEAR THE TOP AND THE MOST DESIRABLE WESTERN STEERS PROVED THE EXCEPTIONS. COMPARED WITH THE CLOSE OF LAST WEEK, STEERS AT $16.00 AND UP AND CHOICE COWS SOLD STEADY; OTHER NATIVE STEERS AND OTHER COWS 25 TO 50¢ LOWER, WITH MEDIUM FLESHED STEERS OFF 75¢ IN SPOTS; WESTERN STEERS AT $11.50 AND BETTER, 10 TO 15¢ LOWER; OTHERS DOWNWARD TO $10.00, 25 TO 35¢ LOWER; THOSE UNDER $10.00, 40 TO 60¢ LOWER; FAT MIXED YEARLINGS AND HEIFERS 50¢ LOWER; MEDIUM FLESHED DESCRIPTIONS 75¢ LOWER; BULLS AND VEALERS 25¢ LOWER; STOCKER AND FEEDER STEERS STEADY TO 25¢ LOWER; FEEDING HEIFERS UNCHANGED; FEEDING COWS 25¢ LOWER.

TOPS FOR THE WEEK: 1446-LB. STEERS $16.25, WHICH IS THE HIGH POINT LOCALLY FOR THE YEAR TO DATE; 916-LB. YEARLINGS $15.50; 696-LB. HEIFERS $14.50; 690-LB. MIXED YEARLINGS $14.25; 1215-LB. WESTERN STEERS (KANSANS) $13.00. BULKS FOR WEEK: NATIVE STEERS $12.65 TO $15.65; WESTERN STEERS $10.25 TO $12.00; FAT MIXED YEARLINGS AND HEIFERS $12.75 TO $13.50; MEDIUM HEIFERS $11.00 TO $12.50; COWS $8.00 TO $9.50; LOW CUTTERS $ 5.50 TO $6.00.

HOGS: HOG RECEIPTS WERE ESTIMATED AT 5,000 TODAY, AS AGAINST ACTUAL RECEIPTS OF 4,585 LAST SATURDAY AND 1,979 THE SAME DAY LAST YEAR. FOR THE WEEK, APPROXIMATELY 67,700 WERE RECEIVED, COMPARED WITH 65,905 THE PREVIOUS WEEK, AND 53,255 THE CORRESPONDING WEEK LAST YEAR.

WITH MANY OF THE ESTIMATED HOGS IN ON THROUGH AND DIRECT BILLING, THE SALABLE SUPPLY WAS CUT MATERIALLY, LEAVING HARDLY A SUFFICIENT QUANTITY TO MAKE A REPRESENTATIVE MARKET. MOST OF THE SALES WERE TRANSACTED AT 10¢ HIGHER TERMS THAN AT THE CLOSE YESTERDAY, BUT COMPARED WITH THE AVERAGE GOING THERE WAS VERY LITTLE CHANGE TO BE NOTED. PACKING SOWS FOR THE MOST PART SOLD ABOUT STEADY WITH THE CLOSE FRIDAY. LIGHT PIGS AVERAGING DOWNWARD FROM 100 POUNDS WERE IN NARROW DEMAND AND THE OUTLET FOR THESE WAS VERY UNRELIABLE.

WITH THE EXCEPTION OF PACKING SOWS, THE MARKET STATUS COMPARED WITH THE CLOSE OF LAST WEEK IS REGISTERING VERY LITTLE CHANGE, LIGHT HOGS BEING STEADY TO WEAK, MEDIUM AND HEAVY WEIGHT HOGS WEAK TO 10¢ LOWER; PACKING SOWS 15 TO 25¢ LOWER, WHILE STRONGWEIGHT PIGS ARE STRONG TO 15¢ HIGHER AND LIGHT WEIGHTS WEAK TO UNEVENLY LOWER.

THE TOP TODAY WAS $12.25, WITH THE BULK OF THE 160 TO 200-LBS. AT $12.15 TO $12.25; 200 TO 220-LBS. $12.00 TO $12.15; 220 TO 240-LBS. $11.75 TO $12.00; 240 TO 260-LBS. $11.50 TO $11.75; SOME MEDIUM TO GOOD 290-LB. AVERAGES DOWN TO $11.15. A FEW 130 TO 150-LB. WEIGHTS CLEARED AT $12.00 TO $12.25, WITH DESIRABLE 130-LBS. DOWN FROM $11.00 TO $12.10. PACKING SOWS TURNED AT $9.75 TO $9.85, MOSTLY $9.75, A FEW LIGHT, SMOOTH KINDS EARLY REACHING $10.10.

SHEEP: FOR THE WEEK, MARKETINGS OF SHEEP AND LAMBS APPROXIMATED 19,000, COMPARED WITH ACTUAL ARRIVALS OF 20,577 THE PREVIOUS WEEK, AND A TOTAL OF 15,934 THE SAME WEEK A YEAR AGO.

THE INCREASED SUPPLY OF LAMBS AND SHEEP AT THE ELEVEN MARKET CIRCUIT OF APPROXIMATELY 20,000 HEAD OVER A WEEK AGO, OR ABOUT NINE PERCENT, AND A RAPIDLY DECLINING MARKET FOR THE DRESSED PRODUCT AT EASTERN WHOLESALE MARKETS, HAVE BEEN THE MAIN FACTORS OPERATING TO REDUCE FAT LAMB VALUES FROM $1.75 TO MOSTLY $2.00 DURING THE WEEK AT THE LOCAL YARDS. THROWOUT LAMBS RECEIVED MOSTLY A 50¢ LOWER DEAL, WHILE SHEEP HELD TO A STEADY BASIS. THE SUPPLY OF YEARLINGS HAS BEEN CONSPICUOUSLY ABSENT BUT IN LINE WITH THE SEVERE BREAK IN LAMBS THE QUOTATIONS AT THE CLOSE OF THE WEEK WERE REDUCED SOMEWHAT IN SYMPATHY.

WITH SHARP DECLINES ALMOST DAILY, A BULK OF FAT LAMB PRICES FOR THE WEEK WOULD MEAN PRACTICALLY NOTHING, THE CLOSING TOP ON GOOD TO CHOICE LAMBS BEING $12.75 WITH THE BULK AT $12.50 TO $12.75. THESE PRICES MAY BE COMPARED WITH A TOP OF $14.75, AND THE BULK $14.50 TO $14.75 AT THE PREVIOUS WEEK'S CLOSE. THROWOUT LAMBS BULKED FOR THE WEEK AT $8.50, WHILE FAT EWES WENT AT $5.00 TO $6.00, COMMON GRADES AROUND $3.00 TO $4.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-MONDAY-JULY 29, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts to-day were 9,000 as compared with 7,791 last Monday and 9,080 this day last year. Included in the receipts were 122 cars from Kansas and Oklahoma pastures as against 90 loads last Monday. Current receipts are the largest of any single day so far this year, the same being true of the range offering. Trading was noticeably slow in nearly all departments throughout the entire forenoon, exceptions being fat steers, which were very scarce, and vealers. That the general market would seek a lower level was the consensus of opinion when the receipts were first posted. Fat steers, however, by virtue of their scarcity, managed to hold steady; while native grass steers were in first hands at the noon hour with bids that were drastically lower. The more desirable western steers, which sold first, were called 25 to 40¢ lower, with prospects of others standing a 50¢ loss. Most heifers, cows, all cutters, bulls and good and choice vealers declined 25¢, with some medium heifers off more. The few fat steers disposed of brought $14.50 to $15.50, the latter price paid for some averaging 1429-lbs., while those at $14.50 and $15.10 were lightweights. The more desirable western steers claimed $11.10 to $12.35, Kansans at the higher figure scaling 1150-lbs. Although some individual heifers sold higher, $13.50 was about the stopping place for the best offered to-day. Bulk of heifers registered $10.00 to $12.50, which included western heifers at $11.50, pasture mates of which brought $12.00 the first of last week. Few cows landed in the $10.00 column, while bulk of matrons brought $7.75 to $8.50, with some westerns $8.00 to $8.50. Low cutters scored $5.25 to $5.75, largely, $6.00 being about the outside figure for this kind, and while medium bulls reached $9.25 in a very few instances, the practical top was $9.00. Good and choice vealers went largely on shipper account, top and bulk making $15.75.

HOGS: There was a moderate degree of activity to the market on light hogs early with shippers and small killers setting the pace at mostly 10¢ lower terms compared with Saturday's average and a large proportion of the light material found an outlet on this basis. Only a few sales of weight averages up to 240-lbs. were made on early rounds and these appeared steady to 10¢ lower. Although most of the light hogs sold early there were still some which came in for the closing deal with the medium and heavyweights and although sales on the latter weight groups were spotted and very uneven they were for the most part 10 to 15¢ lower than early or 15 to 25¢ below Saturday's general trade. Strongweight pigs came in for a decline of 15 to 25¢ in sympathy with the light hogs, while the trade on light kinds 100-lbs. down was very undependable. Packing sows opened steady to mostly 10¢ lower, with spots at the close fully 25¢ off.

Receipts were estimated at 15,000, as against 13,158 last Monday, and 13,074 the same day a year earlier.

The extreme top was $12.20 paid for a load of fancy Hampshires averaging around 180-lbs., while the practical top stopped at $12.15 with the bulk of the 160 to 200-lb. weights turning early at $12.10 to $12.15. Some 200 to 220-lb. averages cleared at $11.90 to $12.10; 220 to 240-lbs. $11.75 to $11.90; 130 to 150-lbs. $11.85 to $12.10 and desirable 130-lbs. down largely $11.00 to $11.85. The late top was $11.95, with a few late sales 200-lbs. down at $11.90, several loads of light hogs selling shortly before the extreme close at $12.00. On 200 to 220-lb. weights the $11.75 to $11.90 terms were popular; 220 to 240-lbs. $11.50 to $11.75; 250 to 270-lbs. $11.25 to $11.50 and 270 to 300-lbs. quotable $11.00 to $11.25, although there were many variations due to the unevenness present.

SHEEP: Following up the lower trend of the previous week, buyers were out bidding lower on fat lambs again this morning and succeeded to the extent of 25¢ for the big share of the material. Medium grade and throwout lambs sold very uneven, anywhere from steady to 50¢ lower, while sheep held to a steady deal. The quality of the lambs today as on most Mondays was below the average when compared with the arrivals on other days of the week, today's quota coming largely from Southwest Missouri and Arkansas territory. Although bulk prices appear more than 25¢ lower this is accounted for by the less desirable quality. Estimated receipts were placed at 3,000, compared with unloadings of 4,451 last Monday, and 3,395 the same day a year ago.

The packer top stopped at $12.50 on good to choice lambs, with the bulk at $12.00 to $12.50, while a few sizable lots went to city butchers up to $12.75. Throwout lambs were taken from $8.00 to mostly $8.50 for the majority, and the bulk of fat ewes changed hands at $5.00 to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET - TUESDAY-JULY 30, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts to-day were 7,000, as compared with actual counts of 7,511 one week ago and 5,442 this day last year. Kansas and Oklahoma provided eighty-six cars as against sixty-nine one week ago. Fat steers from near-by territory and the better kinds of westerns were about the first to move scaleward this morning. Most of the fat steers sold steady, with those down around the bottom of the good grade generally 25¢ lower. Native grass steers were hard to move and were mostly 25¢ lower. The more desirable western steers, or those going at $11.25 and better, looked steady, while the balance cleared 15 to 25¢ lower. Heifers were unchanged for the most part, although some sellers complained of lower prices. Cows and low cutters were also steady, with spots off 25¢ on the former. Bulls held close to the level established yesterday, while good and choice vealers dropped 50¢. Three loads (54 head) of choice, 1097-lb. steers set the day's top at $16.15. These steers showed every evidence of intelligent feeding. The balance of lightweight steers ranged from $10.75 to $15.00, with those in good flesh $13.85 up. A few steers at $15.25 averaged 1142 and 1383-lbs., while others at $13.50 to $15.00 scaled 1130 to 1268-lbs. Western steers ranged from $8.00 to $13.00, the latter figure paid for Kansans averaging 990-lbs. Two loads of choice heifers brought $14.30 and $14.40, those at the higher figure scaling 687-lbs. Other fat descriptions, both heifers and mixed steers and heifers, cleared at $12.60 to $13.50, while medium fleshed kinds scored $11.00 to $12.00, mostly. Oklahoma heifers averaging 806-lbs. duplicated yesterday's price of $11.50, which was paid for pasture mates. Few, if any, cows brought better than $10.00, while bulk scored $7.75 to $8.50. Western cows cashed at $7.25 to $8.25. Low cutters went principally at $5.50 to $6.00, while best medium bulls claimed $9.00. Good and choice vealers registered $15.25, as against $15.75 yesterday.

HOGS: The hog market ruled slow throughout the day and from the standpoint of the salesmen and producers the results were not very encouraging. Shipping orders were rather limited and consequently the outlet from this source was relatively narrow. However, shippers and small killers led off and started the trade on light hogs on a 10 to 15¢ lower basis than Monday's close or 20 to 30¢ below the average. A few scattered sales of medium and heavyweights also followed the same trend, while packing sows were generally 20 to 25¢ lower. Pigs averaging upward from 100-lbs. ruled unevenly lower, mostly 25 to 40¢ early with many spots at the close 75¢ lower than yesterday's best time, while lighter weights were almost a drug on the market and on a very catchy basis. Big packer buyers held back until most of the existing orders had been filled, but shortly before the noon hour they stepped in and purchased slowly, but quite consistently at generally a 15¢ lower level than early or 25 to 30¢ below the close yesterday, and a fairly complete clearance was effected by the noon hour.

Receipts were estimated at 15,000, compared with actual receipts of 14,566 last Tuesday, and 12,419 a year ago.

Although a few lots of choice light hogs reached $11.85 early the practical load top was $11.80, with the early bulk of 160 to 210-lb. averages at $11.65 to $11.75. A few scattered sales of 220 to 240-lbs. $11.40 to $11.60, and some 250 to 270-lbs. $11.05 to $11.25; some 130 to 150-lbs. ranged from $11.35 to $11.75, and 130-lbs. down $10.75 to $11.35. Packing sows ranged in the extreme from $9.25 to $9.60, with the bulk at $9.40, late sales going mostly at $9.25. The late top was $11.65, with the bulk of 180 to 210-lbs. $11.50 to $11.65; 210 to 240-lbs. $11.25 to $11.50; 240 to 260-lb. $11.00 to $11.25; some 260 to 300-lbs. $10.75 to $11.00; 130 to 150-lbs. $11.00 to $11.50. Some lightweight pigs sold down to $9.25 or below, most of the 90 to 120-lbs. $10.25 to $11.00.

SHEEP: Although a few minor sales of fat lambs had been made early at steady prices some of the buyers still had hopes that they would be able to cheapen costs still further, but with bullish news emanating from other outside markets the final result was an active trade at the close with prices strong to mostly 25¢ higher. The quality was considerably improved over yesterday which accounts for bulk prices appearing 25 to 50¢ higher. Yearlings were too scarce to mention, while other classes held to a steady basis.

Receipts were estimated at 5,000, as against unloadings of 7,618 a week ago, and 4,707 a year previous.

Bulk of the good to choice lambs sold to packers at $12.50 to $12.75, the latter price top, while city butchers paid up to $13.00 for some odd lots. Throwouts bulked at $8.00 to $8.50 and medium grades largely $11.00 to $12.00. Fat ewes went largely at $5. to $6.00.

NATIONAL STOCK YARDS LIVESTOCK MARKET-WEDNESDAY-JULY 31, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p.m.)

CATTLE: Estimated cattle receipts 5,000; total last Wednesday 4,271; official count this day last year 2,465. There were twenty-six cars of western cattle to-day, as compared with thirty-one loads last Wednesday. Dullness again featured the trade, this being especially true in the native steer division, where sales were conducted on a catch-as-catch-can basis, a very few being called steady, while the others were lower, mostly 25¢ down. Nearly all of the range cattle were Kansas grazed steers. These sold 10 to 25¢ lower. Good and choice vealers took another downward turn to the extent of 50¢. Vealers have declined every day since last Thursday. Other classes cleared right at steady. Most of the good steers sold down near or not far from the bottom of that grade, one exception being a load at $14.50, averaging 991-lbs. Otherwise the good steers landed in the $13.00 column, some lightweights at $13.75, while some at $13.50, scaled 1276-lbs. Medium fleshed steers cleared at $13.00 and less. Bulk of western steers went at $10.85 to $12.10, the latter figure representing Kansans averaging 1183-lbs. Thin, lightweight range steers scored $8.60 to $9.85. Individual head and small lots of heifers went as high as $14.00, while $13.75 was the practical top for mixed yearlings. Medium fleshed descriptions cashed from $11.00 to $12.25. Ten dollars per hundredweight was about the highest price paid for the best cows on hand, while the majority of matrons registered $7.75 to $8.50. Low cutters went largely at $5.50 to $6.00, whereas most of the medium bulls cashed at $8.00 to $8.75. Good and choice vealers scored $14.75, which is 50¢ lower than yesterday and $1.00 under last Monday. Shipper interests acquired most of to-day's calves and vealers.

HOGS: Early developments in the hog division this morning were slow and there was a great deal of hesitancy about getting started. With receipts of hogs in the aggregate at eleven markets showing a decrease over a week ago, salesmen were insisting upon higher prices than at the best time yesterday. Shipping orders were relatively scarce at the start but this part of the trade picked up a little later in the forenoon. After a good deal of bargaining the market finally opened 10 to 20¢ above the average of yesterday on butcher and bacon hogs with kinds scaling 220-lbs. upward in general showing the best advance. At the close, however, such kinds had lost part of the early advance and were quotable steady to strong with yesterday's close. Lighterweights remained on the same level throughout the day, mostly to shippers and small killers, but large packers were very limited purchasers and toward the noon hour many mediumweight and heavy hogs were still unsold and had to be carried over for tomorrow's market. Packing sows cleared about steady with the average, while pigs ruled steady with the close yesterday.

Estimated receipts called for 10,000, compared with actual receipts of 10,252 last Wednesday and 11,380 the same day a year ago.

The practical top was $11.85, a short load of 180-lb. averages reaching $11.90; bulk 210-lbs. down $11.75 to $11.85; early sales 210 to 230-lbs. $11.50 to $11.75; 230 to 260-lbs. $11.20 to $11.50; 130 to 150-lbs. $11.00 to $11.50; 130-lbs. down $10.25 to $11.00. Packing sows bulked at $9.40, ranging from $9.25 to $9.60 the latter price paid for a limited number of light very smooth kinds. Some late sales of 210 to 240-lb. averages were made at $11.25 to $11.75; 240 to 260-lbs. $11.00 to $11.25; 260 to 320-lbs. $10.75 to $11.00, one load of 318-lb. averages turning at $10.80.

SHEEP: Further advances were made in fat lamb values to-day at the local market in spite of a lower trend to the market on the dressed product at Eastern wholesale markets. Receipts of lambs at eleven markets showed some increase over a week ago, but for the week they are running lighter by about 12,000. Considering the lighter sorts to-day, fat lamb values were strong to mostly 25¢ higher, while other classes remained unchanged. Receipts were estimated at 2,500, as against 3,557 last Wednesday and 2,961 the same day last year. Several decks of good to choice lambs cashed to packers at $13.00, with the bulk $12.50 to $13.00, mostly $12.75 to $13.00. Medium grades cleared at $11.00 to $12.25, with throwouts mostly $8.00 to $8.50 and bulk fat ewes $5.00 to $6.00; culls down to $3.00 or below.

NATIONAL STOCK YARDS LIVESTOCK MARKET - THURSDAY-AUGUST 1, 1929.

(Based on market conditions and sales reported up to 1:30 p. m.)

CATTLE:- Estimated cattle receipts this date were 2,800, as compared with 2,055 last Thursday and 1,874 this day last year. Native steers were in scant supply to-day, while there were not enough heifers to merit mention, although individual head registered upward to $14.00. There was better action on native steers than usual, as most deals were closed at a relatively early hour, generally on a steady basis. Western steers sold steady to a shade lower, while good and choice vealers, which have declined every trading day since last Thursday, when $16.25 obtained, took a drop of 75¢, this time landing at $14.00. Other classes not metioned were generally considered steady, with a weakness on light, thin low cutters. One load of choice, 1223-lb. steers brought $16.00, while one consignment in good flesh, scaling 1127-lbs., scored $14.75. Some steers in medium flesh, averaging 1331 and 1220-lbs., made $12.75 and $12.90, with a three-car string of lightweights bringing $12.75, the foregoing comprising the majority of deals in the native division. Bulk of western steers (Kansans) cashed at $10.20 to $12.00, all of which averaged 1131 to 1157-lbs. Most cows cashed at $7.75 to $8.50; low cutters $5.50 to $6.00, some light, thin descriptions as low as $5.25 and less. Top medium bulls went at $8.75.

HOGS:- The hog market got away to another slow start today, due to the fact that asking prices were considerably higher than the average going of Wednesday. Some sales of light hogs finally were transacted which appeared mostly 25¢ higher than the average yesterday, but this was short-lived as within an hour after the opening hour a good share of the early advance was lost with most of the sales only 5 to 10¢ higher and before the close practically all of the upturns had been wiped out. Hogs averaging over 210-lbs. received no early action whatever and it was well along toward the noon hour before much of any market on these had been established, with many still unsold at noon. Sales on these ruled very uneven and made for an extremely hard market to quote upon. Some of the transactions being about steady with the average while others appeared as low as at the low time of yesterday. Packing sows were steady to 15¢ higher, while strongweight pigs held about steady. Lightweight pigs were in little demand and met with an unreliable outlet at the week's full decline.

Receipts were estimated at 12,500, as against unloadings of 11,672 last Thursday and 12,569 the same day a year ago.

The extreme top was $12.15, paid for a limited number of around 180 to 190# averages with other early sales down to $12.00, while shortly after on the lower level most of the 210# weights and downward were centering around $11.90; 130 to 150# averages early $11.00 to $11.75 and 130# down mostly $10.25 to $11.00, with some of the lightweight pigs in the $9.00 column. The late top was $11.90, bulk 210# down $11.75 to $11.85; 210 to 230# $11.50 to $11.75; 230 to 270# $11.00 to $11.50 and 300# averages quotable down to $10.75; packing sows ranged from $9.35 to $9.75, the latter price paid for sorted, light, smooth kinds, with the bulk at $9.40 to $9.50.

SHEEP:- Receipts of lambs and sheep at eleven markets are about the same as a year ago, but with some curtailment from a week ago, salesmen were again able to extract somewhat higher prices on fat lambs and throwouts, thereby recovering all of the losses occurring since last Thursday. The market ruled strong to 25¢ higher on fat lambs, with throwouts mostly steady, but in spots 50¢ higher. Sheep remained unchanged.

Receipts were estimated at 2,000, compared with actual arrivals of 1,503 last week, and 2,803 a year ago. Good to choice lambs reached a top of $13.25 to packers, a few to city butchers bringing $13.50, with the bulk $13.00 to $13.25. The spread in throwouts closed up and bulk of these went at $8.50. Fat ewes turned largely at $5.00 to $6.00, with culls downward to $3.00 or below.

NATIONAL STOCK YARDS LIVESTOCK MARKET - FRIDAY-AUGUST 2, 1929.

(Based on Market Conditions and Sales Reported up to 1:30 p. m.)

CATTLE: Cattle receipts to-day were estimated at 1,000 as compared with 553 last Friday and 973 this day last year. A fair share of the current run comprised cattle on through billing. To-day was just another Friday, a week-end affair, typical of the grass season when the killer, because of heavy receipts, is enabled to complete his buying quota on or before Thursday. Of course, there were not enough cattle on the market to go around had there been the usual competition incidental to the first four days of the week. So it was a case to-day of selling the meager receipts to the best advantage no matter how narrow the demand. Good and choice vealers were steady without question, for the price, $14.00, was a duplication of yesterday's transactions. Low cutters, too, were about in line with Thursday, some going at $5.25, others $5.50 to $6.00, very few in the aggregate. Odd head of cows brought $7.75 to $8.25, few, if any, above the latter figure, while some bulls cleared around $8.00. There were not enough sales of other classes to merit mention.

HOGS: The light hog market, although displaying no great amount of activity, got away to a fairly early start at steady to strong prices compared with Thursday's best time, or mostly 25¢ higher than the late market yesterday. Relative to the supply, the shipping demand was broader and between the shippers and the small killers most of the hogs averaging under 200-lbs. were disposed of fairly early in the session. A few loads of mediumweights also shared in the early advance, but with big packers resisting the advance, very few of these had changed hands before well up to the noon hour. There was much unevenness to the trade on medium and heavyweight butchers with variations of 25¢ in value on only a very few pounds of weight, but in general the deal was steady to, in spots, 10 to 15¢ higher than the low time yesterday, although here and there a few sales were a little below. Strongweight pigs 120 to 130-lbs. were strong to 25¢ higher, while light lights were mostly 25¢ or more higher, the most advance appearing on 140 to 150-lb. weights. Packing sows ruled steady to strong with the average. Receipts were estimated at 8,000, as against actual receipts of 13,066 last Friday and 11,317 the same day last year.

The early top was $12.15 with most of the 160 to 200-lb. averages landing at $12.10 to $12.15, while a few sales of 200 to 220-lbs. were noted at $12.00 to $12.10; 130 to 150-lbs. $11.00 to $12.00, mostly $11.25 to $11.75; 130-lbs. down, $10.00 to $11.25, with real light pigs down to $9.00. Packing sows ranged largely from $9.40 to $9.75, with the bulk at $9.40 to $9.50. The late trade on 200 to 220-lbs. was $11.75 to $12.00; 220 to 240-lbs. $11.40 to $11.75; 240 to 270-lbs. $11.15 to $11.50 and some 260 to 300-lbs. $10.75 to $11.15. With sales so uneven, an overlapping of both weights and prices becomes necessary in order to quote the market correctly.

SHEEP: With receipts light there was not much to the trade on fat lambs and sheep and although there had been no trading transacted on early rounds, all indications pointed to about a steady deal on all classes. This was proved later when fat lambs started a scaleward movement at fully steady prices and other classes registered no change. Prices of lambs which took a slump a week ago today and another one at the current week's opening, have been advancing during the past few days and practically all of these losses have been recovered so that compared with a week ago these are 25 to 50¢ higher than Friday's closing session. The advance is to be attributed largely to a slight let-up in live supplies, as the Eastern meat trade conditions are no better and prices on the dressed product are continuing on the downward trend. Medium grade and throwout lambs also regained previous losses and together with sheep are steady with a week ago.

Estimated receipts called for 1,500, compared with actual unloadings of 1,573 last Friday and 1,771 a year ago. The packer top on fat lambs today was $13.25, with the bulk of the good and choice offerings $12.75 to $13.25. Throwouts went largely at $8.50, while fat ewes commanded $5.00 to $6.00 for the bulk.

- OMAHA MARKET - 11:00 A.M. -

HOGS: Opened generally steady to shippers; now slow with few sales and bids 15 to 25¢ lower; top $11.65 on sorted 190# lights; early sales 180 to 220# weights $11.25 to $11.50; 220 to 260# butchers $10.75 to $11.40; packing sows $9.50 to $9.85; packers bidding $9.50 and down.

CATTLE: Fed steers and yearlings scarce; steady; she stock and bulls dull, weak at recent decline. Veals steady; stockers and feeders scarce, weak; fed steers and yearlings $12.25 to $13.50; few lots up to $15.00; few lots fed heifers $12.50 to $13.00; ~~grass he~~ifers $ 8.50 to $ 9.50; grass cows $7.25 to $8.75; bulk all cutters $5.75 to $6.75; few medium bulls $8.00 to $8.75; practical top veals $13.00; small lots stockers $9.00 to $10.00.

SHEEP: Lambs active; fully steady; other classes unchanged; slaughter range lambs $13.25 to $13.50; natives mostly $12.75; few lots $13.00; one lot $13.25; fed clipped lambs $12.50; four loads bought to arrive strictly choice $12.75; best ewes $6.25; feeding lambs $12.25 to $13.35.

NATIONAL STOCK YARDS LIVESTOCK MARKET-SATURDAY-AUGUST 3, 1929.

(Based on Market Conditions and Sales Reported up to 10:30 A.M.)

CATTLE: Cattle receipts this week approximated 23,900, as compared with 22,398 for the previous week and 20,125 during the corresponding period last year. It was a tough proposition this week to dispose of any class of cattle excepting the few in the choice grade. Prices of all other grades started slipping the first of the week and continued on the down grade during the first three days of the session, when the large majority had been marketed. Half-fat native steers were particularly hard to sell, competition being narrow because some buyers refused to be interested in that kind. This was not the lone instance, however, as some pretty good steers, some listed considerably above the bottom quotation for the class failed to receive the attention that has heretofore been accorded them. In fact, it was a buyers' market all along.

Compared with the close of last week, choice steers and similar quality heifers - there were no choice mixed yearlings offered - sold steady; other native steers and other heifers 50 to 75¢ lower; western steers generally 50¢ lower, with a few off 75¢; native cows and bulls 50¢ lower; western cows and heifers 75¢ lower; good and choice vealers $2.00 lower; stocker and feeder steers 50 to 75¢ lower; feeding cows and heifers 25 to mostly 50¢ lower. Tops for week: 1097-lb. steers $16.15; 1223-lb. steers $16.00; 1335-lb. steers $15.60; 1429-lb. steers $15.50; 1022-lb. yearlings $15.10; 687-lb. heifers $14.40; mixed yearlings $13.75; 990-lb. Kansas grass steers $13.00. Bulks for the week: Native steers $12.50 to $15.00 western steers $9.90 to $12.00, inside bulk $10.40 to $11.80; fat heifers $12.75 to $13.25; medium heifers $10.00 to $12.00; cows $7.75 to $8.50; low cutters $5.50 to $6.00.

On Monday an occasional sausage bull reached $9.25, while $8.75 was the best figure obtainable Thursday. Good and choice vealer prices took to the toboggan one week ago yesterday and declined from one to three points each day until Thursday, when the bottom price $14.00, was reached, that price also paid Friday being comparable with $16.00 at the close of last week.

HOGS: With most of the outside markets reporting news of a bearish nature and the supply of light hogs here too scarce to create any great interest, prices on such kinds were reduced 10 to 15¢ below the average of yesterday but ruled about steady with the closing sales. Medium and heavyweight butchers were slow sellers and the market again was very uneven but much like the close of Friday. Strongweight pigs were somewhat plentiful but were picked up with no appreciable changes in value, while lightweight pigs were on a catchy basis as they have been all week, especially where the quality was somewhat undesirable or where they showed any signs of a grassy diet. Packing sows were in light supply, and the demand for these was narrow, most sales being made on a lower level about in line with the decline on light hogs, but spots were fully 25¢ lower

Receipts of hogs for the week approximated 70,600, as compared with actual receipts of 69,373 the previous week and 62,964 the corresponding week a year earlier.

Top light hogs averaging up to 200-lbs. reached $12.00, with the bulk of 160 to 220-lbs. $11.75 to $12.00, 220 to 240-lbs. $11.40 to $11.75; 240 to 260-lbs. $11.00 to $11.50; 260 to 330-lbs. $10.75 to $11.15; 130 to 150-lbs. $11.25 to $11.75; 130-lbs. down $10.00 to $11.25; packing sows $9.15 to $9.50, with the rank and file around $9.25.

SHEEP: This week's trade in the sheep house started out with a downward trend but lighter receipts, both locally and in the aggregate, proved to be a bullish factor - and about the only one - as the Eastern wholesale markets were fairly well stocked up with the dressed product from the liberal run of the previous week and under a slow and draggy demand prices in this end of the trade again worked considerably lower. Increased runs will no doubt bring about another downturn in values but temporarily the declines on fat lambs were checked after the opening day of the week and a reaction toward higher levels gained momentum until the early losses had been regained and in addition prices are 25 to mostly 50¢ higher than at the previous week's close. Medium grade lambs and throwouts, which declined unevenly, also recovered," and together with sheep are steady with a week ago. The quality of the lams offerings has been about on the average over the period. Receipts arriving on Mondays are largely from Southwest Missouri and Arkansas territory and on this day the bulk of the lambs are not of very desirable quality as a rule.

For the week approximately 13,200 sheep and lambs have been marketed, as against unloadings of 18,783 the previous week and 15,654 a year ago.

Top lambs to packers closed at $13.25, a few to city butchers reaching $13.50 while the bulk of good and choice lambs for the week has been $12.50 to $13.00. Medium grades turned at $11.00 to $12.00, with throwouts bulking at $8.00 to $8.50, closing bulk $8.50. Yearlings were too scarce to furnish a quotable basis, while fat ewes bulked at $5.00 to $6.00, with culls down to $3.00 or below.

NATIONAL STOCK YARDS LIVESTOCK MARKET-MONDAY-AUGUST 5, 1929.

(BASED ON MARKET CONDITIONS AND SALES REPORTED UP TO 1:30 P.M.)

CATTLE: ESTIMATED CATTLE RECEIPTS WERE 5,500, AS COMPARED WITH OFFICIAL COUNTS OF 9,354 LAST MONDAY AND 8,419 THIS DAY LAST YEAR, THE RATHER SEVERE DECLINES ADMINISTERED LAST WEEK BEING LARGELY RESPONSIBLE FOR THE LIGHT SHOWING TO-DAY. IN FACT, SOME OF THE LOCAL TALENT ADVANCED THE OPINION THAT RECEIPTS THIS WEEK WOULD BE MUCH LIGHTER THAN LAST AND, INCIDENTLY, TO-DAY'S ESTIMATE FOR TOMORROW SEEMS TO SUPPORT THAT PREDICTION. NOTWITHSTANDING THE MEAGER SUPPLY, TRADING RULED SLOW DURING THE LARGER PART OF THE SESSION, ALTHOUGH RATHER LATE SOME STEER SALES WERE BETTER THAN WAS AT FIRST EXPECTED. IN THE NATIVE DIVISION STEERS SOLD STEADY TO 25¢ HIGHER, MOSTLY STRONG TO HIGHER; WESTERN STEERS STEADY, WITH SPOTS STRONG; MIXED YEARLINGS AND HEIFERS AND BULLS STEADY; COWS AND LOW CUTTERS STEADY TO 25¢ HIGHER; GOOD AND CHOICE VEALERS 25 TO 50¢ HIGHER. THREE LOADS OF LONG FED, VERY FAT, BUT RATHER PLAIN QUALITY, 1466-LB. STEERS SCORED $16.00, WHICH MADE THE TOP FOR THE DAY, THIS PRICE BEING FOLLOWED BY $15.85 PAID FOR 1164-POUNDERS, WITH OTHERS AT $15.65 SCALING 1214-LBS. ONE SHORT LOAD OF 859-LB. YEARLINGS LANDED $15.50 AS TOP FOR THAT KIND. MOST OF THE OTHER NATIVE STEERS WENT FROM $11.75 TO $14.00, FEW IN THE AGGREGATE. THE WESTERN RUN COMPRISED 87 CARS AS AGAINST 122 LAST MONDAY. STEERS RANGED FROM $8.00 TO $12.50, SOME AT THE LATTER PRICE AVERAGING 1132-LBS. A GOOD MANY WESTERN STEERS BROUGHT $9.65 TO $11.75. FAT MIXED YEARLINGS AND HEIFERS RANGED FROM $12.50 TO $14.00, A SHORT LOAD OF 708-LB. MIXED STEERS AND HEIFERS BRINGING THE HIGHER FIGURE. MEDIUM FLESHED HEIFERS CLEARED FROM $10.00 TO $12.00. FEW COWS DID BETTER THAN $10.00, WHILE THE MAJORITY SCORED $7.75 TO $8.75, WHICH INCLUDED SOME WESTERNS AT $8.15. LOW CUTTERS RANGED FROM $5.25 TO $6.00, $5.50 AND $5.75 PAID FOR MANY. MEDIUM BULLS CASHED LARGELY AT $8.00 TO $8.50, THE OUTLET BEING NARROW FOR THE FIRST DAY OF THE WEEK. GOOD AND CHOICE VEALERS WENT, PRINCIPALLY ON SHIPPER ACCOUNT, TWO FIGURES, $14.25 AND $14.50, COVERING THE DEALS.

HOGS: THERE WAS NOTHING UNUSUAL ABOUT THE HOG MARKET TODAY, COMPARED WITH PAST PERFORMANCES OF THE PAST TWO WEEKS. THE EARLY MARKET WAS A MODERATELY ACTIVE AFFAIR TO SHIPPERS AND SMALL KILLERS, THESE INTERESTS PICKING AWAY AT THE SUPPLY OF LIGHT HOGS AT 10 TO 15¢ HIGHER PRICES THAN SATURDAY'S AVERAGE. A FEW LOADS OF BUTCHERS AVERAGING UP TO 235-LBS. ALSO FOUND AN OUTLET AT THE MAXIMUM ADVANCE, BUT SUCH SALES WERE LIMITED. AFTER EXISTING ORDERS HAD BEEN DISPOSED OF THE MARKET CAME TO A STANDSTILL WITH LARGE PACKER BUYERS STILL ON THE SIDELINES STUBBORNLY RESISTING THE ADVANCE. IT WAS WELL ALONG TOWARD THE NOON HOUR, AND NOT BEFORE PRICES HAD LOST PRACTICALLY ALL OF THE EARLY ADVANCE THAT THESE INTERESTS COULD BE INDUCED TO COMMENCE THEIR PURCHASES. ALTHOUGH MOST OF THE LIGHT MATERIAL SOLD EARLY, THE CLOSING MARKET WAS SLOW AND QUOTABLE STEADY TO STRONG WITH SATURDAY'S AVERAGE, OR ABOUT STEADY WITH FRIDAY'S CLOSE ON BUTCHER HOGS. STRONGWEIGHT PIGS 120 TO 130-LBS. WERE IN GOOD DEMAND AT 25 TO 50¢ HIGHER PRICES, BUT LIGHTER KINDS RULED UNEVENLY STEADY TO 25¢ HIGHER, AND WHERE THE WEIGHTS WERE UNDER 100-LBS. AND THE QUALITY SOMEWHAT UNDESIRABLE SALESMEN EXPERIENCED MORE OR LESS DIFFICULTY IN DISPOSING OF THEM AT ALL AT A SATISFACTORY FIGURE. PACKING SOWS WERE MOSTLY 15¢, SPOTS 25¢ HIGHER THAN SATURDAY. RECEIPTS WERE ESTIMATED AT 13,000, COMPARED WITH 17,339 LAST MONDAY, AND 11,355 LAST YEAR.

A SUBSTANTIAL TOP OF $12.10 DEVELOPED EARLY WITH MOST 160 TO 200-LB. AVERAGES GOING AT $12.00 TO $12.10, SOME 200 TO 230-LBS. $11.75 TO $12.00; 130 TO 150-LBS. $11.50 TO $12.00; 130-LBS. DOWN $10.50 TO $11.75; PACKING SOWS LARGELY $9.40 TO $9.50, FEW UP TO $9.65. THE LATE TRADE ON 220-LBS. DOWN WAS $11.75 TO $12.00, LATE TOP $12.00; 220 TO 240-LBS. $11.50 TO $11.75; 240 TO 260-LBS. $11.15 TO $11.50; SOME 260 TO 300-LBS. QUOTABLE DOWN TO $10.75. A PART LOAD AVERAGING OVER 300-LBS. WENT EARLY AT $11.00.

SHEEP: TODAY'S QUALITY OF FAT LAMBS WAS, AS USUAL ON MONDAYS, BELOW THE AVERAGE, AND WHEN THIS WAS TAKEN INTO CONSIDERATION VALUES ON THESE WERE FULLY STEADY TO STRONG AND, IN SPOTS, 25¢ HIGHER THAN LAST FRIDAY. OTHER CLASSES REMAINED UNCHANGED.

ESTIMATED RECEIPTS WERE POSTED AT 3,000, AS AGAINST ACTUAL RECEIPTS OF 2,974 LAST MONDAY, AND 2,707 THE SAME DAY A YEAR AGO.

SEVERAL DECKS OF GOOD LAMBS SOLD TO PACKERS AT $13.25, AND WHILE SALES WERE SO BROKEN UP THAT IT WAS NEARLY IMPOSSIBLE TO QUOTE A BULK, MOST OF THE DEALS SEEMED TO CENTER AT $12.75 TO $13.00, A FAIR SHOWING AT $12.50. CITY BUTCHERS PAID UP TO $13.50 FOR A LOT OR TWO OF CHOICE LAMBS, WHILE THROWOUTS BULKED AT $8.50. FAT EWES WENT FOR THE MOST PART AT $5.00 TO $6.00, CULLS DOWN TO $3.00 OR BELOW.

FROM THE SAME DAY A WEEK AGO, AND A DECREASE OF APPROXIMATELY 18,000 OVER THE TWO-
